

“God Is Really Alive!”

“ONCE GOD HAS SPOKEN; TWICE I HAVE HEARD THIS: THAT POWER BELONGS TO GOD.” (PSALM 62:11)

CANCERS

“I Was So Skinny like a Dead Body to the Point of 38kg”

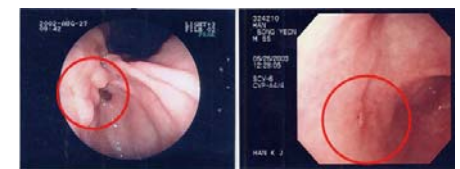

Deacon Bongyou Han

“In August of 2002, I was diagnosed with stomach cancer at the Chonbuk National University Hospital, and fell into despair and alcohols rather than struggling for life. My children heard about that, and hurriedly came to me and spread the gospel of the Lord. My heart was touched by their sincere heart and love for me, and attended the worship service of Manmin Central Church. I had no sooner walked into the main sanctuary than all pain disappeared.

In February of 2003, I felt something lumpy in my stomach and discharged a great amount of dark red blood. With the passing of time, my condition improved and the biopsy and endoscopy showed there was no more cancer cell remaining.”

EPILEPSY

“I Lost Consciousness because of Epilepsy, but I Got Up by Prayer Immediately”

Joel Ramos (Filipino)

“Since my childhood, I have suffered from epilepsy and cardiac arrhythmia accompanied with the increase of the pounding of the heart.

In September of 2001, I attended the 2001 Philippine United Crusade, and in the middle of the crusade, I lost consciousness and fell down. My body became stiffened like a dead person’s and was taken away before the Speaker Dr. Jaerock Lee, and he prayed for me.

As soon as he finished his prayer, I instantly came to sense and got up and walked.”

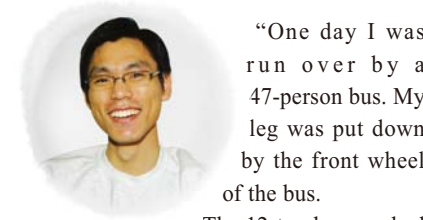

His whole body was stiffened, but got up and walked after the prayer.

TRAFFIC ACCIDENT

“My Leg Was Run Over by a 47-person Bus”

Deacon Heonbaik Choi

“One day I was run over by a 47-person bus. My leg was put down by the front wheel of the bus. The 12-ton bus crashed down my leg and I felt bone-breaking pain and lost consciousness. I was immediately taken away to Senior Pastor Dr. Jaerock Lee by the people who saw the accident and he prayed for me.

I felt like cool breeze was passing through my left leg, and the pain was gone. The bone that had been protruded from around the knee was restored, too. To my surprise, the evaluation showed that there was no damage in the bone but just scratch.”

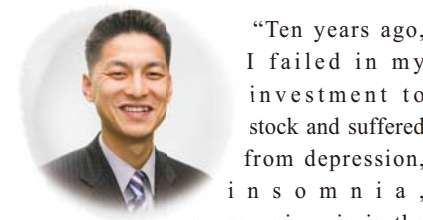

Shortly after the traffic accident he was taken away on a pallet to Dr. Jaerock Lee A 47-person bus left the trace of running over him on his trousers

DEPRESSION

“I Was Even Triggered to Commit Suicide due to Failure of My Investment to Stock and Depression”

Deacon Sesup Sim

“Ten years ago, I failed in my investment to stock and suffered from depression, i n s o m n i a , neurogenic pain in the abdomen, and Hwa-byung.

I felt it too difficult and painful to live day by day and gave up everything in my heart. After all, I was even triggered to commit suicide, but at that moment, I was reminded of my elder sister’s happy smile and joyful life in faith.

In December of 2002, I called her and was guided to Manmin Central Church by her. I attended the Friday All-night Service and received Dr. Jaerock Lee’s prayer for the sick during the service.

I felt my shoulders were unfolded open and my body became hot. Next day I found I had been healed of all my diseases and have been living a happy life.”

INFERTILITY

“We Came to Have a Baby in 7 Years after Marriage!”

Deacon Busam Kim

“After we got married, we have failed to have a baby for a few years.

My wife ate whatever food was said to be good for conception, took various herbal medicines, received medications at many gynecologic clinics, relied on artificial insemination, and made many other efforts.

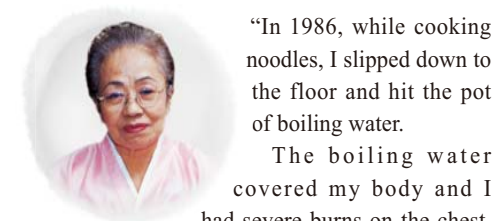

But everything was ineffective. Later I was guided to Manmin Central Church and began to live a believing life listening to the holiness gospel. As my faith grew up, I was healed of urolith, and then earnestly relied on and fervently prayed to God for the conception of a child. In January of 2007, I received the prayer from Dr. Jaerock Lee and it was not long before my wife became pregnant.

On November 21, a pretty daughter was born in the midst of joy and happiness of all family.”

BURN

“Dead Cells Were Revived and I Was Completely Healed of Severe Burn”

Senior Deaconess Euduk Kim

“In 1986, while cooking noodles, I slipped down to the floor and hit the pot of boiling water. The boiling water covered my body and I had severe burns on the chest, belly, arms and legs. My body looked like boiled meat and the pain was severe beyond description.

There was no hope for recovery even if I would be sent to the hospital. Senior Pastor Dr. Jaerock Lee ran toward me after hearing that incident and prayed for me, and then burning sensation disappeared. He prayed for me every day and dead nerves were revived and blood vessels were renewed. Scabs covered the skin like cracking barks and new flesh developed on the parts where scabs fell off. This process repeated a few times and I was completely recovered in 3 months even though it would seem impossible to be healed.”

The Grace of God

"But by the grace of God I am what I am, and His grace toward me did not prove vain; but I labored even more than all of them, yet not I, but the grace of God with me." (1 Corinthians 15:10)

The apostle Paul was born of a good family and well-educated, and after accepting Jesus Christ he wrote many epistles of the New Testament. He performed a great power of reviving the dead, but confessed, "By the grace of God I am what I am" rather than to boast of himself. In the same way, there is nothing that we can gain without the grace of God. Let's look into the three kinds of grace of God we have to remember and give thanks for all the time.

First is the grace of salvation.

We cannot thank God enough for this grace of salvation even though we thank Him with tears every single day. It is the grace that we will remember on this earth until the Lord comes back as well as in the heavenly kingdom. Romans 5:8 says, "But God demonstrates His own love toward us, in that while we were yet sinners, Christ died for us." We were stained by sins, but God forgave us with His love and gave us redemption. He gave us life while we were destined to die, and He made us His children. He gave us the hope

for the heavenly kingdom.

How much do you remember of your daily lives, and how much thanks do you give to God for this grace? In the special Easter performances every year, many of you weep seeing Jesus taking the cross. As the sound of the scourging is heard, you feel like your heart is torn apart. When you hear the sound of the nails being hammered into Jesus' hands and feet, you feel like those nails are piercing your hearts, and you say you can't even watch it. It is this kind of confession of thanks that should be in your heart not only on special occasions, but throughout the entire year. I urge you in the name of the Lord that you will be able to confess to God everyday saying, "I give my life to the Lord who saved me and to the Father who loves me."

Second is the grace that enables you to understand the Word and pray.

After we receive the grace of salvation, our faith has to grow. Our faith also has to grow up from the faith of a child to the faith of a young man, and to that of a father.

In order for our faith to grow up, we first have to realize our 'self' by the word of God. After we find out such things, we have to pray so we can receive the power to change ourselves according to the standards of God. We can live like children of God only when we understand the truth and change.

Today, there are so many people who say they believe in the Lord but cannot change themselves because they don't keep the Word and pray. They are same as before they accepted the Lord. They just live in sins just like worldly people. And yet, they do not even realize they shouldn't be living like that. They do not experience self realization, and even if they do, they don't have the strength to change, and thus they keep on living in sins. As they live like that, they suffer from tests and trials, and they face disasters just like unbelievers.

But in our church, you have an abundance of the Word of Life with which you can come to self-realization about yourself. You are taught very clearly about sin, righteousness, and judgment and you can understand even

the most delicate forms of untruths in you. Also, our church's fire of prayer is never put out. Even new believers can soon receive the power of prayer if they just follow onward as they are guided.

God the Father keeps on teaching you the truth, and He gives you the strength to cast off sins whenever you pray. Even though you sometimes choose the wrong way looking at the world, He has been patiently waiting for you to change. Now, I hope you will not hesitate between two choices but always choose the truth. That is the way to pay back the grace of God and also the way for you to find happiness.

Third is the grace that lets you long for New Jerusalem.

When you didn't know the truth and were living in sins, you couldn't even think of Heaven. But God still loved you and forgave you of all sins and evil in you. He taught you the truth through the Word, and gave you the strength to change through your prayers so you could look up to Heaven.

But what God really wants to give you is not just the

heavenly kingdom. He wants to give you the most beautiful place in Heaven, New Jerusalem. For this reason God gave you a lot of grace so you could long for New Jerusalem. Opening the spiritual eyes of many of you is one of those acts, giving you more hope. It was not just for you to see the spiritual realm. It was for you to really believe that there is a spiritual realm so you could cultivate sanctification of heart.

How much thanks do you give to God for that grace of letting you look up to such a glorious place? Do you increase that hope continually? I hope you will be filled with the hope of New Jerusalem every day. As said in Hebrews 11:1, "Now faith is the assurance of things hoped for, the conviction of things not seen." I pray in the name of the Lord that you will gain the hope of New Jerusalem in reality.

I hope you will more deeply feel God's grace of saving you, and the grace of letting you understand the truth and change yourself, and the grace of giving you New Jerusalem. I pray in the name of the Lord that, in doing so, you will overcome this world by considering all fleshly things as rubbish, and march on towards New Jerusalem.

The Power of God Heals Us of Our Infirmities

"THIS WAS TO FULFILL WHAT WAS SPOKEN THROUGH ISAIAH THE PROPHET: 'HE HIMSELF TOOK OUR INFIRMITIES AND CARRIED AWAY OUR DISEASES.'" (MATTHEW 8:17)

'Infirmities' are totally different from light diseases including cold or headache. They refer to the state in which we cannot perform normal physical action due to the failure, paralysis or degeneration of some parts of the body.

DERMATITIS

"My Daughter's Body Looked Terrible like Severe Burn due to Severe Impetigo"

Deacon Hyungsun Kim

"On July 13 of 2005, my 3-year-old daughter Yeji developed a blister on her leg. She scratched her leg and it began to cover all her body very fast. It worsened like severe burn. It was due to virus infection. My wife and I tried to stop Yeji from scratching, even watching her every night by turns. We even tied her hand with a plastic cord.

I felt so sorry and painful to see her hand tied with a cord. My wife and I were reminded of the teaching of Dr. Jaerock Lee that children's diseases are due to their parents' faults. We repented of having been in discord and not loved God more. And then we took her to Senior Pastor Dr. Jaerock Lee and received his prayer.

Yeji was recovered from impetigo by Dr. Jaerock Lee's prayer

Afterwards discharge stopped and scabs covered the body and new flesh developed. A little while later all scabs fell off and on August 4, Yeji was completely healed in 3 weeks."

LOSS OF THE SIGHT

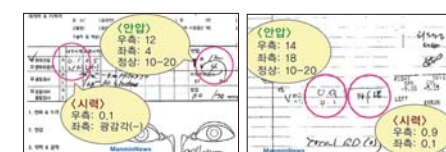

"I Lost the Sight in My Left Eye, but Now I Can See Again"

Brother Gunwui Park

"I received the operation on the cataract of the left eye at 3 in 1993, and suffered aftereffects including uveitis and complete detachment of the retina. This caused the contraction of the eyeball to happen. In 2006 I lost the sight on my left eye and have severe difficulties in the decrease of the sight on the right eye. In the July of 2007, when I received Dr. Jaerock Lee's prayer, lights entered into my left eye and I began to see objects again. The eyesight test showed that the eyesight had been recovered to 0.1 from the state in which I couldn't perceive the light, and the eyeball recovered to normal with the change of intraocular pressure from 4 to 18. The sight of the right eye improved from 0.1 to 0.9.

The result of intraocular pressure test and the eyesight test

The left eyesight recovered to 0.1 and intraocular pressure improved from 4 to 18

DISABILITIES

"I Threw Away My Wheelchair and Returned Home in Good Health"

Pastor Chen Tsen Man

"I suffered from polio at 2 and met with a traffic accident 14 years ago, so I had to rely on the wheelchair. In 2006, I came to read Dr. Jaerock Lee's books and watched '2006 New York Crusade with Dr. Jaerock Lee' DVD, and then was deeply touched.

I have longed for his life-filled message and his powerful prayer, and became assured of healing. At last in 2007 I visited Manmin Central Church and attended the monthly divine healing meeting conducted by Dr. Jaerock Lee.

When he prayed for the sick from the podium, I felt the shaking on my legs and saw bright lights flashing upon my body.

The pains on my legs disappeared and strength came upon the legs. After that I came to stand up from my wheelchair and walk properly without any help."

A Taiwanese pastor Chen Tsen Man used to rely on the wheelchair but came to walk freely due to divine healing

AIDS

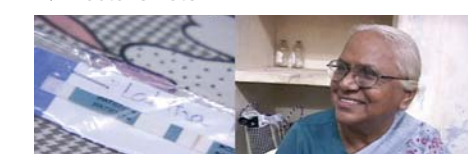

"Released from Severe Despair of AIDS"

Rallita

"My husband died in our early marriage, so I was searching for a job. One day I was forcefully taken away by some people related to human trafficking trade and was forced to live a life of prostitution. I could get away from there by the help of the police, but had to live in the midst of suffering and despair of AIDS. In October of 2002, I attended the second night of the 2002 India Miracle Healing Festival, and when the Speaker Dr. Jaerock Lee prayed for the sick, I received his prayer by faith. I felt like electricity were running through my whole body, and became assured of my healing. The medical checkup showed the negative of HIV test."

Doctor's note

"If the red bar appears on the left, it means the positive of HIV. But now it appears on the right and shows she is normal. I cannot deny the miracle of God. God is almighty."

Dr. Simon (Director of the clinical laboratory of C.S.I Kalyani Multi Speciality Hospital of India)

PERITONITIS

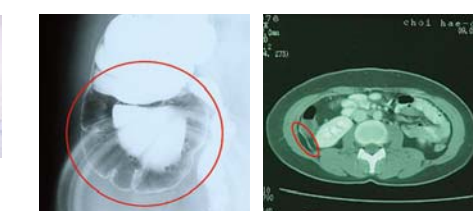

"I Was Rescued from the Threshold of Death"

Deaconess Haeok Choi

"On December 18, 2007, acute appendicitis occurred to me and it burst out and developed into peritonitis. My side became severely swollen and my kidney and liver were damaged. The doctor told me that I would die without the immediate surgical treatment. I trusted God, and endured severe pain by drinking Muan Sweet Water and receiving the prayer with the handkerchief of God's power.

Next day I felt like somebody were touching my lower abdomen, and the gas that had filled it came out and I felt my body became a little lighter. I discharged white urine as if poison was leaking out whenever I drank Muan Sweet Water, and I felt like flying in the air."

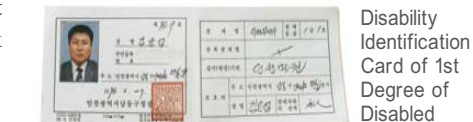

Intestines look clean and there is no symptom of appendicitis. There is the trace of severe inflammation but everything else is normal.

"I Was Healed of 1st Degree of Disability and Threw Away My Wheelchair and Crutches"

Deacon Yoonsup Kim

"In May of 1990, I fell to the ground from the fifth floor at the electricity working place and was diagnosed with the 1st degree of disability. I had to wear the brace for the spine and could not lie down on bed, so I had to sit up and sleep. In 1998 I attended the 6-week Special Divine Healing Meeting and by the prayer of Dr. Jaerock Lee I stood up from the wheelchair. In the May of next year, 1999, I also attended the 7th Two-week Special Revival Meeting, and when I received the prayer I threw away the crutches and came to walk properly. Now I can ride on a bicycle. I got married and have a daughter."

Disability Identification Card of 1st Degree of Disabled

He had to rely on the wheelchair always and sleep sitting up, but was completely healed and now can ride on a bicycle.
