

The God's Blessing Came upon Our Family after the Handkerchief Prayer Sheila Kavira Palia

I was only waiting for death with stomach cancer. It had recurred again and again so my body was in an extremely weak condition after 4 surgeries.

"How about going to Nairobi hospital and receiving surgery one last time?"

I hopped on a plane to Nairobi by myself. Elder Muhindo came to see me at the airport.

He recommended that I meet Bishop Dr. Myongho Cheong and receive his prayer prior to going to the hospital. At first, I couldn't accept it. But he confidently said that almighty God could heal any diseases even though it's impossible with human ability. He introduced healing works that happened in Nairobi Holiness Manmin Church.

I changed my mind and finally went to Nairobi Manmin Church. Meanwhile, Divine Healing Meeting was being held on that day. I was moved and filled with joy by the messages. The works of power manifested by Dr. Jaerock Lee all around the world were amazing. I was speechless to witness not only many souls gaining

new life but also various diseases including AIDS being healed; the raising of the dead; the blind coming to see and the mute speaking.

Bishop Dr. Myongho Cheong said to those who attended Divine Healing Meeting "After you repent from your heart of not loving God and obeying His word and receive the prayer, God will heal you." After Divine Healing Meeting, I met Dr. Myongho Cheong and asked for his counsel about my situation and

family problems.

I said to Him, "I have a stomach cancer and my husband's suffering from heart disease and his business and my daughter in Canada hasn't had a baby in 2 years and my son left home and didn't come back."

"First, you have to offer 3-day fasting and repent with your family," said he.

I told my daughter and my husband what I heard. After we offered 3-day fasting, we went to Bishop Dr. Myongho Cheong. He prayed for us with the handkerchief on which Dr. Jaerock Lee had prayed. First, he prayed laying handkerchief on my head and then he prayed upon my husband and the picture of my daughter and son. Since then, I found my health instead of dying from cancer and my husband is receiving blessing in his business along with the healing of his heart disease. My son came back home and accepted the Lord and my daughter in Canada got pregnant two months later. We received literally comprehensive blessings upon our family.

"Only by Receiving the Prayer through the Internet" Mercida Delgado Stone

I am Venezuelan and currently living in Huston, Texas in the USA. I came to know about Dr. Jaerock Lee in February 2007 from my sister who lived in Venezuela. She likes to listen to Dr. Jaerock Lee's sermon through Enlace TV (the largest Christian TV broadcasting in Central America) and she is receiving much grace through the Manmin Central Church website.

Each Saturday night, I attend the Sunday morning service through the Internet and I am being deeply touched by the Dr. Lee's sermons on the Manmin website. Hearing his messages is a big blessing to my life. In addition, many people are being healed and giving testimony by receiving prayer on the internet.

And I was healed of urinary incontinence and my husband and my mother received healing of their diseases as well.

August in 2008, my husband, Jack Louis Stone, had a heart problem that three of his heart veins were clogged. He was supposed to undergo a huge surgery that would transplant veins taken from the leg into his heart.

I urgently sent letter to Seoul to request Dr. Jaerock Lee's prayer. 3 days later, the test result showed that the clogged veins became normal. My husband and I were overjoyed. And also my mother who lives in Venezuela was healed of urinary incontinence when Dr. Lee prayed upon the picture that I sent.

Dr. Jaerock Lee is leading us to live a distinguished life in this world filled with sins and teaching us to live obedient and sanctified lives before God. As I read Dr. Lee's books a couple of times, I could understand more about God's plan in my life.

Now it's great joy and happiness to live a holy life before God and obey His word.

"I Was Cured of Social Phobia" Masaru Iitsuka

I had to live a dismal life in my youth having a social phobia from 16. I tried suicide two times when I was 19 and suffered from mental storms for 10 months. The year I turned 21, I accepted the Lord to depend on religion. I decided to dedicate my life and spent most of my time at the church. But I was continuously tormented by social phobia. I felt like I was dying when I spoke in front of people. I failed to overcome this by faith and left the church. Afterwards, I married and opened a video rental shop to make a living. But I felt more and more agonized and had to shut it down.

There was one thing that quenched my spiritual thirst. That was Japanese version of *Manmin News* sent from Ida Manmin Church. In February 2007, I called Ida Manmin Church and met Rev. Seungil Ryu. When he gave me a handkerchief prayer, I was overwhelmed by indescribably strong power and peace that came to my heart.

The next month, I established Hokota Manmin Church and attended worship service through GCN. And finally, last March I visited Manmin Central Church for the healing of social phobia. Visiting the crowded place itself was a surprising thing for me, and I felt powerful strength coming into my body when Dr. Lee said "Let me pray for the sick." At the moment I gained an assurance of my healing.

Previously, I was afraid of even dining with unfamiliar people. But, after receiving the prayer, I could comfortably talk and enjoy meals with others. This was a great miracle that happened to me. At last, I was healed of social phobia that had tormented me for 50 years. Hallelujah!

Thanksgiving and Commemoration of the Cross The Feast of the Harvest and Holy Communion

The celebration service of the Feast of the Harvest and the Holy Communion took place in the main sanctuary of Manmin Central Church on July 5th.

In his sermon titled 'Blessing' from Deuteronomy 28:1-6, given during the main morning service, Dr. Jaerock Lee hoped that members would give thanks for the spiritual blessing and for the material blessings in families, businesses and for the blessings that are to come upon the church.

During the evening service in his sermon also titled 'Blessing' he asked members not to forget about the grace of salvation which is the greatest blessing given to us.

During the celebration of the Holy Communion that followed the sermon, members had a period of time to reflect upon the cross and to renew the decision to accomplish the heart of the Lord and come forth as great fruits of blessing.

Column | Which Way Is More Effective?

It's well known fact that the compliment has a major positive impact. In the church we find two types of parents. When kids make noise during the worship service there are parents who scold them saying "God won't be pleased" and there are also parents who say "God will be pleased and reward you if you keep silent during the service."

In the first case, kids may get discouraged if they make mistakes and fail to obey their parents thinking "God will not love me anymore", but in the latter case, the kids will try to live within the word of God with joyful hearts. So, in the course of life which way would you choose?

Set a Guard over Your Mouth

“Set a guard, O LORD, over my mouth; keep watch over the door of my lips” (Psalm 141:3).

We delay our own answers and blessings because of the words that come out of our mouths. Some inappropriate words will break down the deeds of faith we have been storing up. I hope you will receive all the answers and blessings God has prepared for you by looking for the way to set a guard over your mouth in order to bear fruits from your lips.

1. You Will Receive the Answers and Blessings of God When You Don't Stumble in What You Say.

Even very good words may not be edifying or glorifying God if they are uncontrolled. Also, even if you speak with a good intention, the listener may not accept it as it was intended. James 3:2 says, “For we all stumble in many ways. If anyone does not stumble in what he says, he is a perfect man, able to bridle the whole body as well.” What should we do to become those who don't stumble in what is said so that we can receive the answers and blessings of God?

Matthew 15:18 says, “But the things that proceed out of the mouth come from the heart,” and Matthew 12:35 also says, “The good man brings out of his good treasure what is good; and the evil man brings out of his evil treasure what is evil.” Thus when you throw out every form of evil and fill your heart with truth and become a man of spirit and a man of whole spirit, you can always speak and act in goodness. If your heart is full of goodness, you don't need to set a guard over your mouth. But if you still have evil remaining in you, you should control the words by setting a guard over your mouth.

2. The Way to Setting a Guard over Your Mouth

1) You should not say a word that is not beneficial in every kind of situation. Telling a lie is not beneficial, and not only that, it is detrimental for both the speaker and the hearer. The hearer might face material or mental damage. It is a work of flesh to tell a lie, and it is a sin before God, too. Thus, you shouldn't tell even little lies to hide something or make excuses.

'Irrelevant answers' are words that have no benefit. They are useless and profit nothing. 'Irrelevant answers' are answers that have no relation to the question. In most cases, you give irrelevant answers because you don't focus on what the other person is saying but you listen with your own thoughts. You can reduce irrelevant answers just by listening to the other person attentively. Giving irrelevant answers is not a great sin, but often there are lies or words that put the blame on others contained in irrelevant answers. So you should change the habit of giving irrelevant answers.

Even jesting or some of the popular expressions of the world are also meaningless to believers. Jest is something said or done to elicit laughter. Those who joke and jest a lot cannot be taken seriously and such people don't appear to be trustworthy, so we find it

Senior Pastor Dr. Jaerock Lee

difficult to share secrets with them or give them important work. It is also difficult for those who enjoy jesting and telling jokes to go into spirit (Ephesians 5:4). In 'joking around' there are many exaggerations and things that are not really right. The trend of the world can be found in popular expressions of the world. When you use such expressions, you might also be influenced by the worldly fashions. Even though they don't contain bad meanings, it is better not to speak such words if you are really longing for New Jerusalem.

You should not say anything that is not beneficial and nothing that goes beyond acceptable limits. You should use positive words and professions of faith in every kind of situation.

In Matthew 12:36 Jesus said, “But I tell you that every careless word that people speak, they shall give an accounting for it in the day of judgment.” Of course, if you repent of it, speaking careless and meaningless words will be forgiven. The problem is that there are many careless words that you just say and then forget. Proverbs 10:19 also says, “When there are many words, transgression is unavoidable, but he who restrains his lips is wise.” You should be more careful not to say such meaningless words in any situation. I hope you will say beneficial words, words that give grace to and edify others, give glory to God, plant faith into others, and give life to others. Think before you say anything to determine whether or not what you say is beneficial for both you and the listener (Ephesians 4:29). I hope you will have only spiritual conversations that give grace, edify and plant faith each other.

2) You should not say anything that goes too far.

Going too far here means going beyond limits of position and standing. So, it is arrogant people who are likely to say things that go too far. Examples of words that go too far are words of passing judgment, condemnation and being critical of others.

Men who are mere creatures do not have any right to judge or condemn anybody. The right to judge and condemn solely belongs to God the Creator (James 4:11-12). If God's children complain and express

resentment, it is also 'going too far'. We would have fallen into eternal fire of Hell. But we are saved by God's grace and we can go into the beautiful heavenly kingdom now. But if we complain about our difficult environment and situations, or hold grudges against anybody, then it means we have forgotten the grace of salvation. Those who are humble and know their position and responsibilities will accept any work with thanks and obey.

When Virgin Mary heard from an angel she would conceive and give birth to a baby, she accepted it saying, “Behold, the bondservant of the Lord; may it be done to me according to your word” even in the situation if a single woman became pregnant she would be condemned and stoned. The Syrophenician woman whose daughter was set free from demon possession did not get disappointed, give up or get upset thinking she was insulted when Jesus compared this Gentile woman with a dog. She humbled herself completely before Jesus asking Him with unchanging faith and received an answer (Matthew 15:27).

3) You should use positive words and confession of faith in any situation.

Proverbs 18:21 says, “Death and life are in the power of the tongue, and those who love it will eat its fruit.” The more pessimistic words you speak, the more difficult the things will go. But with optimistic words of faith, even difficult things may turn out well. David did not see the reality or say anything negative when he fought against Goliath. He only looked up to the almighty God and went forward with a profession of faith (1 Samuel 17:45-47). God was pleased with the faith of David and allowed Israel to win the victory very easily in a battle with a single stone.

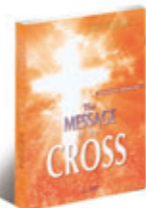

On the contrary, the ten among the twelve spies who scouted the land of Canaan faced miserable consequences from negative words. God promised the sons of Israel many times that He would give them the land flowing with milk and honey. But ten of those spies spoke pessimistically after spying out the land of Canaan (Numbers 13:32-33). This negative report soon influenced most of the people very much. But Joshua and Caleb made positive professions saying 'they will be our prey' (Numbers 14:7-9).

The more difficult situation you are facing, I hope, you will become more like Joshua and Caleb. If you are about to say something negative, you may even want to bite your tongue to keep from saying it. If you train yourself that way and always make positive professions, your heart and your environment will change.

Dear brothers and sisters in Christ, Proverbs 13:2 says, “From the fruit of a man's mouth he enjoys good.” I pray in the name of the Lord that you will be blessed children of God who set a guard over your mouth and enjoy good from fruits of your mouth.

Secrets to Drastic Increase in Sale

Obtained Selling Rights to Major Shopping Malls (CJ Shopping Mall, GS e-shop)

Even in the middle of global economic recession, God's blessing doesn't stop. Since the establishment in February, 2008, Moacos has been enjoying steady growth. Let us find out the secrets to blessing from the testimony of **Deacon Moonjin Kim** (2-10 Parish, 1-1 Men's Mission).

Throwing away greed and walking on the right path is the key to blessing.

“Moacos” means the blessing of Moses and Abraham. We are making exclusive contracts with several manufacturers and in charge of commodity planning, marketing and distributing to shopping malls. Ever since I made a business plan, I included monthly tithes and offerings for God in the expenses section.

At first, I was a little concerned thinking ‘Can I make it a success?’ but I made plans with a hopeful heart like a child making something to please his parents.

I wished that I could be of a little bit help for the kingdom of God.

I've always heard ‘God gives us blessing when we walk on the right path’ but to put that into action, I had to give up short-term profit and throw away greed thoroughly relying upon God. Even though I knew the way to avoid paying taxes, I paid the right amount of

Deacon Moonjin Kim (in the middle) with his staffs.

tax considering it an obligation as a citizen. And I kept sowing for the kingdom of God even when I had a little profit. Then God turned the impossible things into possible. Actually the business requires big financial support and personal networking to win in the fierce competition between other distributors.

Otherwise there are chances of falling into an irreversible situation. But God connected me to good people so I could easily make contacts with good companies. This was truly impossible without the help of God.

Keep praying and receive the wisdom from above.

As he started his business, many people advised him not to cease to pray. And he could throw away the anxiety about his business when he prayed to God. And he asked God for wisdom needed to run his business in prayer. Then God helped him come up with idea so that he could strike deals without difficulty.

At first, he prayed like “God, this company looks good to me. Please let me make a contract with this company.” But one day he heard this voice from inside “Do not make decisions on your own.” He obeyed this and depended on God. And he had this experience that he gained selling rights to products of a major pharmaceutical company after receiving Dr. Jaerock Lee's prayer.

He realized he could unexpectedly receive big blessings if he commits everything to God and prays. Since he treated each staff member with the love of the Lord, God sent good and faithful staff members. Looking back, he realizes that his wife's eager prayer also played a big part in this blessing.

“Now the traditional market is diminishing as the online market is increasingly growing. Thus, Moacos has great potential. This is only a beginning of blessings.”

As his confession, the great success of his business is expected.

Healed of Diabetes after Powerful Prayer

“You have diabetes. Normally, the blood sugar level is about 126mg%, but you are at 327-384mg%. What is worse, you have stomach and duodenal ulcer. The

From January 2008, I felt greatly so fatigued to the point that I couldn't lead a normal life and I lost desire to live. I suffered severely from indigestion and stomach aches. I felt pressure like someone was choking me from the back.

organs have been damaged due to the complications. You have to be hospitalized immediately.

I was so desperate. Usually, diabetes doesn't have noticeable symptoms until it becomes very serious as it was with my case. Eventually, I even had to quit working.

As a member of New Daegu Manmin Church I envied those who were healed of diseases by the power of God through Dr. Jaerock Lee's prayer. I so much wondered how they could receive the answers and I reflected on myself and tried to live by the word of God. And finally, I came to confess to others “I am enjoying a happy and peaceful life by believing in

Sungguk Kim (New Daegu Manmin Church)

God.”

When I decided to commit everything to God concerning the healing of diabetes and the complications from it, my family, Pastor Wansup Sim, and church members together prayed and fasted for me. .

In March, 2009 when I received the prayer from Dr. Jaerock Lee, strength was given to my body and I began to see clearly. From that point on, the blood sugar level stayed at normal level even after I ate as much as I wanted and the organs recovered as well. According to the medical checkup taken in May 2009, the blood sugar level was 101mg% and cholesterol level also turned out to be normal. Hallelujah!

“Dreaming of a Bright Future like a Fresh Green Tree”

Pureum Shin (President of the High School Mission, Junghwa Woman's High School) looks uniquely bright among her friends. During the 3 years of her high school, she has been appointed Class Leader and Vice-president. She is beloved by her teachers and classmates. Recently, she received a certificate of commendation from Dongdaemun District office, Seoul, Korea. But as far as Pureum is concerned, she is receiving far more love than ever expected.

“I don't know why my friends like me. I don't go to places like Karaoke or go to the movies with them.”

But there's something different about Pureum.

“Even to friends who once didn't like me, I tried to be nice and talk to them first, and I didn't speak ill of others. Then, my friends came to love and trust me.”

She just practiced the word of God, but to her classmates, she became recognized as considerate and trustworthy unlike other friends. Her friends sometimes ask “Why don't you ever say any bad words?” or “I've never heard you speak foul language.”

Pureum says she is more interested in God's

Pureum Shin (In the middle) Enjoying Happy Moments With Her Friends

plan toward her than her appearance and having a boyfriend. And now she is preparing herself with prayer to become an instrument used by God.
