

## “Estonia Is Being Filled with Fiery Works of the Holy Spirit”

Jose Morales (A businessman, Tallinn in Estonia)

My wife and I have dual nationality of Mexico and Estonia. We have lived in Estonia since 2003. It's my wife's mother land. We were looking for a church filled with the fullness of the Holy Spirit and His works, but it was never easy to find such a church. We prayed for giving us God's supernatural help and blessings. We began to long and wait for someone who would help us and pour the fullness of the Holy Spirit into us.

### Deciding to leave Estonia for the spiritual growth

I had attended many churches to find a church filled with the Holy Spirit, but none of the churches satisfied my need. I finally decided to leave for the U.S. because I was eager to meet men of goodness and good Christian families. Even more so, I wanted to bring revival to Estonian churches with the support of numerous Christians in the U.S.

Last summer, however, I came to meet Samuel S. Kim and his fellow workers from Manmin Central Church. I felt excited and hugged him because his name was the same as my son's and I was told that he was a born-again Christian. I heard that they were members of the organizing committee preparing for 2010 Estonia Miracle Healing Crusade with Dr. Jaerock Lee which would be held on October 30 and 31, 2010. I believed that this was God's answer to our 7-year prayer, and we were overwhelmed with joy. At that time, they asked me where they could stay while preparing for the crusade. I let them stay in an apartment which had been on the rental housing market.

### Moved by the holiness gospel that the mission team from Manmin Central Church spread

The mission team and I started having prayer meetings in my house every morning. Even though it was not easy to have and receive visitors every day for 3 hours, I felt blessed and pleased when I was with them. I felt like I was in Heaven while I saw them behave in such a holy and graceful manner. They were God's gifts to help my family members become sanctified.

We have listened to sermons delivered by many famous pastors through programs on TBN and God's TV, but Dr. Jaerock Lee's messages were unlike any other. The messages

were perfect, deep and holy. The holiness gospel was so powerful and very sincere. It also let me understand the providence of God the Creator well.

### Experiencing the amazing power of God during Estonia Miracle Healing Crusade 2010

We could feel the presence of God when my family met Dr. Jaerock Lee in person a few days before the crusade. My mother-in-law had pain in her heel, but her pain disappeared at the time. Sister Milbi, who prayed with us every day, experienced the works of her poor hearing being restored to normal. She had previously received the gift of vision, so she often saw various things in her visions when praying for someone. One day, during the prayer meeting, she became filled with the Holy Spirit and told us that "There is a tree of the shape of Dr. Jaerock Lee. It is so tall that it reaches the sky and so wide that it covers all the nations, and there are numerous angels and the Lord around it."

At last he came to Estonia and led a 2-day Estonian Crusade. Even though he prayed for the sick from the podium, I clearly saw the lame walk from wheelchairs, and those with poor eyesight being recovered to normal. It was awesome to see people healed of various kinds of diseases.

Furthermore, he taught us about

Heaven. We have been praying with the wise messages day and night. We could feel that the books had been written through the inspiration of the Holy Spirit. We attend Sunday Evening Worship Service of Manmin Central Church at 8 every Sunday morning through live-broadcast.

Since the Estonia Crusade, I have had 6 prayer meetings together with around 100 people from various areas and even an island. In the meeting, the works of healing and marvelous things have taken place. Especially, the 6th prayer meeting that was held in the place where Estonia Crusade had been held. A sister saw a sign that golden lights came down to us and her hands even looked like golden paper. Everyone there was so delighted. This prayer meeting was led by a Norwegian pastor named 'Thorbjom.'

Estonia has changed. The fire of the Holy Spirit is blazing. Members of the prayer meeting organized the 'Global Christian Community' which is acknowledged as a legal and formal group and works for the world mission and some Christian events. They established an association The Burning Bush as well. They are teaching people about Jesus Christ. We will cooperate with Pastor Mart Vahira who is serving rehabilitation centers in Estonia and through this ministry many people who are slaves of sins and addicted to alcohol, drugs, or sexual relationships will escape from the sins and come back to the Lord. We will keep organizing such meetings, establishing a firm foothold of such groups, and achieve Estonian church revival.

We give all thanks and glory to God who sent the mission team of Manmin Central Church and let Estonia be set ablaze with the fire of the Holy Spirit.

properly using the right name of our Lord Jesus Christ.

I have never heard about the difference between using the name 'Jesus' and the name 'Jesus Christ'. It was so impressive and special, because 'Jesus' is a very commonly used name in Latin America.

It was reasonable to pray in the name of 'Jesus Christ' because "Jesus" had been the name before He was crucified (Matthew 1:21). I am shedding tears even writing this by the fullness of the Holy Spirit.

### Through the ministries of books and broadcasting, Estonia becomes filled with the Holy Spirit

We are trying hard to resemble the Lord by reading the books authored by Dr. Jaerock Lee such as The Message of the Cross, My Life My Faith, and

NO. 223 FEBRUARY 27, 2011

## “This Church Was Much More Amazing Than Expected!”

Russian and Estonian Pastors Paid a Visit to Manmin Central Church and Experienced its Ministry.

Pastor Sergey (Left) and Pastor Grigori (Middle) are on a talk show 'Christian Today' of Manmin TV. Pastor Sergey witnessed the amazing power of God in the '2003 Russia Miracle Healing Crusade'. (Left and the top of the picture) He said that "This church has many characteristics similar to my church like giving praise to God with various kinds of musical instruments and speaking in tongues during prayer, so I feel united with this church." Pastor Grigori longs for the spiritual teachings in Manmin Central Church. He and his family registered last August and provided support for our church to hold the '2010 Estonia Miracle Healing Crusade' with Dr. Jaerock Lee. (Left below)

Foreign pastors paid a visit to Manmin Central Church at the beginning of the year in order to learn the keys to reviving the church from Rev. Dr. Jaerock Lee and receive his prayer of blessings so that they conduct successful missionary works in 2011. On February 3, 2011 Pastor Vladimir Osipov, Chairman, the United Holiness Church of Jesus Christ, Russia, Pastor Sergey Stagneev (Bread of Life Church), and Estonian Pastor Grigori Kolessov (Source of Truth Church) visited the church and stayed for 8 days.

On February 6, they attended both the Sunday Morning Service and Sunday Evening Service of Manmin Central Church. They met with Dr. Lee afterward and then received his prayer. The next day, they visited the Muan Sweet Water Site where the miracle of salty seawater being changed into sweet water took place. On February 8, they attended the Tuesday District Prayer Meeting and visited the Editorial Bureau which is in charge of the literary media ministries of books and newspapers.

The following day, on February 9, they talked about their ministries and vision on 'Christian Today', a talk show of Manmin TV, and

then that evening they prayed in the Daniel Prayer Meeting. Pastor Grigori said, "Since 2010 Estonia Miracle Healing Crusade, my church members and I have received great blessings in spirit and flesh by reading the books authored by Dr. Lee." He added that he wants to spread the holiness gospel in Europe as well as in Estonia by using the literary media such as books and newspapers. Pastor Vladimir is training missionaries who will preach the gospel of holiness to Russian-speaking people all around the world. Last year he also visited, learned about Dr. Lee's ministries, and received his prayer as well.

They were very impressed by the members of Manmin Central Church because the church is similar to Early Churches. By seeing the church firsthand, they came up with great ideas for their ministries. "I saw elders bow to brothers and sisters at the entrance of the church. This church is filled with love of the Lord. I would like to follow this church's example", said Pastor Sergey. Pastor Grigori said, "I attended a District Prayer Meeting and I could feel the district leader's love for souls."

In addition to these guests, many pastors from various countries such as the U.S., Israel, Belgium, Kazakhstan, Peru, DR Congo and Japan have visited Manmin Central Church to learn about the ministries of Manmin. They came to know about the church through overseas crusades, the broadcasting of the Global Christian Network (GCN), books, Manmin News, and the World Christian Doctors Network (WCDN). They then traveled all the way to Korea with longing hearts to take a closer look at Manmin's ministries and personally experience the ministries. Through their visit they were reinforced in their convictions that nothing is impossible as long as God is with them. Now, in just a short period of time, they are experiencing great revival in their churches.

Foreign pastors will continue to visit Manmin Central Church. This is because the gospel of holiness is showing us the way to live in God's will and the power of God. It is allowing for testimony of the authenticity of the Bible. These things are crucial for world evangelism and accomplishing the Lord's Great Commission.

On visit to Muan Sweet Water Site, a circular rainbow appeared.

Pastor Vladimir Osipov is talking to MMTC trainees about the vision missionaries should harbor.

# Explosive Power of the Holy Spirit

“Truly, truly, I say to you, he who believes in Me, the works that I do, he will do also; and greater works than these he will do; because I go to the Father.” (John 14:12)

This year it is expected that, through the Holy Spirit, God will perform explosive works of the power that will lead countless souls to attain salvation. Through such explosive power, God’s providence and plans for the last days of the world will be manifested and fulfilled and His glory will be decisively revealed. Let’s take a look at what has been accomplished up to now.

### 1. “The works that I do, he will do also; and greater works than these he will do”

During His public ministry Jesus performed many signs and wonders and those miracles attested to the truth that He is the Son of God who came down to the earth as the Savior for mankind. He promised the children of God that they would be able to manifest signs and wonders by faith, and showed such wonders and signs as a sampling of the manifestations of God’s power.

Because the Lord Jesus performed those samples of God’s powerful works for us and promised us in Mark 16:17 and John 14:12, “These signs will accompany those who have believed,” and “Truly, truly, I say to you, he who believes in Me, the works that I do, he will do also; and greater works than these he will do,” we can also manifest those miraculous signs hundreds, thousands, or millions of times in faith by the works of the Holy Spirit.

In early days of the church, many wonders and signs took place through the apostles of the Lord. Amazing miracles were performed through the apostle Peter, who dedicated himself to spreading the gospel to the Jews; the apostle Paul, who preached the gospel among the Gentiles until his death; and Deacons Philip and Stephen who were appointed as chief workers in the early church.

In this end of the ages that we are living, people say the earth is being populated with a third of the entire population that has existed during the 6,000-year history of human cultivation. It’s a great pity that the world is becoming imbued with more sins and greater evils and many more souls are running toward eternal death even though the Day of the Great Judgment is drawing closer. Jesus prophesied in Luke 18:8, “However, when the Son of Man comes, will He find faith on the earth?” It’s not easy to possess the faith that is worthy of receiving salvation in this

Senior Pastor Dr. Jaerock Lee

sinful age. Nonetheless, God never gives up on this generation and eagerly desires to save just one more soul. So He has prepared everything for the explosive power of the Holy Spirit to be displayed.

### 2. How will the power of the Holy Spirit be explosively manifested?

The ‘explosive power of the Holy Spirit’ refers to ‘amazing works that make anyone acknowledge those works have not been performed with might of men, but only with the power of God.’ When those amazing works are manifested, anyone who has the slightest bit of goodness in his heart will have to acknowledge by saying, “God is really alive! God has done it!” A person will not be able to doubt even if he tried, nor will he be able to deny it even if he tried.

God has allowed for there to be many levels of spiritual training for the last a few years in order that this explosive power of the Holy Spirit might continually take place in the last days in this church. The last level of spiritual training was accomplished in 2010. It was the training of adjusting to the four different spiritual spaces, from the physical space where we live to the fourth dimension, the original space of God the Father.

Manifestations of the explosive power of the Holy Spirit require the church to meet various conditions comprehensively. As the level of the manifestations of God’s powerful works increases,

the church’s financial blessing will have to increase exceedingly, church workers’ abilities be improved remarkably, and the believers’ faith grow up fast. Such a great amount of financial blessing is closely bound up with world situations and domestic economy.

For the manifestations of the explosive power of the Holy Spirit to be made possible requires the fulfillment of the many comprehensive conditions: secure financial support and the world-networking organization for making the world our parish and global broadcasting ministry of GCN. To fulfill those goals we will need many more workers who are qualified and able to accomplish them.

In addition, it is very crucial how the believers in the church who have experienced various powerful works of the Holy Spirit play their roles in the flow of the spirit. The believers who have true faith are the core fruits borne in the midst of the powerful works of the Holy Spirit and through the gospel of holiness.

During the spiritual training of adjustment to spiritual spaces of different dimensions, the hearts of the believers have been purified and their measures of faith have been restored to the level God wants. They have also cultivated spiritual love in their hearts and become united in Christ like the believers in the early churches. And many of these believers are coming forth as capable and reliable workers.

Dear brothers and sisters in Christ, When the explosive works of the power of the Holy Spirit are displayed, we can fulfill the providence and plan of God He preplanned for the end time of the world. In other words, we will be able not only to construct the Canaan Sanctuary and the Grand Sanctuary but to evangelize the whole world with the fivefold gospel of holiness as well. Then the great glory of God the LORD will be revealed as prophesied in Habakkuk 2:14, “For the earth will be filled with the knowledge of the glory of the LORD, as the waters cover the sea.” May many of you participate in the fulfillment of the providence of God through fervent intercession in prayer and be greatly rewarded in glory in the future, in the name of the Lord Jesus Christ I pray!

# God’s Perfect Design! Revealed through the Capacity and Safety of Noah’s Ark

Noah made the Ark in accordance with God’s command 4,500 years ago. God taught him how to make it in detail and Noah obeyed Him. After Noah’s family and every living thing entered the Ark, it started to rain. They lived in the Ark for 382 days. It had to be able to withstand the flood that came upon the earth for 40 days. Let’s reflect upon the love of God and spiritual meaning embedded in the Noah’s Ark by looking into its size and safety.

God taught Noah the way of constructing the Ark and the size specifically as recorded in Genesis 6:14-16. “Make for yourself an ark of gopher wood; you shall make the ark with rooms, and shall cover it inside and out with pitch. This is how you shall make it: the length of the ark three hundred cubits, its breadth fifty cubits, and its height thirty cubits. You shall make a window for the ark, and finish it to a cubit from the top; and set the door of the ark in the side of it; you shall make it with lower, second, and third decks.”

A cubit is the unit of length, the length from the elbow to the end of the fingers of an average adult. There have been various cubits depending on generations and people who used the unit. However, one cubit is approximately between 46cm and 56cm in length when changing into the metric system we are using today.

If a cubit is 46cm, the length of the Ark is 138m, its breadth 23m, and its height 14m. If a cubit is 53cm, the length of the ark is 160m, its width 27m, and its height 16m. The length is as long as one and one-half soccer fields and its width 20 times wider than a basketball court. Its capacity is the same as that of 568 standard compartments of a train. This 14 thousand-ton-ship is

big enough to accommodate 125,280 lambs.

### The Scientific Experiment Proved the Outstanding Safety of the Ark

Noah’s Ark has been shown to be very safe in terms of the ratios throughout its design and its structure. It was designed to regain balance quickly in heavy seas. The U.S. government has designed and manufactured a warship according to the design Noah’s Ark had adopted. It has been considered to be the strongest and most stable warship among ships which have been constructed. It tells us how strong and sturdy Noah’s Ark was.

A Korean maritime technology research center took a marine engineering approach to Noah’s Ark and performed a few experiments. They made a one-fiftieth sized miniature model of Noah’s Ark as recorded in the Bible. They conducted a few scientific experiments which have the Ark exposed to diverse environments by controlling speed and intensity of tidal currents, waves, and wind. As a result, it proved that Noah’s Ark had had a more substantive safety system than any other vessels which have been made with highly advanced maritime engineering technologies. Such evidence of the Ark’s safety is a proof that supports the authenticity of the Bible.

### Noah’s Ark Was Built in Accordance with God’s Perfect Design

Noah’s ark had to stand the severe environments imposed by heavy rain for 40 days and nights. It also protected Noah, his family members, and numerous kinds of living things for 382 days. God knew proper structure, symmetric ratio, and material of the Ark. God told Noah, who was a righteous man of his time, how he would design it. He told him clearly and in detail. Noah obeyed what God told him to do.

Noah’s technical skill was still necessary to make the Ark. Genesis 4 indicates that Tubal-cain, who was the fifth generation from Cain, was able to forge all implements of bronze and iron. At that time, there

were more advanced technologies and civilization that are beyond what people think. Let’s look into the period while Noah lived in the ark.

From the time when the flood came upon the earth to the time when Noah went out from the ark, it was a year and 10 days. That’s because they had stayed for 57 days more in the Ark from the time they came to know that the water was dried up from the earth and they entered into the ark 7 days before the water of flood started to come upon the earth. Therefore, Noah lived in the ark for a year and 17 days, which is 382 days.

### Spiritual Messages Embedded in Noah’s Ark

The Bible tells us that the last days will be just like the days of Noah as recorded in Matthew 24:37-39. “For the coming of the Son of Man will be just like the days of Noah. For as in those days before the flood they were eating and drinking, marrying and giving in marriage, until the day that Noah entered the ark, and they did not understand until the flood came and took them all away; so will the coming of the Son of Man be.”

Noah’s Ark is a means of the salvation. By entering into the Ark and living there, Noah and his family were saved from the judgment of flood. As salvation is gained through the faith in the Word of the Christ, the Ark that led them to salvation refers to the Word of God that is the way of salvation. Those who live in the Word of God and put it into practice will come forth not to a resurrection of judgment, but to a resurrection of life and have eternal life. Today, God is looking for righteous men who will make the ark of salvation by completely obeying God’s will like Noah did. This is because there should be righteous men like Noah in the churches established in the name of the Lord for the churches to play a role as the ark of salvation. We hope that all churches around the world will become churches that obey God’s Word, keep alert in prayer, and manifest works of God.

**Window**

“You shall make a window for the ark, and finish it to a cubit from the top; and set the door of the ark in the side of it”

It tells us that we have to open the window of our hearts to the world. In other words, we should be the light and salt of the world.

**Ark**

“This is how you shall make it: the length of the ark three hundred cubits, its breadth fifty cubits, and its height thirty cubits”

The ark represents the Word of God in the spiritual sense. Only one who lives His Word and puts it into practice will come forth to not a resurrection of judgment, but a resurrection of life and have eternal life.

**Gopher Wood**

“Make for yourself an ark of gopher wood”

In your Christian life, you have to be strong and upright like gopher wood. That is, you should have an unchanging and upright heart, and then you can safely reach Heaven.

**Three-floor Deck**

“You shall make it with lower, second, and third decks”

It means that we should always have God the Trinity dwell in our hearts, and that the providence of human cultivation will be fulfilled on the earth throughout the generation of God, the Lord, and the Holy Spirit.

**• Size of Ark**

I cubit	46cm	53cm
Length	138m	160m
Breadth	23m	27m
Height	14m	16m

**Pitch**

“and shall cover it inside and out with pitch.”

God had Noah cover the ark with pitch for water not to come into it. It shows that even though we live in the world, we should not accept the ‘water of the world’ entering into our salvation.
