The Church Accomplishes the Providence for the End Time with Love and Power!

Congratulations on Manmin Central Church's 32nd Anniversary! For the last 32 years, the Manmin has achieved the heart of the Lord, loved one another, experienced the living God through the manifestations of signs, wonders, and power, and delivered the grace and love of God to the whole world. They will keep seeking God's glory and fulfill the duty of the construction of Canaan Sanctuary and Grand Sanctuary in the guidance of the Holy Spirit (See more on pages 4 and 5).

Senior Pastor of Manmin Central Church

Dr. Jaerock Lee

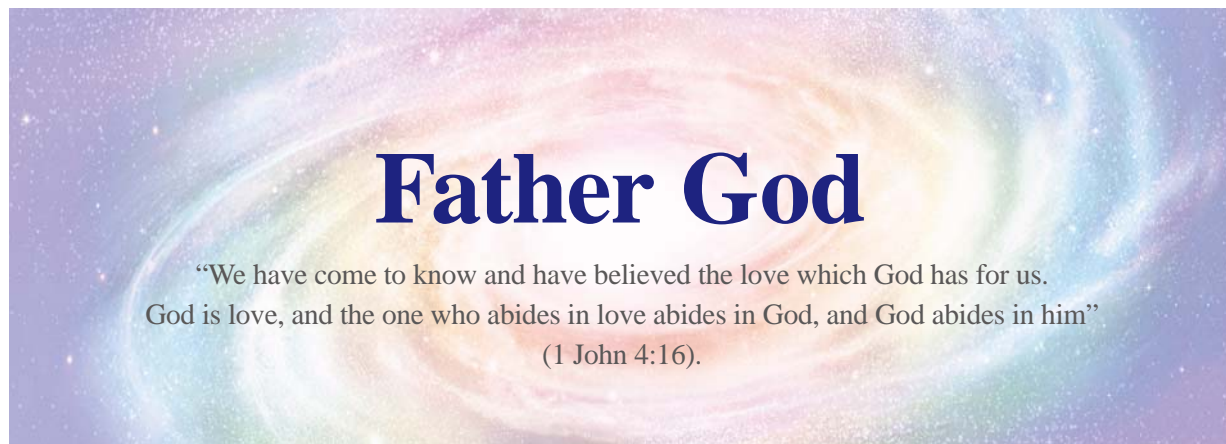

He is God's servant of love and power who has awakened people of all nations by spreading the core of the gospel following the example set by the Lord in manifesting the fiery works of the Holy Spirit.

He opened Manmin Central Church with only 9 adults and 4 children in 1982. Through the works of the Holy Spirit the church has grown to become a mega-sized church with approximately 10,000 branch and associative churches worldwide. Just as Jesus preached and confirmed the word by the signs that followed His teaching, Dr. Jaerock Lee has confirmed that the Bible is the truth by showing the power of God.

He has conducted many overseas crusades such as in Uganda, Japan, Pakistan, Kenya, the Philippines, Honduras, India, Russia, Germany, Peru, DR Congo, the U.S., and Estonia since 2000 and showed God's powerful works. Among them, Uganda Crusade was reported by CNN.

He also preached in Jerusalem at the Israel United Crusade 2009. He proclaimed Jesus is the Messiah and it was broadcast live to approximately 220 countries. He is dedicated to the Word and prayer to accomplish the providence of God who desires all people of all nations to be saved at the end time by proclaiming the gospel to the ends of the earth and achieving the mission to North Korea.

Since Manmin Central Church was established, we have gone through so many things for the last 32 years. Right from the opening, we had such rapid church growth through signs and wonders, and we have been accomplishing world evangelism greatly. Many members received answers and blessings and their faith has been growing up. But our ways were not just easy.

We also underwent times of trials where we couldn't see any way out, and we sometimes had to pray in mourning and with hot tears. But the final outcomes were always blessing, and there was always the evidence of God being with us even while we were going through trials. Such evidence only kept on increasing.

All those 32 years of our church history were in the providence of Father God and in the grace of Father God, and it was a process of revealing the glory of God. It was God the Father who established this church and has been leading it to make it become what it is today, and it is also God the Father who will lead us and receive glory through us. In celebration of the church's 32nd anniversary, I will talk about the Father God who has been making this church what it is today, in three aspects.

1. The Father God is love itself

God existed as Light and voice that filled the entire universe. He is the glorious Being who exists by Himself transcending all space and time. And this God, at a certain moment, made a plan. He wanted to gain some beings that would understand His heart, share love with Him, and enjoy limitless glory with Him forever. With this purpose, all things were created and the work of human cultivation began.

In the course of human cultivation, God first chose the sons of Israel to show His love to all souls. Through the history of Israel, God wanted all peoples of the world to come to Him by realizing that the nation that reveres and loves God is blessed, that God is full of love, and that they should also revere and love God.

We can sense the delicate love of God if we just consider the process of the Exodus. While they were passing through the wilderness, God covered them with the pillar of clouds during the day and protected them with the pillars of fire at night. God gave them manna and quail when they were hungry and God allowed for water to gush out from a rock when they were thirsty. This delicate love of the Father was given not just to sons of Israel but also all children of God. He shows His love again and again so that

eventually they will understand the heart of the Father God in their hearts, and they will be changed as children who love God from their hearts.

It was such great love of God that I, whose death was imminent, met God. It was God's love that He gave me the calling to be a pastor, let me open this church, and let this church have great revival and become a world-famous church.

God asked me to become a pastor at a relatively old age. He also asked me to preach the holiness gospel and change the sin-stained souls in this evil generation. And to be honest, I was not confident I could do it with my strength. Especially, I could not fulfill, with my own strength, the command of God telling me to fill up New Jerusalem with completely sanctified souls. But God did all the work every moment.

We started with 13 members including 4 children in 1982, and now it has grown up as a denomination that has more than 10,000 branch churches and millions of members worldwide. We've had united crusades in the United States, Peru, Honduras, India, Pakistan, Israel, Russia, Germany, Japan, the Philippines, Uganda, Kenya, DR Congo, and Estonia.

From tens to hundreds of thousands, and even millions of people gathered at a time and experienced signs and wonders. They threw away idols and accepted Jesus Christ. God sent me to Israel to conduct a ministry of preaching Jesus Christ for three years, which resulted in giving life and strength to Christianity there.

God also let us spread the gospel through broadcasting and publishing. When God let us start this TV ministry in 2000, we did not have technology, staff, or money to do it. But now, we are leading in Christian culture, spreading the holiness gospel and the works of God's power in full HD.

We are also active in the literary media ministry. Today we have 94 books published in Korean, and 300 different volumes of these books have been translated and published in 58 languages. More than 1,000 books have been translated and being prepared for publication. There are 315 e-books in 47 languages.

WCDN, which is a non-denominational medical doctors' network, has 19 international branches. They prove the power of God medically. Other than these, God let us establish many affiliated organizations such as Alliance Theological Seminary, Manmin International Seminary, the Prayer Center, and Manmin Kindergarten. Along with such external growth, God has been raising many members and

workers who have faith in their heart.

We had great trials and crises that seemed impossible to overcome. But God was always with us even during the trials. After such times passed, we could see through the fruit of blessings why He allowed for us such time. As explained the Father God has guided us with so much endurance to establish this church and our denomination, to let us accomplish world evangelism, and to let the faith of church members grow up.

2. The Father God is great

God created man and the entire universe, and He controls all things in them. His power is limitless, and for Him nothing is impossible. In the Bible, we can see many records of the powerful works that were manifested through men of God. Fire was brought down from heaven, and great rain came down after three and half years of drought. Sea was parted, the flow of a river was stopped, and undrinkable bitter water was changed into sweet water. Such works of power were also manifested through Jesus and the disciples. Demons were driven out, the disabled were healed, and even the dead were brought back to life—let alone the healing of diseases.

This power of such great God was manifested in this church, too. God changed the sea water into potable sweet freshwater, and He even shows us divine healing through that water. Furthermore, it is so amazing that sea fish and river fish are living together in this water. In every important event, He shows us various rainbows and other things to prove that He is with us.

Around the summer retreat every year, He sends to us swarms of dragonflies. By this He shows to us the power of God who governs all things and who brought down Ten Plagues. Through the aurora-like lights that the church members take, He lets us feel how beautiful the original light of God is, thereby increasing our heavenly hope and faith. The power of the great God is also shown through weather conditions.

In the summer retreat in 2013, we experienced a scene as if from a movie. Just like the Red Sea was parted, such thick layers of clouds were split open and the heavy rain stopped. On the other hand, when rain was needed God showed His greatness bringing rainfall. In the India crusade in 2002, they were experiencing a severe drought, but from the moment I set foot in that land it began to rain. In Israel crusade in September 2009, I prayed on the pulpit to quench the long-lasting drought and it rained the next day.

In the summer retreat of 2014, God controlled all the weather conditions to be the best at each moment. Before the retreat, I proclaimed that God would bring down the temperature of the retreat location to be between 22 to 24 degrees Celsius during the retreat.

God controlled the weather conditions as I proclaimed. We had the athletic events in a very cool weather in the middle of the day. During the Camp Fire Worship Concert it was so cool that though we were jumping and praising God, we did not sweat.

We can experience the power of God through divine healing more directly than other means. Divine healings have been fervently taking place ever since the opening to this day. Many rare diseases, severe and incurable diseases including AIDS, severe atopic dermatitis and other skin diseases were healed immediately by God's touch.

Many couples had a baby although they were infertile for several years or even decades; fetuses with Down's syndrome were born without it through prayers; so many fetuses' gender was changed through prayer. So many members were protected even in big traffic accidents where the vehicles had to be scrapped. Other than these, even if I mention only important works of God that happened for the last 32 years, I won't be able to mention them all. God is such a great God who has been guiding this church for the last 32 years.

3. The Father God is good

He is God of justice who judges each one's sins, but at the same time He is our great Father who is full of mercy and compassion. Psalm 86:5 says, "For You, LORD, are good, and ready to forgive, and abundant in lovingkindness to all who call upon You." Also, Isaiah 55:7 says, "Let the wicked forsake his way and the unrighteous man his thoughts; and let him return to the LORD, and He will have compassion on him, and to our God, for He will abundantly pardon."

Even when the people of Israel committed sins, God gave them numerous chances of forgiveness, showing to them endless mercy and compassion. It is the same for this generation full of sins and evil. In this ever increasingly darkening world, God has established this church to save even just one more soul. In this generation, people do not listen even if we tell them good things, and God has been showing us the evidence through powerful works with which we can believe.

Also, He gave us the holiness gospel so we could cast away evil from our heart and accomplish sincere heart and true faith. But even though they were attending this church, there were not many members who actually obeyed God's Word. Many of them were stained by sins, not even standing on the rock of faith. But the good Father God gave the members chances of repentance again and again. He opened a way of salvation again for those who could not even be saved. Furthermore, He gave them chances time and again so they could even stand on the rock of

faith and go into spirit.

And God gives such chances of repentance not just to the members of our church. Soon, He will send the members who have been renewed all over the world. He will let them spread the holiness gospel not just to those who are waiting for salvation with a poor heart, but also to those who cannot easily receive salvation.

The recent several years after I finished the Israel mission were the time to create this kind of flow. I had to go through such severe processes of filling up the measure of justice in order to give opportunities of salvation not just to our own members but also corrupt and sin-stained souls in this world. I also underwent the process to fill up the measures of our members' faith so they could participate in this ministry and be used

as precious instruments. Our church is what it is today because the good God has been patient with us, has forgiven us, and has given us only good things.

Dear brothers and sisters in Christ, God has been guiding us with endless love for the last 32 years, and He will also be with us and receive glory more greatly from now on. He will lead all peoples of the world to the way of salvation through us, and He will continue to lead us to New Jerusalem in the heavenly kingdom. I express my thanks to those who have participated in this ministry of Manmin and supported it with prayers and encouragement. I pray in the name of the Lord that the grace of God will be with you until all the days of human cultivation will be over and you will stand before the throne of glory.

The Church Established in Go

The 1st Stage of Take-off (1982-1999) ▶▶▶

“Manmin laid foundation for both domestic and international evangelism and achieved spiritual growth!”

Manmin Central Church started with 13 members including 4 children on July 25 in 1982 obeying God who said, “Open the church when the sun is scorching hot”. On October 10, the same year, the church had its Founding Service with more than 100 members. Within less than five years, the number topped 3,000.

This surprising revival was driven by God’s power. People experienced God through His powerful works, and they became church members and then church workers. Meantime, God gave the church two goals: evangelizing the world and constructing Grand Sanctuary.

At this time there was a trial due to jealousy from other churches but it rather signaled a blessing because the church was blessed to establish a new denomination by overcoming the trial only in goodness.

Dr. Jaerock Lee was invited to many Christian and political events in Korea and he worked as Co-chairman of 1992 Holy Spirit World Explosion Crusade. He was also the Administrative Chairman of 1995 Jubilee Crusade marking the 50th Anniversary of Korea’s Independence. In 1993 the church was named one of the World’s Top 50 Churches by the *Christian World*, US magazine (reported by *The Chosun Ilbo*). Dr. Lee was also invited to lead crusades and seminars for pastors in Los Angeles., Washington, D.C., Baltimore, and Hawaii in U.S., and many countries in Southern America, and Africa.

Manmin moved into the fifth church in 1996, and through two-week Revival Meeting many people were healed and registered, which caused great revival. But what God wanted is for church members to become wheat-like believers.

So God allowed the church to undergo big three trials in order to separate chaff from wheat in 1998 and 1999. The church passed the trials with prayer and fasting in goodness and love. As a blessing for passing them, the powerful works transcending human imagination began exploding.

The 2nd Stage of Take-off (2000-2009) ▶▶▶

In March, 2000, a work of creation took place: salty seawater in a well on the island of Muan in Jeonnam Province was changed into sweet drinkable water (Exodus 15:25). In addition, the new era of the world mission dawned in Manmin. The church started to take the holiness gospel and the powerful works to the whole world in full swing.

Beginning with the Uganda Holy Gospel Crusade, Manmin conducted crusades in Japan, Pakistan, Kenya, the Philippines, Honduras, India, Russia, Germany, Peru, DR Congo, and the U.S. They attracted a great number of people; tens of thousands, hundreds of thousands, or even

millions of people. There, G Savior were preached, coun the power of the Holy Spirit, c were revived, and non-Christi In July 2007, the work of th remote part of the earth, Isr is the Savior and confirmed t the Spirit over the whole Isr part to Eilat, the southernm Israel United Crusade in the l Jerusalem. "Love compensates for justice, which allows for the rapid spiritual flow!"

In 2010, Estonia Miracle Healing Crusade was conducted, which awakened Europe in the midst of spiritual stagnation and gave Manmin an opportunity to

witness the influence of antichrist and think over the God's providence for the end time. Additionally the members were blessed to ride on the rapid spiritual flow which would enable them to come out as dwellers in New Jerusalem.

Senior Pastor Dr. Lee held Mini Divine Healing Meetings where the members were urged to repent. On December 25, 2010 he offered up prayer of his fervent love for the members who hadn't obeyed the Word of God, thereby he helped them turn away from sins and become God's true children. Since 2011, he has led them to become people of spirit and whole spirit by helping them check their faith in Leadership Conferences.

In 2013, the 3-month grace period was given to pastors and Levite workers so that they could repent of their past wrongdoings and ride on the rapid spiritual flow. On Easter Sunday, they were able to destroy, through the shepherd's intercession, their tall walls of sins which were unforgivable in justice. This is the power of prayer of a righteous man which was shown in the case of Lot where he was saved through Abraham's prayer.

In 2014, by the works of the Spirit, the works of re-creation that change the original heart of people took place. Through these works the members' faith sharply increased. So many members stood on the rock of faith and hundreds of people came into spirit. It is in this way that the church has accomplished the standardization of spirit.

The shepherd's intercession of love and tears never ceases. He hopes to lead all people of all nations to the way of salvation and his original voice is given out through his sacrifice and love. By the voice, the finance for the construction of Canaan Sanctuary and Grand Sanctuary will come and the members will unceasingly experience the power of the Spirit to renew their hearts as well as receive healing, answers, and blessings.

Connecting the dots of the countries where the crusades were held on the map makes the image of a stealth jet. Stealth aircrafts avoid detection of enemies using advanced technologies, fly to their opponents' strategic position, and deliver their weapons. This means a lot in that Manmin destroyed the camp of Satan and preached the holiness gospel in the seemingly-impregnable 'fortress' against Christianity in Middle East with God's power.

media such as Associated Press and Reuters, and broadcast via 33 TV stations to around 220 countries. It fulfilled the biblical prophecies that the gospel would return to Israel, preaching about Jesus Christ to even orthodox Jews as well as Messianic Jews.

In 2000s, the door to the broadcasting ministry was open wide as well. In May 2004, GCN was established with Manmin TV at the center, and the very first program premiered on Channel 17 of the New York public TV. Besides, WCDN and MIS were organized, which displayed the outline of the world mission.

The Word of Life and Powerful Works Cover the World

The God of love opened the way of salvation for mankind through Jesus Christ, and now He wants such perfect love of His to be spread to all people of all nations. His desire is being fulfilled by Manmin through GCN—the gospel-oriented TV station; Urim Books—literary ministry; and World Christian Doctors Network that proves the power of God. In addition, the church's Performing Arts Committee plants hope for Heaven in people with their heavenly performances.

GCN, the purely gospel-oriented TV station, broadcasts only for the glory of God

“But you will receive power when the Holy Spirit has come upon you; and you shall be My witnesses both in Jerusalem, and in all Judea and Samaria, and even to the remotest part of the earth” (Acts 1:8).

Today in this sin-filled world, there are too many television programs that have a negative influence on people by showing violent or immoral contents. Contrary to this trend and environment, GCN was born as decent gospel television that has instructive and enjoyable programs for everybody regardless of gender or age.

GCN (www.gcntv.org) started only by faith in the providence of God in October 2005, and has produced and distributed high-quality Christian programs of sermon series, praise, prayer, and many useful and educational programs.

Since October 2013 in particular, GCN soared into a new phase in accomplishing the providence for the end time by featuring a greater variety of new programs. With God-given contents, the church's capable pastors and workers host the programs and give great grace to viewers.

Currently, GCN is working in cooperation with such world-leading broadcasters as TBN Russia, Enlace, CNL, and HolyGod TV to cover approximately 170 countries via their public TV channels, satellites, and cable networks. Drawing even more viewers, the programs are also available on the Internet at www.gcntv.org and via smart mobile media via m.gcntv.org.

Through them viewing audiences have opened their spiritual eyes, experienced works of repentance, healing works of incurable or terminal diseases, and have had their lives renewed. Without end, testimonies have been received from people of the world transcending cultures and denominations and many have sent prayer requests as well.

Urim Books, publishing Dr. Jaerock Lee's multilingual books, spreads the bread of life full of renewal and life

“For the earth will be filled with the knowledge of the glory of the LORD, as the waters cover the sea” (Habakkuk 2:14).

To receive God's explanation on difficult biblical questions, even before the church opening, Dr. Jaerock Lee gave himself over to numerous periods of fasting and offering fiery prayer to God. This 'bread of life' that he gained through his efforts has been edited and printed as books with his testimonial book *Tasting Eternal Life before Death* as the first in 1987. Now he has had over 90 books published in Korean and a total of 306 volumes in 58 languages (Urim Books, www.urimbooks.com).

His books have been published in electronic form: 323 volumes in 48 languages. They are available on amazon.com, iBookstore, and Books on Google Play. They give spiritual guidance to countless pastors and believers world-wide. Many of the readers said they became certain about God's deep love and true faith and were able to renew their lives.

Adding to joy for a Christian life, *Manmin News* delivers the word of life and powerful works with the love of God in newspaper-like format to people in this end time full of sin and evil.

Its first Korean edition was issued on May 17, 1987 and now is being published in 32 languages including English, Japanese, Chinese, French, Spanish, Russian, Portuguese, Mongolian, Tagalog, Visayan, Arabic, Indonesian, Thai, Nepali, Hindi, Tamil, Sinhalese, Urdu, Ukrainian, Estonian, Vietnamese, Hebrews, German, Dutch, Bulgarian, Finnish, Danish, Italian, Swedish, and Burmese. It is available almost everywhere both in and out of Korea on www.maminnews.com.

“I'd like to spread the powerful works to the whole world through books”

Mr. Pietro Evangelista, President of Evangelista Media, Italy

Since I love GCN I stay at home with GCN turned on all day. Dr. Jaerock Lee's message is sincere, appealing, and spiritual, and has contents that have been previously unheard. GCN's broadcasting of sermon programs with life-filled messages and praise with the Spirit-filled melodies and words are very special compared to content of other broadcasters.

I was especially moved by Dr. Lee when I watched the program on

Dr. Lee's overseas crusades where he preached the word of truth and many people were healed at one time. I was very surprised to see him proclaiming Jesus Christ in the Israel United Crusade with many Jews present. As he proclaimed that Jesus is the Savior for all mankind, many participants were in tears. It was very beautiful. I met my true shepherd via GCN. I give thanks to the Lord who allowed me to know GCN.

I read ten of Dr. Jaerock Lee's books including *The Message of the Cross*, *Heaven I & II*, and *Hell*. I read *The Message of the Cross* when I was in a hospital due to problems with my left leg. While reading the chapter entitled 'Jesus Who Was Scourged and Shed Blood', I was healed! I received much grace through the message and taught it to my church members, after which they came to pray and show faith in healing when they are sick without going to shamans or taking medicine which was their first choice before. Hallelujah!

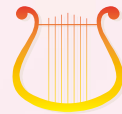

I came to know about Manmin Central Church in the Germany Crusade 2004. I discovered the amazing works of power manifested through Dr. Lee. I later printed the English edition of *The Message of the Cross* with a little different title "Understanding the Message of the Cross of Jesus Christ", which is one of Dr. Lee's most superb works, and I am distributing it worldwide. I pray that God will use Urim Books and Dr. Lee all the more greatly.

WCDN, verifying God's healing works based on medical data

Performing Arts Committee, spearheading praise culture

“But for you who fear My name, the sun of righteousness will rise with healing in its wings; and you will go forth and skip about like calves from the stall” (Malachi 4:2).

“The people whom I formed for Myself will declare My praise” (Isaiah 43:21).

Today very few people seek and believe God and even believers are losing their faith. Feeling remorse about this, in February 2004 Dr. Jaerock Lee founded WCDN (World Christian Doctors Network) with the purpose of awakening many medical professionals and educated people who are ignorant of God.

WCDN has verified the authenticity of the Bible by presenting many divine healing cases in annual conferences with concrete data under the title of ‘Spirituality & Medicine’ in many countries such as the U.S., India, Australia, the Philippines, Italy, Norway, Mexico, and Bulgaria.

The organization is headquartered in South Korea (Board Chairman Dr. Jaerock Lee, President Dr. Gilbert Chae) and has 19 branches in U.S., Russia, Italy, Israel, some countries in Middle East, Singapore, the Philippines, and Australia. Through their active ministry, Christian doctors in the world are united and achieving the providence for the end time.

Manmin Central Church has organized and developed the Performing Arts Committee in awareness of the significance of performing arts in ministry. The Committee has been growing up steadily for the past 32 years and they are spearheading Christian culture in the world by presenting a variety of genres of performances. As years went by, this group has developed skills in fields from praises, dances, musical instruments, and video presentations to wardrobes and props. They are now able to express the gorgeous and glorious Heaven.

The performers’ dance and praise have contributed to opening the audience’s hearts in all worship services, overseas crusades, and mission trips. Since 2009 in particular, they have performed to God-given songs known as Manmin Praise that has purified people’s hearts and added more hope and faith to them.

“My faith grew up through the ministry of WCDN”

“Manmin’s Anniversary Performance is the best one in the world!”

Dr. Daniel Fuentes Acosta, Mexico

I attended other Christian medical conferences before, and I found WCDN’s to be extraordinary. It was my first time that I felt the Holy Spirit’s presence that strongly during sermons and case presentations. I learned about various testimonies in which God had worked and the

amazing miracles that had occurred through Dr. Jaerock Lee’s powerful prayer. I was very moved and happy to be a part of the conference itself. The WCDN’s ministry boosted my faith and reminded me of my call to duty as a Christian, which is to spread the power of God.

Their performance showed me that such bliss fills Heaven and joy is overflowing in Heaven. It is not an imaginary place. Nowhere can we find such wonderful performances. It was awesome and great! I felt the power of God

in it.

I’ve never seen this kind of performance. That was very touching. I am so honored to be here. I give thanks to God. Their performance is the world best!

Come and enjoy the Banquet of Father God in the 'Crystal Clear Lake' Banquet Hall

In celebration of its 32nd anniversary, Manmin Central Church's Performing Arts Committee manifested a beautiful performance, and it brought to the audience the feast that God will hold for those children who will have entered New Jerusalem. The Committee expressed the joy and emotion enjoyed in the banquet held by the Father in the most beautiful heaven, New Jerusalem and His love embedded in the banquet with new God-given songs.

The God of love wants all people of all nations to be saved and become His true children who can share love with Him forever. Since before the church opening, Senior Pastor Dr. Jaerock Lee came to understand this heart of God and accumulated tremendous amounts of fasting and prayer, through which he was able to unravel the deep mysteries of the spiritual realm. These were made known to the church members by him, and in order to let them know the spiritual realm and enter by far the best heavenly dwelling place, New Jerusalem, he has sacrificed his all and even life.

The God of blessing has also given the church songs named 'Manmin Praise' that have beautiful melodies and lyrics in the Spirit's works so that all Manmin members all around the world may change into God's true children through these songs. He gives several songs specifically for the church's anniversary every year. In 2014 as ever, the magnificent new songs allowed them to feel God's space of love. From among them we will look at the words to 'Song of the Shepherd'. To God be the glory who has given Manmin this 'Manmin Praise'.

1

My beloved Father, my Father is looking at me
His eyes are so clear and transparent that I cannot express it with words
My Father is full of love. I am so happy with His love
My people have my happiness. I am so happy with all of them

2

My Father who loves me, my Father is looking at me
His broad and great heart covers the large space.
My Father is soft and gentle, thanks for His great love
My thankfulness is unceasing, it is boundless

Father, my Father, my beloved Father
How much I have missed Him and the warmth at His bosom!
Father, my Father, my beloved Father
I will throw myself into His bosom I've missed so much!

The Song of the Shepherd expresses the shepherd's love for God and for souls by every single word and also contains the love of God for us.

As praised, God is full of love, of goodness, and He is beautiful. He must have been very sad when He saw darkness and evil cover the whole earth during human cultivation.

So He sent many apostles and prophets to let His will be known to them and even sent the Lord to the earth to open the way of salvation through His crucifixion.

At this end time, He even sent the shepherd to manifest the works of power, whereupon many people could understand God's goodness, love and heart and achieve the heart

of spirit. Soon He will successfully complete human cultivation and see His true children come before Him. As looking at them, how happy He will be!

God created men, and has been cultivating and takes responsibility for them in love. If you keep such love in you, you must certainly enter New Jerusalem!
