The Holy Spirit's Unceasing Works Are Proclaimed!

'Walk of Faith', a Special Program of Global Christian Network

Dr. Jaerock Lee led many overseas crusades in many countries with the power of God. Wherever God's power was taken, broken hearts were healed and hardened hearts became soft in His love. Many people were healed of many kinds of diseases and various problems were resolved and countless people gained salvation. (Left: The shiny cross shape appeared in the sky when GCN transmitted the very first transmissions for the trial broadcasting from the Empire State Building in the U.S.)

It was 12 A.M. on September 1, 2005. GCN (Global Christian Network) sent the initial transmissions for the trial broadcasting at the opening ceremony before it formally started. The cross-shaped light suddenly appeared in the sky over the Empire State Building!

"It is Amazing! It is the sign of God showing that He is pleased with GCN! It is His sign!" Although ten years have passed since that day, the cross-shaped light God showed in the night sky still remains in the church members' memories.

GCN was established to spread the word of life and the power of God to all people all over the world who are living in this end time full of sins and evil. Since its beginning, GCN has achieved continuous progress and improvement and has grown to cover approximately 170 countries. In December 2014, it launched its channel on Olleh TV and got the channel number 882 through which its various programs are provided for viewers with HD technology.

GCN has cherished God-given vision for the broadcasting ministry and has run only with faith and obedience. The station has experienced God's works of creating something out of nothing so they could provide life-filled and differentiated programs for viewers all over the world.

In addition, GCN has continued to produce new programs including 'Walk of Faith' and

'Reminiscence II', which drew great reviews. The program 'Walk of Faith' started in early August 2015. It gives a good chance for viewers to reminisce the worldwide ministry of Dr. Jaerock Lee, Senior Pastor of Manmin Central Church. He led many overseas crusades only with the obedience of faith and by relying on God. Through the program, viewers can feel the touching moments once again.

From 2000 to 2010, Dr. Lee led overseas crusades in 14 countries: Uganda, Japan, Pakistan, Kenya, the Philippines, Honduras, India, Russia, Germany, Peru, DR Congo, the U.S., Israel, and Estonia.

In particular, Uganda Holy Gospel Crusade 2000 was reported by the world-renowned news channel CNN because so many people in Uganda were healed of their diseases even including AIDS. In Pakistan, the crusade venue's gate was blocked when the government canceled the permission for the crusade. But, it was dramatically re-opened through a man whom God had prepared and the crusade was held successfully.

India United Crusade 2002 was conducted at Marina Beach (first line, below) and attracted a total of approximately three million people. It set the record as the greatest crusade with the most people in attendance. Dr. Lee led a crusade even in Israel, the nation of Judaism. Israel United Crusade 2009 was held in International Convention Center in Jerusalem. In the crusade, he proclaimed that Jesus

Christ is our only Savior in the Jewish nation and it was broadcast to around 220 countries.

Dr. Lee showed fiery works of the Holy Spirit by holding crusades in predominately Islamic and Hindu countries and the Jewish country. The work of the Holy spirit also extended into Europe where Christian faith has cooled.

During crusades, there were some people who tried to disturb the crusades, but once Dr. Lee proclaimed about God the Creator and Jesus Christ as our only Savior and performed many healing works through his prayer for the sick, all persecutions and disbelief vanished. This is because the powerful works of God manifested through his prayer proved the authenticity of the Bible and that his sermons are true.

'Walk of Faith' includes Dr. Lee's mission report with the live recording of the crusades. In this way viewers can not only watch the amazing works of God and His providence in them, but they can put them in their hearts.

They will see the walk of faith in which the will of God is put first before the reality of the situation and God was pleased with the faith and showed amazing powerful works. Through this, viewing audiences will learn about true faith. This program will be made in a series of 46 episodes and now is aired at 12 A.M. on Sundays, and also available on GCN's website (www.gcntv.org), the mobile website (m.gcntv.org), and on Olleh TV Channel No. 882.

The Love of God

Senior Pastor Dr. Jaerock Lee

“We have come to know and have believed the love which God has for us. God is love, and the one who abides in love abides in God, and God abides in him” (1 John 4:16).

If you dwell in His love, there is nothing to fear and nothing you will be short of. Even though you don't have a high degree of intelligence, education, knowledge, money, or any background of value, God will take care of you if you completely rely on Him.

Anyone can experience answers and blessings in God's love if he or she keeps His commandments and lives in the truth. Now let's delve into God's love in detail.

1. The love of God is the love that waits for us to change.

From Luke 15 we can understand what a father's waiting is like. A man had two sons, and one of them required his inheritance in advance and went to a distant country. He probably had a dream to become successful in a new place. But the reality was harsh. He was not successful at all. But rather he indulged himself in dissipation and wasted all his fortune. When there was famine in the land, he could not even get the feed that was given to pigs.

Now he began to think about his father. He thought, “In my father's house, even the servants have enough food, and I am starving to death here. I should go back home.” Of course, he could not expect for his father to forgive and accept him. Seeing him return to his father being in such a poor condition, he might just drive

him away. Perhaps he might have already just erased his second son from his mind.

But the heart of the father was completely different from what the son thought it would be. The father gave him the inheritance money because he demanded it so vigorously, but since the day the son left, the father was not at comfort for a single day. He watched the way out of the village and waited for his son to come back. The problem was not about the wrong the son had done. It was because it was his beloved son and he couldn't give up on him. He was not waiting to scold him for his wrongdoings. He was waiting to take off his old and dirty clothes and put the best of clothing and shoes on him. He was waiting to throw a big party for him.

Then, what about the heart of God who prepared all things for us and created man according to His image? He waited for us to accept Jesus Christ, receive the Holy Spirit and change. He waited for us to eventually come to understand His heart, too. When we change into His true children, what God wants to give us is New Jerusalem.

He is waiting to share the glory of the beautiful heaven that He made with all His wisdom and power.

2. The love of God is the love that endures for a long time until we change.

There is earnest hope in God's waiting. He can endure to the extent of His earnestness. To endure is not just sitting back and waiting for the things to turn out the way you want them to. Endurance must be accompanied by equivalents in effort and responsibility.

As God has been cultivating human beings, He has suffered from so much sorrow and pain. One of the believers said he began to lament as he was reading the Old Testament about the Israelites during Exodus. He said he couldn't understand how people could complain so much against God and worshipped idols though God showed them such great power. But another believer said, “Brother, it is not just sons of Israel, that's what we were before we changed,” and he couldn't argue.

True. It's not just the sons of Israel

that forsook the love of God even after experiencing great things and receiving so much grace. Anyone whose heart is not changed by the truth would do the same. Yesterday they praised God but today they complain. In the face of hardship they soon complain, and if they don't get their answers to prayers quickly enough, they lose all the grace they received.

If your fullness of Spirit is not as much as before and if things of the world come into your sight, you first have to look back at your believing life. You have to check whether or not your fervor for casting away sins has cooled down; or whether your worship and faithfulness have become mere formalities.

But in many cases, if they lose the grace, they easily put the blame on others or the circumstances rather than looking back at themselves. They do not dare to openly complain against God, but they secretly harbor hard feelings against Him. In such moments, they want to believe the words of temptation rather than trying to follow goodness.

Even though they experienced one hundred miracles of God, if one thing does not agree with their thoughts, they completely forget about the one hundred miracles. Even if they remember, they begin to think it was coincidental. This is an attribute of flesh.

God sometimes had to let justice be served like in the cases of Noah's flood or Sodom and Gomorrah. If there is foot-and-mouth disease or avian flu going around, we cannot save the animals. In a spiritual sense, if the sin reaches a limit, there's no other choice and no further chances can be given. But even then, God does not easily punish us saying, “I've given you so many chances and I have no other choice now.” Even when physical parents have to punish their children with a rod, their hearts are broken. And how much greater would God's mourning be when He sees the souls going the way of destruction?

Romans 8:26 reads, “In the same way the Spirit also helps our weakness; for we do not know how to pray as we should, but the Spirit Himself intercedes for us with groanings too deep for words.” When the believers are too weak to live in the Light, the Holy Spirit also suffers

with groanings too deep for words.

When God sees His children commit sins and suffer from trials caused by Satan's accusations, He suffers the pain with them. Such pain has been stored up in His heart for thousands of years. As written in 2 Peter 3:15, because of the love of God who has endured all those pains for a long time, there are countless fruits of heavenly kingdom.

3. God's love is the love that believes we will change.

The reason He can wait is because He believes His hopes will be fulfilled. If farmers don't believe there will be great harvest they won't sow the seed. You give birth to children because you believe that they will grow up well. If you invest all your life savings in a certain business, it means you believe business will be successful. If you think it could go wrong, you cannot invest all you have.

God began human cultivation because He believes in us. Though Lucifer betrayed Him and Adam disobeyed Him, and even at the cost of giving up His only begotten Son on the cross, He still fulfills the providence of human cultivation. It's because He believes in us. The disciples that were left in this world had various kinds of weaknesses. But Jesus believed that they would change and even be able to become martyrs. Because He believed this, He took the cross with joy.

The Lord is preparing your heavenly houses because He believes in you as He believed in His disciples. Until He meets us there, He doesn't even eat, drink or enjoy any festivity. He is just interceding for you and me in prayer.

Dear brothers and sisters in Christ, God and the Lord never cease to protect you while watching over you with eyes like fire and They believe that you will become God's true children. God never doubted that so many souls would come forth as fruits of New Jerusalem in this end time.

This faith, hope, and waiting will not change until the Lord comes back, and God will surely fulfill His providence. I pray in the name of the Lord that by remembering His love you will become precious workers who fulfill the providence of God at the end time.

A Checklist for the Children of God Who Is Light

Do You Abide in the Light?

1 John 1:5 reads, "...God is Light, and in Him there is no darkness at all." And as John 1:1 says, the Word was God, so if we practice the Word, it means that we abide in the Light.

If we completely abide in the Light by practicing God's Word, we can receive whatever we ask (1 John 3:21-22). Now let's delve into three check points showing how well we are abiding in the Light.

Do you complain or grumble?

Many people blame others or the situations when things don't go as they want or they are faced with hardship. However, whether they receive blessings or not depends on themselves. God's children can receive blessings and dwell in the love of God who controls life, death, fortune, and misfortune if they really believe God and obey His Word in the Bible (Exodus 15:26; Deuteronomy 28).

However, some believers as well as non-believers are still suffering in difficulties. This is because they practice the untruth that is against the Word of God. They hate, complain, get angry, slander, and seek their own benefits, disobeying the Word. Nevertheless, many of them do not see their own problems that cause difficulties

but just complain about and blame others or situations in everything. We cannot say that they are dwelling in Light.

The children of Light should do everything with thanks and joy no matter how small it is, and understand and serve others. Now check if you are talking about others' shortcomings. However right your words are, if you say them with discomfort, it is clear evidence that you have darkness remaining in you.

People of goodness blame themselves for hardship and try to give thanks in everything. Thus, children of God, who is Light, should cast off complaining, give thanks from their hearts, and rejoice. When they have such a heart and lips, the enemy devil and Satan will depart from them and the grace of God will come upon them.

When we understand other people and work with joy and thanks, we will bear the fruit of revival, receive blessings, and receive rewards in Heaven according to our deeds and devotion.

Do you obey in the spiritual order?

'To obey in the spiritual order' means that we obey God and obey His Word. God is almighty and our spiritual Father who created us and wants to bless us (Hebrews 12:9). Therefore, if God's children do not serve Him and worship idols made by men, and disobey His Word and live as they want, this is breaking the spiritual order.

If you disobey the rule and order of the world, you will face punishment. In the same manner, if you disobey the Word of God according to the spiritual law, Satan will bring accusations against you and you will meet with trials. Therefore, you must obey the

spiritual order and the Word of God. In order for a church to revive and receive blessings, the church should also follow the spiritual order and thereby please God.

That is, the church members should obey the Word of God although a lesser man said it. They should be united in the truth and in the band of the Holy Spirit. They must not insist on their opinions and put fleshly order before the spiritual order. Of course, they must not ignore the fleshly order and act unbecomingly just because they are spiritually advanced.

They must always consider about what they should do to obey the Word of God and to be proper in the Lord's sight, and obey it just as Abraham the father of faith did.

Do you try to be united as one with spiritual love?

People often get irritated and argue with each other when they do not like the other's words or actions although they say they love each other. As the love cools down more, they even betray each other. The same applies to the love between parents and children and between siblings as well as the love between a man and a woman. Their love often changes and they betray when they think the love is not beneficial and gives them problems. They may blame each other and each other's shortcomings without thinking it is their own fault. But spiritual love is different.

If you dwell in Light, you may not see others' blemishes or spots and hold hard feelings. You may conceal their shortcomings, endure them, believe in their renewal, and encourage them. Even if they do the things that you do not like, you can still understand them, try to make peace, and keep peace with them. Even if you are in hardship, you may make others comfortable. Even if you do not have what

you need, you can feel happy just seeing others having and enjoying what is theirs.

You may willingly sacrifice yourselves for others, humble yourselves, and serve others. You may love not just a few who love you but, anybody. This is the life of those who abide in Light and the key to receiving whatever you ask from God.

Even if someone seems to work diligently for his God-given duty, if he wants to be recognized for his efforts and contribution, or if he insists on his righteousness based on what he heard and knew about the truth and breaks peace and acts rudely, he does not have love and does not dwell in Light.

We may be recognized to live in Light only when we realize the love and grace of the Lord from our hearts; fulfill our duties with the heart of an unworthy slave; serve everybody; and work with thanks, joy, faith, hope, and love.

This is the spiritual love. When we dwell in Light with the spiritual love, Satan cannot disrupt our lives. God the Almighty will protect us, and blessings will overflow in our families, workplaces, and businesses. If Satan works, although you live in Light, it is that God wants to give you blessings. If you only rejoice, give thanks, and pray, God will cause all things to work together for good.

“My Two Daughters Were Both Healed of Atopic Dermatitis!”

Deaconess Hyangseo Ku, age 47, Australia

I came to know about Manmin Central Church in March 2007 when I visited my mother who lives in Korea. My mother was suffering from demons every night and saw snakes in her dreams after my father passed away. But since she started to attend the church in 2008, she has never suffered from such things. Now she is leading a happy Christian life in the church.

When I stayed at her home for a month, I followed her to the church and registered. Back in Australia, I listened to Senior Pastor Dr. Jaerock Lee's sermon CDs and came to have faith. Since 2008, I have offered up Manmin's worship services through the Internet.

My little daughter Ruby's face became clean after she received the prayer in a dream

In May 2010, my second daughter, Ruby, was a year old. Atopic dermatitis occurred on her skin. At first, it was only on a small part of her face but it was soon spread all over her whole body. As she scratched her body while sleeping, her skin was covered with blood in the morning. She entered the hospital twice, but it was of no use. In the hospital nothing happened but, when she received Dr. Lee's prayer, her skin soon became hardened.

I saw Dr. Lee's powerful works in the service via the Internet. I wanted her to be healed by God. To please Him, from 2011, I spread 800 copies of *Manmin News* to neighbors with Ruby every month. I also spread the power of God in my restaurant that I was running at that time through DVDs of Dr. Lee's overseas crusades and *Manmin News*.

In late December 2012, Senior Pastor appeared in my dream. He called Ruby and prayed for her. After the dream, her face that had been covered with blood became clean even without scars. But her body skin was not healed but it did not get worse either. During the day, she did not scratch her body and scabs were formed. But during the night, she scratched her body and her body was covered with blood. It was recurrent every day.

However, since I witnessed her face was healed in an instant, I came to believe that she would be healed of it for a short moment if God works. With this faith, I asked God more earnestly.

My first daughter Arra recovered from dermatitis when she obeyed the Word of God

What made matters worse, from late 2012, my first daughter Arra also suffered from severe atopic dermatitis. She had it on small parts of her legs and arms when she was little, but it suddenly came up

▲ Her two daughters Ruby (left) and Arra (right) were suffering from atopic dermatitis but they were healed of it by the powerful prayer and now live in good health and happiness.

on her chin and started to spread to her whole body. She had to wear a T-shirt with long sleeves and cover her face when she was out, although she was an eighteen-year-old teenage girl who had much interest in appearance and even when it was really hot. She felt itchy very much on her face so she rubbed her face often and lost her eyebrows. She did not want people to see her so she spent many days at home without going to school.

Nevertheless, she could not stop herself from doing the worldly things. She read novels and watched movies all night, and she did not pray.

But in 2014, she was renewed. She thought that she could not go to college with this skin. She began to pray by joining Daniel Prayer Meeting via the Internet. To the extent that she cut herself from the worldly things, her skin was recovered more. But when she took in the worldly things again, the symptom occurred immediately. As she experienced this, she came to try to pray before God.

In March 2014, I attended Special Daniel Prayer Meeting through the Internet. And I offered up three-day fasting seven times for my two daughters to be healed and to cast off untruthful things in my heart earnestly. In July 2014, I went to Korea with my two daughters and received Dr. Lee's prayer. From then, they tried all the more to live by the Word of God.

We went to Manmin Central Church in Korea to receive healing with faith and the healing works came upon us.

In June 2015, I visited Korea with my two daughters to attend Leadership Seminar that was to be held in June and Manmin Summer Retreat in August. When we arrived in Korea, their symptoms improved a lot.

Ruby no longer felt itchy and sores stopped on the affected parts of her body. They became hard and scabs formed. And soon the scabs fell off. Arra did not feel itchy either, and her skin became softer and had little scarring. She could wear clothes with short sleeves and short skirts. She was very happy.

When I think about the love of God who has guided us until they were healed of atopic dermatitis, I just give thanks for everything. Above all, I became a person who prays to God, enjoys listening to sermons, and acts by faith. During the days that I spent with endurance and patience, I became humble before God and came to be able to understand others better. I also came to long for the beautiful heart of goodness and have more hope for Heaven. So, I am leading a Spirit-filled Christian life. Hallelujah!

My two daughters had a really hard time before, but they felt the love of God and were thankful to Him. My second daughter has been healthy, even without taking any medicine even for a cold. My first daughter realized the love of God who has deep concern for her. My children have learned true value of life although they are young.

I give all thanks and glory to God who touched my heart and comforted and encouraged me so that I could overcome everything with faith. Now I want to spread God's love that I have received and the holiness gospel to people in Australia.
