ManminCentralChurch's Anniversary *28th*

NO. 204 OCTOBER 10, 2010

## The 5<sup>th</sup> GCN Anniversary Declaring a New Chapter in Broadcasting Media Ministry

A GCN transmitter is located in the tower of the Empire State Building in the New York City, USA. At the first transmission of GCN broadcasting signal through WEBR, Channel 17 in New York City on September 1, 2005, white and cross-shaped lights appeared on the sky over the building. Since its official launch in October of 2005, countless souls have been led to salvation.

GCN is dreaming of the second stage of the takeoff in celebration of the 5th anniversary. Early in the morning

on Saturday, October 9, the 5th GCN anniversary was celebrated by hundreds of overseas honored guests from 21 nations and all brothers and sisters of Manmin all over the world. The 5th GCN anniversary celebration was held with the title 'Glory' and featured a special video presentation spanning the 5-year ministry of GCN. It also consisted of varied celebration performances, on-screen congratulatory messages from overseas dignitaries and multi-lingual special songs. Everyone in attendance including Dr. Jaerock Lee gave glory and thanks to God for blessing the 5-year ministry of GCN.

When GCN was organized in May of 2004, nothing was in place to begin.

There was no financial support, no skilled experts or technicians, and no broadcasting equipment to begin its broadcasting ministry. But, through the prayer of faith in the almighty God and the love for the souls, in October of 2005, GCN was launched and for the last 5 years since its inauguration it has spearheaded in spreading the holiness gospel to every corner of the globe.

In celebration of its 5th anniversary and at the requests and warm acclamations from the viewers all over the world, new strategies of GCN are implemented. One is to expand its coverage to reach any area in any country and the other is the signal of GCN to be available via satellite 24 hours a day just with switching it on. We appreciate all the workers who have supported for the launch and growth of GCN and eagerly wish all partners and sponsors will pray for and send their loving concerns for GCN.

GCN (Global Christian Network) is the channel name of Manmin TV, and its coverage of GCN is as follows. Its signal reaches Asia, Africa, Europe, and Middle

East via NSS6, ABS1, and THAICOM5, and 92 cable TV channels; North America via WEBR Channel 17 and the GloryStar satellite; and Russia, Europe, Asia, North America and Israel via CNL TV, TBN-Russia, RBN Rodnoy, and YES Rodnoy.

In addition, GCN-producing programs are broadcast through Direct TV Ch378 (NRB Network), Alerta TV (Variety Zone Ch463), and Impact TV in USA, the Holy God TV, Alfa Omega TV, Love World TV, and Vision Heaven TV in Europe, JC TV and Isaac TV in Pakistan, and Arulvaku GCN and Rejoice TV in India. In Latin America, En Lace TV and its cooperative 3,000 cable TVs, JBN TV in Honduras, Ch 17 and Ch 67 in El Salvador and CristoVision TV in Costa Rica are broadcasting GCN programs to the whole Latin America. It is also broadcast via RTDV and RTAE in DR Congo and Family TV in Kenya. And in Canada a radio station is broadcasting GCN programming. It is expected the Great Commission of Jesus Christ will be fulfilled more actively through GCN.

It is no exaggeration to say that the history of Manmin has been by the works of prayer. The sources for the rapid revival and growth of Manmin Central Church until this 28th anniversary are the Spirit-filled messages, manifestations of God's power and fervent prayers.

Prayer is the breath of our spirit and the key to God's answers, and when we pray to God, we can receive the strength by which we are able to live by the Word of God. Jesus cried out in prayer until His sweat became like drops of blood falling down upon the ground. Following His example, Dr. Jaerock Lee, Senior Pastor of Manmin Central Church went up to mountains and cried out in prayer even in his early days of faith. He prayed, fasted and offered all night prayers so that he might completely fulfill the duty of a servant of the Lord

As soon as the church was founded in 1982, the church was set ablaze with the passion of prayers and church members followed the example of his prayer and enjoyed gathering at the temple of God and praying to God. By this fervent prayer, 77 days after its founding they offered the establishing service to God and began to accomplish rapid revival. The sanctuary of 33m<sup>2</sup> (356 ft<sup>2</sup>) has a couple of small prayer rooms, and there was a long line of people in front of the prayer rooms all the time. When they gathered in the sanctuary and prayed fervently, their heat of their prayer caused drops of water to form on the ceiling even in cold winter temperatures and then the drops of water fell to the ground. Not only adult members but also young men and students gathered to pray.

"I was a middle school student when Manmin Church was founded. I remember shortly after school I went to church along with my friends to pray as usual. We prayed for an hour that Manmin Church might accomplish world evangelization and the Students' Mission might be a partaker of that duty. If a new believer came, we knelt around him and, laying our hands on him, we would eagerly pray with love for an hour for him to be born of water and the Spirit." (Deacon Suntae Baik, 41)

In the January of 1985, the Prayer Devotees' Mission was organized to devote themselves to praying for the kingdom and righteousness of God. They gathered at the sanctuary and prayed from 10:30 until 12:00 in the morning and from 1 to 3 in the afternoon. They prayed twice every day from Monday through Friday, and attended Daniel Prayer Meeting every night. The number of prayer devotees is now 170. They have been praying for such topics as the church, the shepherd, national evangelization, world mission, construction of the sanctuary, and so on.

In October of 1985, Mrs. Boknim Lee, President of Manmin Prayer Center and church members began gathering at the sanctuary and praying every night. This was the beginning of Daniel Prayer Meeting. In the beginning they prayed 3 hours from

11 PM until 1 AM, but they recently pray from 9:00 PM until 11:40 PM. They have prayed for the nation (South Korea) and its people, construction of the sanctuary, and the vision of world evangelization. Now thousands of church members attend this Daniel Prayer Meeting every night and it is broadcast live to the world by GCN via satellites and the Internet.

"In the second half of 1990, we were offering 43-day vowed prayer to God for moving into a new sanctuary. We had a great expectation for it and I felt our burning passion for a new sanctuary ascended into heaven like a great stream of incense" (Senior Deaconess Bokrye Kim, 56)

After the Daniel Prayer Meeting, the Savory Dish Prayer Meeting is held from midnight until 1 AM for those who finish their work late. In addition, each district has Tuesday Prayer Meeting in the local areas where they live. Each mission and parish holds prayer meetings whenever necessary. This is how church members have a chance to experience the power of prayer offered in unity. These various prayer meetings and personal prayer have enabled all kinds of church events, big or small, to be held wonderfully for the glorification of God as well as for the church to overcome all kinds of trials with goodness and turn the trials into blessings.

"In 1992, Midnight Prayer Meeting was begun by members of Men's Mission who returned from work too late to participate in the Daniel Prayer Meeting. Later it was renamed 'Savory Dish Prayer Meeting.' We held fast to the biblical teachings telling us to pray fervently, earnestly and loudly. We prayed with sweat, even in winter, for the church and to receive the answer to our prayer." (Pastor Youngsuk Kim, 61)

Through the fervent prayers offered by all brothers and sisters of the church, Manmin Central Church has expanded its ministry—broadcasting ministry, book ministry, MIS (Manmin International Seminary), and WCDN (World Christian Doctors Network). They have led countless souls to the path of salvation, spread the holiness gospel to all corners of the earth and have shown many powerful works of God.

When Senior Pastor Dr. Jaerock Lee conducted crusades in Uganda, Japan, Pakistan, Kenya, the Philippines, Russia, Peru, Germany, DR Congo, and New York in the USA, and during his 3-year Israeli ministry from the July of 2007 until the September of 2009, church members moved the throne of God with their fervent prayers and all those special missionary tasks were successfully fulfilled by great works of God. The incense of their prayers they have stored since the founding of the church has caused their souls to prosper and allowed for them to succeed in everything they did. They enjoy good health and many members let their testimonies overflow in their homes, work places and businesses.

# The Holiness Gospel is the Foundation of Manmin Central Church

In preparation of the opening of the church, Pastor Jaerock Lee offered many vowed prayers and periods of fasting to God to receive interpretations of the 66 books of the Bible that were as exact as possible. Anyone can read the Bible, but not everyone can understand spiritual meanings embedded in it. The will and heart of God embedded in it can be understood only by the inspiration of the Holy Spirit. One of the most important factors in the fast growth of Manmin Central Church is the holiness gospel that gives life to the souls and allows for sanctification through God's Word. Sanctification is the will of God for us and holiness is the ultimate purpose for which Jesus shed His blood and redeemed us from our sins.

"Do not quench the Spirit. Do not despise prophecies. Test all things; hold fast what is good. Abstain from every form of evil. Now may the God of peace Himself sanctify you completely; and may your whole spirit, soul, and body be preserved blameless at the coming of our Lord Jesus Christ. He who calls you is faithful, who also will do it." (1 Thessalonians 5:19-24 NKJV)

Sanctification is power in the spiritual realm. We will be able to manifest greater works of the Holy Spirit to the extent we become sanctified. We are able to experience the spiritual realm that transcends the limitations of the physical world and always go the way of blessings. Those who become wholly sanctified can enter the City of New Jerusalem where the throne of God is located.

For the last 28 years, God has given us deeper levels of the holiness gospel for our spiritual growth and from 1993 through 2004, God led us to long for the spiritual realm and come forth as men of spirit and whole spirit by holding a Two-week Special Revival Meeting every year. Above all else, Senior Pastor Jaerock Lee has shown the flock a good example of practicing the Word of God and taught them to walk in the Light. As a result, many church members turned into 'grain-like believers' and are successful in everything they do, they enjoy good health and their souls prosper.

"Whenever I listened to Dr. Lee's messages, I felt spiritual life and strength, and the strength transformed my life. Meanwhile I was healed of insomnia." (Mrs. Janet Akinola, Writer of 'Marriage and Family: A Distinctive Union,' Wife of Mr. Joshua Akinola, chargé d'affaires of Nigerian Embassy to South Korea)

"I listened to hundreds of sermons preached by Dr. Jaerock Lee at the website of Manmin Central Church, and then I realized what a true pastor is." (Pastor Bungsoon Chang, New Hope Church, South Korea)

Dr. Jaerock Lee has done his very best to spread the holiness gospel through book and newspaper ministry and broadcasting

ministry in order to awaken countless souls all over the world. To this day he has written 60 books including *The Messages of the Cross, The Measure of Faith, Heaven I & II, Hell, and Spirit Soul and Body I & II*. Publishing in 24 languages has resulted in 114 editions of 22 books, and 30 books are now being translated into 47 languages.

"*The Message of the Cross* authored by Dr. Jaerock Lee is even easy for unbelievers to read. When I deliver the messages, I quote many teachings of the book, and it is used as a textbook for the Bible study." (Pastor Boonchoo, Thailand)

"While reading Dr. Jaerock Lee's testimonial memoirs *Tasting Eternal Life before Death*, I was so touched and shed tears of emotion. I was also blessed by his messages." (Dr. Jade F. Mundo, Under-Secretary of Minister of Department of Health in the Philippines)

"Dr. Lee's book *Hell* is telling us about the horror of Hell. Through this book, we can be led to the path of salvation and help others with salvation. I strongly recommend this book as a religious book." (From Amazon.com book reviews)

The first issue of *Manmin Newspaper* was printed on May 17, 1987 and as of 2010, it is translated and printed in 16 languages including English, Chinese, Japanese, Spanish, Russian, French and Portuguese. *Manmin Newspaper* is conveying Manmin's testimonies and ministry to the world.

"After reading *Manmin Newspaper*, I have proclaimed its teachings to my church members and this has helped me perform the ministry properly. It is my ministerial partner." (Pastor Tariq Zia, Pakistan)

In the April of 1990, Dr. Lee's sermons began being broadcast on radio to the whole nation of South Korea and also to the world by the Far East Broadcasting Corporation, Korea and many radio

stations in USA, Australia, Canada, New Zealand, and Sakhalin of Russia. In 2004, GCN was organized for the worldwide broadcasting ministry, and in 5 years after its launching, it has networked with 3,300 broadcasting stations in 176 nations, and is broadcasting the holiness gospel 24 hours a day.

"Through Dr. Jaerock Lee's sermon and prayer programming, many viewers not only in France but also in many countries in Europe have been receiving answers, healing and salvation." (Gerard Uthayakumar, President of the Holy God TV, France)

"I've learned many things from Dr. Jaerock Lee. His messages on forgiveness and faith impressed me with grace and emotion." (A viewer in New York)

The holiness gospel has played an important role in raising the church into a worldwide church with 9,000 branch and associative churches throughout the world. It has been attracting the attention of increasing numbers of people year after year, and many visitors' footprints remain there.

## 1 The Beginning of the Church (1980s)

The Founding Service of Manmin Church was held on July 25, 1982. The original members set the spiritual foundation of the ministry with many prayers and fasting before the founding and developed throughout the 80's. We came together and prayed in unity. As the shepherd-to-be I dedicated myself to the Word of God with prayers and fasting. The fire of prayer has never ceased since the church opened. Members prayed 5 or 6 hours a day. God answered prayers by providing all sacred things necessary for the sanctuary including the podium, a microphone, curtains, a piano, and an air-conditioner. God not only provided us with the sacred equipment and finances needed, but He also allowed for tremendous growth in a short period of time.

Thirteen people offered the founding service to God and the establishment service followed 77 days later with 100 people. The number of registered members continued to increase rapidly and passed 3,000 within 5 years of the founding. Our sanctuary was crowded with no chance for expansion. At that time God dramatically worked and arranged for us to move into a bigger sanctuary. The main source of such growth resulted from people meeting and experiencing God through the manifestation of God's power. Many people registered with the Church and became church workers and dedicated servants to the many church organizations such as Prayer Warriors' Mission, Volunteers' Mission, Choirs, Performing Arts Committee, Manmin Prayer Center, and Manmin Kindergarten.

During this same period God revealed and interpreted the Scriptures that helped the church lay the spiritual foundations and became the basis for sermons and books such as *The Message of the Cross*, *Heaven*, *The Revelation of John*, *The Book of Job*, *Spirit Soul and Body*, and *Difficult-to-Understand Verses*. The revelations were God's answer to me for 7 years of diligent prayer and fasting. These messages are still awakening countless souls all over the world.

God further set many signposts and visions for Manmin. God first gave me the name "Manmin" for the church, which incorporates the full meaning of 'the fulfillment of the evangelization of the nation and the world.' Secondly, He gave us the vision of the construction of the Grand Sanctuary. When we prayed in our first sanctuary of 33 m<sup>2</sup> (356 ft<sup>2</sup>), God showed 17 members visions of a great sanctuary given the name 'The Grand Sanctuary.' As my church was accompanied with signs and wonders and filled with spiritual messages we quickly experienced

great revivals. Many churches from the whole country requested me to lead revival meetings. And my sermons and testimonies were broadcast throughout the country via Christian radios.

## 2 Spiritual and Physical Growth of the Church (1990s)

A new era began with the trials of blessing in 1990. My church was in continuous growth in number and spirit. We magnified the name of God and the enemy devil didn't like it. The denomination we belonged to held a special General Assembly and some members of the assembly unreasonably and irrationally declared to deposition me from pastorship. Some attending pastors who witnessed it felt sorry and advised me, saying, "Your church's fast and great growth caused them to become jealous and act that way. So, if you say 'Yes' to whatever they tell you to do and follow it, everything will be OK." But I couldn't do that because I had the knowledge of the will of God and did not dare to compromise with unrighteousness. After this happened, I had to take on a burden that was immeasurable and nearly unbearable. The church and I suffered from severe difficulties, but we forgave the conspirators of their evil.

We treated everything in goodness and passed the trials. God repaid us with the founding of a new denomination that would be able to accomplish the kingdom of God in full measure, not in the name of a church, but in the name of a new denomination. Soon members of the Volunteers' Mission, Ushers' Mission, the Choirs, Nissi Orchestra and many other workers of the church were being invited to many domestic Christian and political events. The church and I spread the fragrance of Christ and we spearheaded national evangelization. We gained great favor from many people.

In 1993, Manmin Church was chosen as one of the world's top 50 churches by the *World Christian*

magazine in the USA. I also became renowned and was invited to lead pastors' seminars and crusades in L.A., Washington D.C., Baltimore, Hawaii, Japan, Argentina, and Tanzania. In Africa, a Manmin Mission Center was founded in Kenya to open the way to African ministry. In 1990s, we moved into new sanctuaries twice, and whenever we held two-week special revival meetings, revival continued and a large number of sick people were healed and glorified God. During some periods of revival, four to five hundred people registered with Manmin Central Church a week. It was recorded as a time of unaccounted explosive growth of the church in Korea.

God wanted the church to grow and change in spirit as well as in number. God really wanted each believer to come forth as a 'grain-like believer' through human cultivation. In the late 1990s, God allowed the church to go through three major trials that would separate the chaff from the wheat and also uproot the tare-like believers from among the wheat-like believers. After passing these three trials, I was given greater power by God. It was a mark of His love for me.

So that the church would be able to accomplish His providence, God caused the church to grow not only in number but also in spirit. When I saw the wicked on the path to death because of the severe evil they had caused toward me and this church, I felt the pain and mourned for them. Still no one in our church fought against them with evil for evil. Instead, we prayed for them and

repaid their evil with goodness. The fruit we came to bear after passing all these trials was beyond the imagination.

## 3 The Spreading of the Gospel to Every Corner of the Globe (2000s)

The miracle of turning the salty water of Muan into sweet water highlighted the year '2000'. In the aftermath of the trials, Manmin Central Church began to spread the holiness gospel and manifestations of God's power all over the world. In 2000 Manmin Central Church also kicked off the era of active world evangelization by holding the '2000 Uganda Holy Gospel Crusade' in which manifestations of God's powerful works took place. The three trials previously mentioned urged us on to spread the gospel to every corner of the

globe. We have since tried our best to evangelize both people and nations with the holiness gospel and demonstrate God's powerful works.

I conducted mega-size crusades in Uganda, Japan, Pakistan, Kenya, the Philippines, Honduras, India, Russia, Germany, Peru, Democratic Republic of Congo, and the United States. Tens of thousands, hundreds of thousands, and even millions of people gathered for the crusades. 'God the Creator is Alive' and 'Jesus Christ Is the Only Savior' were proclaimed. When I prayed for the sick after preaching, amazing power of the Holy Spirit was manifested. By the power of God countless people were healed. Evil spirits departed, darkness disappeared, and the dead were brought back to life. Idol-worshippers converted to Christianity. In 2007, by the fiery works of the Holy Spirit, the gospel of Jesus Christ began to be spread in Israel, 'the remotest part of the earth'. For 3 years after that, I traveled all over Israel and preached the gospel of Jesus Christ not only to Christians but also to non-believers in Christ.

In 2000s, the door to the broadcasting ministry

was opened wide. In the May of 2004, Manmin TV and seven other overseas broadcasters organized a worldwide Christian broadcasting network under the name of 'Global Christian Network.' On July 25, GCN TV experimentally broadcast its programming produced by Manmin TV on Channel 17, a publicly aired TV channel in New York City. In addition, World Christian Doctors Network (WCDN) and Manmin International Seminary (MIS) were organized and these two organizations have supported Manmin Church to accomplish world evangelization more actively. Dozens of books of the holiness gospel authored by Dr. Jaerock Lee have also contributed to the fulfillment of the world mission.

## 4 The Beginning of the Third Stage of the Takeoff (2010)

Manmin Central Church has tried her very best to evangelize the nation and the world. We have dedicated ourselves to seeking and accomplishing the kingdom and righteousness of God as commanded by the Lord. Everything was supervised in the plan of God who let us reap abundant blessings.

God blessed this year as 'The Year of Reaping' and 'The Beginning of the Third Stage of the

Takeoff.' God promised we would be reaping whatever we had sown and as promised, many church members received great blessing and gave testimonies. God wished for every single believer to prepare a vessel worthy to receive blessings and provided for them to measure their faith. He began giving each of those who had prepared their vessels blessings according to their preparation.

The reply was received by the church for the Canaan Sanctuary construction finances. God has often said the construction of the Canaan Sanctuary is the beginning of the construction of the Grand Sanctuary. God's plan for the Canaan Sanctuary is being fulfilled through the unceasing power of God manifested through this church. Countless works performed by His unlimited power have been making things possible that are impossible in reality. God opened the gateway to the spiritual spaces and displayed amazing miracles with His power. Now let me introduce a few examples of such unceasing power.

The world has recently suffered from various natural disasters and abnormal changes in the weather. Last May, the 7th International Christian Medical Conference, hosted by WCDN, was held in Rome, Italy. Shortly before it was to begin Icelandic volcanic ash caused wide-ranging restrictions on flights in the UK and many other European countries. When I prayed for the prayer request sent in faith by the Organizing Committee of the Conference, the ash from Icelandic volcano stopped and the Conference convened as planned.

In late May 2010, there was heavy rainfall in China. Many major rivers in China including the Yangtze, Yellow and Songhua Rivers were at dangerous flood levels. The Jialing, Han and Huai Rivers surged past warning levels. Jilin Province, where flooding first started in June, was one of the worst-hit regions in China due to rain and landslides. By July 20th a provincial record of over 1,000,000 people had been evacuated and more than four million were affected. There were 62,000 houses destroyed and 193,000 damaged.

The economic losses reached 45 billion yuan in the province. In this disaster, Huadian, a city in Jilin province in northern China was miraculously protected by God's intervention when I prayed according to the prayer request

sent from there by faith.

During the first week of August, we held the summer retreats in several areas in South Korea. The Weather Forecast Center of South Korea announced heat warnings for the week. God set apart these places for our summer retreats and allowed us to enjoy the 2010 summer retreat in the best and most comfortable weather. And He opened the gates to the spiritual spaces and swarms of dragonflies appeared through the gates, so that we could celebrate the summer retreat without any harm from mosquitoes. In latter August those who visited the Muan Sweet water site enjoyed clear skies in the clouds under the influence of a tropical storm. The 2010 summer retreat was also marked by the participation of hundreds of pastors, missionaries and brothers and sisters from overseas countries.

The limitation of the power of God is beyond measure, and the power moves even the hearts of unbelievers and world authorities. Now God is moving the heart of authorities and powers across the globe to materialize the construction of the Canaan Sanctuary and the Grand Sanctuary. In other words, God is manifesting His unlimited and almighty power in this end time of the ages which is full of chaos and imbued with sins and evils, so that the world, even including unbelievers, may acknowledge the existence of God. God is also engraving His mercy, forgiveness, and unfailing love onto the hearts of many souls. In brief, God is not only making the door to salvation for countless souls open wide, but He also refining and guiding His children to come forth as God's true children worthy to enter the City of New Jerusalem.

During the 28-year history of Manmin Central Church, we have met with joyful things sometimes and mournful things at other times. At any moment of the history, the faithful God never lost the joy that He had harbored and enjoyed at the founding of this church whether the church was in blessing or in trial. It was because God knew Manmin Church and I, even while in trials, would be overcoming any kind of trials and bearing many more fruits with the greater power given by God. God expected the believers of Manmin Central Church would be changing by the truth and coming forth as the grain-like believers so that they would be able to completely fulfill all God's plans established in providence for this church.

God has guided Manmin Central Church with His delicate touches. He will elevate the church to a higher level and fully accomplish His providence for the church. He will also carry out His plan for each and every believer as He promised in the Bible. It will not be long before He will fulfill all the providences, exult over us with joy, rejoice over us with shouts of joy and repay us with valuable rewards.

# Spreading the Gospel to the Remotest Part of the Earth with Unceasing Power

God gives a gift of love to His true children who have become sanctified and asked for it by faith, which is the power of God. In Psalm 62:11 it is declared, "Once God has spoken; twice I have heard this: that power belongs to God." Power belongs to God and the enemy devil cannot perform powerful works at all. God allows His power to be given to him He loves, and manifestations of God's powerful works through God-loving person leads innumerable souls to the path to salvation and glorification of God. As recorded in Acts 2:22, "Jesus the Nazarene, a man attested to you by God with miracles and wonders and signs which God performed through Him in your midst," during His public ministry Jesus manifested great miracles, wonders, and signs, and with them He confirmed He is the Son of God and the Savior, through which many people might believe in Him and reach salvation.

Since its founding, Manmin Central Church has been evangelizing the nation of South Korea and the world with continual manifestation of God's miracles and powerful works. In particular, amazingly powerful works of God were manifested at 12 overseas crusades Dr. Jaerock Lee conducted from 2000 until 2006. Countless people were led to the path to salvation. Even when those crusades were held in Islamic, Catholic and Hindu-dominant countries, the power of the Holy Spirit brought tens of thousands of, hundreds of thousands, and even millions of people to the crusades, and allowed for them to receive healing and convert to Christianity.

"It was amazing to see the blind coming to see, the deaf to hear and the mute to speak, and also biblical miracles happening on the spot. I have never seen such powerful works of God in my life." (Rev. Owen Roberts, Chairman of the Organizing Committee of 2002 India Miracle Healing Prayer Festival)

"Amazing power of God was manifested at the 2003 Russian Crusade, and the door to the gospel was opened wide in Russia beyond our imagination. Spiritual revolution took place so that the ministry of God became active in the unity of churches." (Rev. Igor Nikitin, President of Association of Christian Churches in Russia)

Dr. Jaerock Lee conducted his 3-year Israeli ministry from July of 2007 until September of 2009. Israel is the birthplace of the gospel. It is where Jesus was born in a human form, where He preached the gospel, and where He became the Christ and Savior through His crucifixion, resurrection and ascension into Heaven. But Israel is still awaiting the Messiah without acknowledging Jesus as the Messiah. For this Israel, Dr. Lee flew to Israel 12 times and travelled around the whole land of Israel for a period 3 years. In September of 2009, he conducted the 2009 International Multi-cultural Festival in ICC of Jerusalem, the heart of Israel, and he declared Jesus Christ is the Messiah and Savior. This festival was broadcast live to 220 nations through 33 satellite and cable television networks.

"At the 2009 International Multi-cultural Festival in Jerusalem, many Israelis were healed and received answers to their problems through the prayer Dr. Lee offered just from the podium. I was greatly shocked in spirit and touched in my heart. I can remember everything vividly." (Rev. Daniel Rozen, President of Crystal Forum)

When a person has received God's power, the level of manifestation of God's power depends on the measure of his unity with God. The first level of power scorches all kinds of diseases with the fire of the Holy Spirit, and is much higher than the gift of healing. The second level of power drives away forces of darkness and heals all kinds of mental diseases. Raising the dead or terminating someone's life according to the will of God is also the work of the second level of God's power as well. The third level of power performs all kinds of signs and works of creation. By a person with the fourth level of power, wonders of changing weather and aerial phenomena occur and nonliving creatures obey his command. With the higher level of power than the fourth level there is no limitation at all and any kind of works can happen beyond human imagination.

**Unceasing power:** Circular and unusual rainbows appear around the sun, many healing works take place through Muan sweet water that turned from the salty water of Muan seashore, and swarms of dragonflies that come out through spiritual spaces eat mosquitoes during summer retreat.

**Testimonies on the stage:** When Dr. Jaerock Lee prayed for the sick from the podium at the overseas crusades, innumerable people received healing and answer and testified to their healing.

**Extraordinary miracles:** As people were healed and released from evil spirits when the handkerchiefs and the aprons that were carried from the body of the apostle Paul were put on them, many people are receiving healing and answer and experiencing God's power through the handkerchief Dr. Jaerock Lee prays on.

# Filled with the Hope for Heaven through Beautiful Performance and Holy Songs

2010 Easter Celebration Performance

From that time of the founding of Manmin Central Church, the Performing Arts Committee was organized to offer the best and most beautiful praise to God. As of 2010, it has 5 choirs; the Nissi Orchestra, which is the first praise-specialized orchestra in Korea; and 33 performance teams including Hallelujah Praise Mission Team, Power Worship Team, Artistic Dance Mission Team, and Serem Korean Traditional Music Team, and 16 soloists.

As recorded in Isaiah 43:21, "The people whom I formed for Myself will declare My praise," God has formed people to receive glory through their praises. It is true that the kingdom of Heaven was filled with beautiful praises that many angels sang before God created the heavens and the earth. But, what God really wanted was the praises His beloved children would offer Him with their true hearts.

When Paul and Silas were spreading the gospel and were thrown into jail, they sang praises to God and it moved God to work for them. God caused the doors of the jail to open and the shackles to fall from Paul and Silas. When David played the lyre evil spirits left King Saul. When the kingdom of Judah was invaded, King Jehoshaphat sent out those who sang to God and those who praised Him in holy attire to meet the invading army singing praises to God. He won an overwhelming victory at this battle. When we offer God-pleasing praises, darkness departs from us and problems are resolved.

Since 2000, when Dr. Jaerock Lee began conducting crusades in overseas countries, the performance team of Manmin Central Church sang the praises in many local languages such as French, Japanese, German, Russian, Urdu, Arabic, and Hebrew. Their songs in exact pronunciation surprised the local people. They've also been invited to perform at many of the 'Handkerchief Healing Crusades' both at home and overseas. They always receive great accolades from the people in attendance. Their beautiful, pure, and powerful performances magnify the holy name of God and touch the hearts of many believers at the church events including the Christmas, Easter and New Year's Day Celebration Performances and the Church Anniversary Celebration Performances.

"I witnessed even more mysterious and spiritual performances than others I have covered. It was so powerful and a great masterpiece for the glorification of God." (Dan Wooding, Founder and International Director of Assist News Service)

"Until I saw this performance firsthand, if someone had told me this performance could be possibly performed, I would have answered it is absurd. I am so happy and very thankful to see and enjoy this wonderful performance for the glory of God." (Dr. Jenis av Rana, chairman of the Christian Centrist Party of the Faeroe Islands)

The Performing Arts Committee of Manmin Central Church is opening a new era of Christian performance with the songs that have been received through God's revelation. These songs began being given by God in April of 2009, and they have planted very touching emotions into the heart of the audience at each performance. The albums 'Manmin 1, 2 and 3' were released and album 'Manmin 4' is expected to be released soon. And the music score book of 80 songs was printed. The songs are being translated into several languages including English, Chinese, and Japanese for CD release and score publication.

The Performing Arts Committee is seeking and cultivating competent performer candidates who have been sanctified in their hearts and are equipped with good skills in various performing fields including singing and dancing. When we offer God praises with the goodness and beauty of sanctified hearts, God considers the praise to be the best and worthy of being received with joy. The Committee will try their best to improve the level of Christian performance and show heavenly performances that are worthy of great glory to God and through which even unbelievers in the world can be touched and open their hearts.

## Interview with Dr. Jaerock Lee

# Worldwide Ministry GCN Amidst God's Powerful Works and the Viewers' Love

Since its launch in 2005, GCN has grown very fast by the great works of God and the love of GCN viewers. We give all thanks and glory to God. GCN is presenting a signpost in opening the era of the 21st century's media mission. This issue of *Manmin News* is going to deal with special interviews with Dr. Jaerock Lee, Founder and Board Chairman of GCN, who has unsparingly supported GCN with love and prayers.

**Q:** With this 5th GCN anniversary, you seem to have special emotions. What is your impression of this 5th anniversary?

**Dr. Lee:** First of all, I'd like to give all thanks and glory to God the Father who has led GCN until this 5th anniversary. GCN is an international broadcasting network established to spread the gospel of the Lord to all peoples throughout the nations. The role of the broadcast-media ministry is so important in preaching the gospel to as many souls as possible. Through GCN programs, many souls have come to gain salvation and this fact brings the significance of broadcasting ministry to my mind. God told me to accomplish the broadcasting ministry in the end time of the world just shortly after opening the church. I can feel the will and providence of God in the broadcast ministry. I expect God's plans and providences will be fulfilled even more prosperously through GCN.

**Q:** GCN has broadcast many messages you have delivered to the world. Which message is the most memorable to you?

**Dr. Lee:** Every word of God is precious and to be remembered, but the most unforgettable is the message on the Seed of Life. When we are born, God sends into our heart the spirit harboring the seed of life in it. He plants the seed of life in the cell nucleus that is focal point of the body. When we accept Jesus Christ and receive the Holy Spirit, the seed of life sprouts. The seed of life's sprouting and growing depends on us. We have to devotionally endeavor to let the seed of life grow in our heart. Those believers who have tried their best to let the seed of life grow are bearing good fruits. Some members received blessing at their work places, and some others were healed of diseases. I wish for all of you to let the seed of life in you sprout and grow well so that you can come forth as a man of spirit and whole spirit and become filled with answers and blessings.

**Q:** GCN "The Power of God" has made great impressions on the viewers. Which of the programs do you think is the most impressive?

**A:** The GCN Travel Essay 'Letters from Rome in 2010' is dealt with in a two-session series. 'The 7th International Christian Medical Conference in Rome' hosted by WCDN drew the attention of many viewers. 'Dr. Jaerock Lee's Overseas Crusades' held in Africa, America, Europe and Asia, and the 3-year Israeli ministry and Israel united crusade with the theme '2009 International Multi-cultural Festival in Jerusalem' and many powerful testimonies of healing and life changes in Israel were filmed, compiled and broadcast during the weekly video presentation 'Manmin Magazine'. GCN also filmed 'This Is Your Day for a Miracle Conference' that was titled "Transformation". It was hosted by the Crystal Forum Association at ICC in Haifa

in commemoration of the 2009 Israel United Crusade. The panoramic manifestation of God's power and various proofs of His love for the souls will not cease taking place all over the world.

**Q:** The 2010's top news on the praise programs was Manmin songs. What do you think the most outstanding characteristics are?

**Dr. Lee:** Manmin songs are received through the gift of revelation of God. The songs have pure and beautiful melodies and lyrics that are never imbued with worldly trends at all, and such pure songs are to be found nowhere else in the world. These songs have the power to purify the souls. As we sing these songs repeatedly, we can feel our hearts become clean and brighter. I wish for many more people to sing and change by these Manmin songs having the power of God in them. I hope these songs will be translated into all the languages of the globe and sung by everyone.

**Q:** What do you think of Manmin's vision of making the world our parish through GCN ministry?

**Dr. Lee:** There are so many souls who are waiting for the gospel of salvation. There are also many places that the holiness gospel has not reached. We have to be equipped with various qualifications in order to cover the whole world with the holiness gospel. Increasing the areas of receiving GCN-transmitting signals that are continually providing the holiness gospel for a myriad of viewers all over the world is so important in making the world our parish. We will network many more broadcasters and communicators to spread the holiness gospel to every corner of the earth. I'd like to urge the viewers to pray for and watch GCN with loving concerns.

**Q:** In closing could you do us a favor and share a word of love with the GCN viewers?

**Dr. Lee:** There are a lot of people who say there are many TV channels to watch, but there very few programs that are worth watching. It's because this world is full of violence and lawlessness, evils are becoming more rampant and many seductive programs are readily available to watch. However, the GCN-produced programs are filled with the truth and the life so that anyone—old, young, men and women—can watch and enjoy them. GCN will continue to produce and broadcast a higher quality of Christian programs concerning prayer, the Word, the power of God, praise and testimonies of faith and they will cover the earth with these biblical and evangelical programs. I want to ask all brothers and sisters of Manmin to participate in this broadcasting ministry with more concern and warm love. In the name of our Lord Jesus Christ, I pray God the Father's love and grace be upon those who are walking with the Lord through GCN.
