## God's Love and Works of Re-creation! Healing of Infertility, Miscarriage, and Down Syndrome

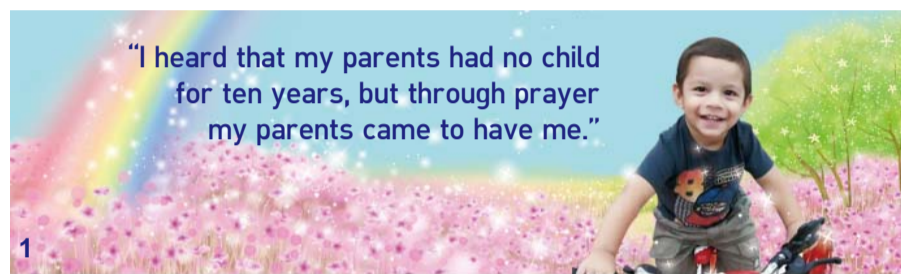

Today many couples are suffering from infertility and miscarriage and many families have children with Down Syndrome. It sometimes leads to many social problems such as family discord, depression, and divorce. The Bible tells us that a Shunammite woman who had no child received a blessing of conception through the work of God who guaranteed Elisha's word. She delivered a son (2 Kings 4). Such works as these have continuously been manifested by God through a powerful pastor, and thereby God shows His love.

Since Manmin Central Church's opening in 1982, God has manifested countless works of power through Senior Pastor Dr. Jaerock Lee's prayers. There have been numerous cases in which people resolved their problems of such things as infertility, miscarriage, and fetuses with Down syndrome and came to have healthy children.

In 1993, in particular, during a Special Revival Meeting, Dr. Lee prayed for the blessing of conception and dozens of couples received the blessing. Through Dr. Lee's prayer, Deacon Su Kim gained his precious daughter after 12 years of marriage (Photo 4, second). His father had had previously opposed his son's attending church, but after he was blessed to have his daughter all his family members came to church and have been leading happy believing lives together ever since.

Senior Deaconess Yunyoung Choi (Photo 5, fourth) came to have three children through Dr. Lee's prayer and it caused a church to be opened in Yamagata of Japan. Pastor Asif Nazir in Pakistan gained a son after ten years of marriage (Photo 1; 6, third). Sister Promode Kumar in India was set free from infertility that had troubled her for 12 years and gained a pretty daughter (Photo 4, third). Pastor Kwankyu Lee came to have a son (Photo 4, fourth), and Deaconess Mikyung Lee was also set free from repeated miscarriages and finally held her son in her arms (Refer to page 4).

Down syndrome is a genetic disorder caused by the presence of all, or part of a third copy of

They all experienced the powerful works of God through Dr. Lee's earnest prayer: Photo 3, the families of Deaconesses Eunjin Park, Kyuhee Yim, Miyoung Kim; Photo 4, the families of Deaconess Hyunjeong Lee, Deacon Su Kim, Sister Promode, Pastor Kwankyu Lee; Photo 5, the families of Sister Sanu Lama in Nepal, Deaconesses Sungjin Yun and Kyungmi Lee, Senior Deaconess Yunyoung Choi; Photo 6, the families of Deaconess Youngju Kim, Senior Deaconess Seonhyo Kim, Pastor Asif Nazir in Pakistan, and Deaconess Cherin Kim

chromosome 21. It is typically associated with physical growth delays, characteristic facial features, and mild to moderate intellectual disability. Children with DS have no choice but to live with it as people with this abnormality all their lives. Some of Manmin members also heard that their fetuses were

categorized in the high-risk group for DS but they delivered normal and healthy children. In her fifth month of pregnancy Deaconess Sungjin Yun was told that her baby was classified in the high-risk group of DS in the Quad Test, but she delivered a healthy child after she received Dr. Lee's prayer (Photos 2;

5, second).

Moreover, a boy with autism, which is incurable with modern medicine, was healed through prayer (Refer to page 4). In their nineteenth week of pregnancy Deaconesses Hyunjeong Lee and Chaerin Kim both experienced premature rupture of membranes and their water broke, but both delivered healthy children (Photo 4, first; Photo 6, fourth). Deaconess Kyungmi Lee had cornual pregnancy but through Dr. Lee's prayer her fetus became normally placed in her womb and her child has been healthy by his prayer (Photo 5, third).

The gender of fetus is decided when an egg and a sperm meet and become fertilized. And between the thirteenth or fourteenth week of pregnancy, the fetus' genital organs can be seen through ultrasonography. So it is possible to tell its gender by that time. However, the gender of fetuses has changed from one to the other through Dr. Lee's powerful prayer when their parents earnestly wanted it.

Twenty one years ago, Senior Deaconess Seonhyo Kim (Photo 6, second), delivered a son. Although she wanted to have a daughter, she was told that her fetus was male. Even when she was nine months pregnant, it was a boy. However, she gave the unborn child a female name and received Dr. Lee's prayer in every service. As a result, she delivered a baby girl.

Also, in many cases, female fetuses changed into male fetuses. Many people outside of Korea have experienced such works as well. It is the work of what is known as the power of re-creation within spiritual justice that changes a son or a daughter who was already created into a daughter or a son (Refer to page 3).

What has caused these amazing works happen? At this end time, people hardly believe as in John 4:48 Jesus said, "Unless you people see signs and wonders, you simply will not believe." Such works are occurring due to God's great and deep love, because He wants to plant faith in many people living in the end time and save them.

Senior Pastor Dr. Jaerock Lee

“And there is salvation  
in no one else; for there is  
no other name under heaven  
that has been given among men  
by which we must be saved”  
(Acts 4:12).

## The Way of Human Salvation Prepared before the Ages

of hitting other children, however, there was a process in which the child accepted the evil practice. At first, he would have seen people striking others, then repeated it himself once or twice, and become someone who habitually hits other people.

In his freewill, Adam ate from the tree of the knowledge of good and evil after falling to the serpent's temptation. As God had warned him, “You will surely die,” the spirit in Adam died. Adam was cut off from communication with God and he became a slave to the enemy devil.

It was done as Romans 6:16 says, “Do you not know that when you present yourselves to someone as slaves for obedience, you are slaves of the one whom you obey, either of sin resulting in death, or of obedience resulting in righteousness?” At that time, Adam had to relinquish the authority and glory he had been given as the ruler of all creatures to the enemy devil (Genesis 1:28; Luke 4:6).

Since then, in the passing of time, the heart of man has grown more evil. The enemy devil also brings disease, poverty, disaster, tears, grief, and torment, to people and will end up taking them to Hell. Yet, the providence of God lies not in the fall of man into Hell but leading him to experience the relativity in this world, to become well cultivated, and to get qualified to enter Heaven.

As God knew in advance that Adam would eat from the tree of the knowledge of good and evil from the moment He planned human cultivation, He prepared the path of salvation for the sinful mankind and that path is Jesus Christ. But until the appointed time came, God had hidden the way.

### 2. The Path of Salvation for Mankind and the Law on the Redemption of the Land

How then could sinful mankind reach salvation? God does and carries everything out in His love and justice. For God does everything within the boundary of the spiritual law and order, His forgiveness and salvation of sinners are also carried out in His perfect justice.

According to the spiritual law that

dictates, “The wages of sin is death,” someone had to pay the wages of our sin on our behalf to save all of us, sinners. That is why Jesus, the Son of God, became flesh, came to the earth, and died on the wooden cross to redeem all humans from sins. People who do not believe in this fact, however, always ask, “Why do we receive salvation only when we believe in Jesus Christ?”

Yet, as the Bible tells us in Acts 4:12, “And there is salvation in no one else; for there is no other name under heaven that has been given among men, by which we must be saved,” no one other than Jesus can be the Savior and no one can receive salvation without accepting Him as their Savior.

Then why is Jesus Christ our only Savior? It's because of spiritual law. All mankind was destined to death because of Adam's sin according to the spiritual law, “The Wages of Sin Is Death”. When all men became slaves to the enemy devil and Satan, the spiritual law was applied that says “When you present yourselves to someone as slaves for obedience, you are slaves of the one whom you obey.”

According to which provision of the spiritual law can sinful mankind receive forgiveness and salvation? We can find the answer to this question in “The Law of The Redemption of the Land” in the Bible.

Leviticus 25:23-25 says, “The land, moreover, shall not be sold permanently, for the land is Mine... Thus for every piece of your property, you are to provide for the redemption of the land. If a fellow countryman of yours becomes so poor he has to sell part of his property, then his nearest kinsman is to come and buy back what his relative has sold.” This provision of the law was established with regard to transactions involving the land in Israel and it is also applied to man, who is formed of dust of the ground.

God divided and distributed the land of Canaan according to each tribe and family of Israel and since all the land essentially belonged to God, man could not sell it at will. If the owner of the land became poor and was forced to sell the land, his nearest

kinsman was to buy back and return the land to the owner. Embedded in this law on the redemption of land is the path of salvation for the sinful mankind. This is because the law on selling and buying back of the land is related directly to man who has been formed of dust of the ground.

In Genesis 3:19, God tells Adam, “By the sweat of your face you shall eat bread, till you return to the ground, because from it you were taken; for you are dust, and to dust you shall return.” In Genesis 3:23 we read, “Therefore the LORD God sent him out from the Garden of Eden, to cultivate the ground from which he was taken.”

The law on the redemption of the land has a direct relationship with the way in which man, who was taken from the ground and handed over to the hands of the enemy devil, can be returned to God. Just as the land belongs to God, He has stipulated that Adam's authority, which in essence belongs to Him, could not be “sold permanently.”

This was the law agreed upon both by God and the enemy devil at the time Adam sinned and was turned over to the enemy devil. Thus, even if Adam became a slave to the enemy devil and was forced to relinquish all his authority, at the appearing of an individual who could satisfy the law on the redemption of the land, the enemy devil had to return what was “handed over” to him.

As God knew in advance that Adam would eat from the tree of the knowledge of good and evil, He prepared the Savior who would satisfy all the provisions of the law on the redemption of the land, and that Savior is Jesus Christ. This will be continued in the next issue of *Manmin News*.

Dear brothers and sisters in Christ, God prepared Jesus Christ and hid the mystery since before the ages. When the time came, Jesus came to the earth in flesh and fulfilled His duty as the Savior. I pray in the name of the Lord that you will believe Jesus Christ as the Savior, profess your faith in Him, and thereby reach salvation.

You may have met people who wonder why there is no other name that has been given by which we must be saved but that of Jesus Christ. You may even have encountered people who had critical points of view on this. Then, let's now look into the reasons why only Jesus Christ can be our Savior.

### 1. The Way of Human Salvation Prepared before the Ages

Without experiencing misfortune and distress, people cannot appreciate happiness. Only when people suffer from grief and affliction can they understand the value of true happiness and be grateful for it from the heart. God placed the tree of the knowledge of good and evil and barred Adam from eating from it so that man would one day come to understand relativity. God also gave Adam freewill by which he could make decisions on his own and eventually Adam ended up forsaking God's commandment and ate from the tree of the knowledge of good and evil.

Observing the process in which people today become drenched in sin and evil will help us understand the process in which evil entered Adam. For instance, a child who constantly hits other children was not like that from the start. Of course, he had within him sinful attributes due to the original sin with which he was born. Until he developed that evil habit

### The Confession of Faith

1. Manmin Central Church believes that the Bible is God-breathed Word that is perfect and flawless.
2. Manmin Central Church believes in the unity and the work of God the Trinity: God the Holy Father, God the Holy Son, and God the Holy Spirit.
3. Manmin Central Church believes that we are forgiven of our sins only by the redeeming blood of Jesus Christ.
4. Manmin Central Church believes in the resurrection and ascension of Jesus Christ, His Second Advent, the Millennium, and the eternal heaven.
5. Members of Manmin Central Church confess their faith through “The Apostles' Creed” each time they come together and believe in its content verbatim.

“[God] Himself gives to all people life and breath and all things.” (Acts 17:25)

“And there is salvation in no one else; for there is no other name under heaven that has been given among men by which we must be saved.” (Acts 4:12)

# “All Things Are Possible to Him Who Believes!”

What if you were told that you would die in a few months? How would you spend the rest of your time? What if your child had an incurable disease? Regarding the answers to the questions, Mark 9:23 says, “If You can? All things are possible to him who believes.” Now we will hear from those who received the answers by believing and relying completely on God who created all things with His word and can bring the dead back to life.

Deaconess Hyunok Shin, age 78, Parish 28, Manmin Central Church

## “I Heard that I Would Die in Six Months from Colorectal Cancer, but Now I Am Healthy”

In August 2014, I had a surgery because I had colorectal cancer in the fourth stage and it had spread to my liver. However, just a week later it had spread further into my lungs, lymph glands, and breast. I was told that I would live only for around six months.

the Lord’s Day and attended Daniel Prayer Meeting every night although it takes long to go all the way from Suwon City to the church in Guro-dong, Seoul.

I received Dr. Jaerock Lee’s prayer for the sick after the sermon every service. My pains were gone without my immediately realizing it. Six months had already passed, but I was becoming more and more healthy. I even regained my appetite and slept well. I gained weight and now weigh 57kg though I had been 46kg before coming to church.

I had difficulty in breathing, so I could not walk up and down the stairs. It was even hard for me to raise my arms. I had severe pain that was like prelude to death so I could not walk. I crawled and shouted in pain day and night.

Meantime, a thought flashed through my mind; ‘I have been an atheist. What about going to church before I die?’ The next day, I called one of my acquaintances, Deaconess Minsuk Chang, and asked her to take me to her church. In September 2014, I became a member of Manmin Central Church where I experienced an amazing work of the Holy Spirit.

In October, Pastor Miyong Lee, my Great Grand Parish Pastor, came to the Suwon Local Sanctuary. While she was delivering the message, my abdomen felt hot and I sweated. I was surprised. It happened because I received the Holy Spirit. That night I was able to sleep soundly for the first time in a long time. I kept

Moreover, I was healed of the symptom of stiff muscles in my left back and difficulty moving my left side during Divine Healing Meeting of Manmin Summer Retreat held on August 3 in 2015. When Dr. Lee prayed for the sick on the stage, innumerable people went up to the stage and testified to their healing. Because I was so surprised at their testimonies, I stood up suddenly but I had no pain! I ran to the stage and glorified God testifying to my healing. Hallelujah!

In 2016, now my face which used to look sick and dark became bright and I came to walk and run without pain. I feel like I gained the whole world. I give all thanks and glory to my good God.

Brother Yow Ketsu, age 30, Tabata Manmin Church in Tokyo, Japan

## “I Was Healed of Rhinitis and Pollinosis”

For the last 2 years I had suffered from rhinitis and pollinosis. I used thirty to forty tissues to wipe my nose daily, and my eyes were so itchy that I rubbed them often such that my eyes were bloodshot. Due to runny nose, I could not lie on my back so I couldn’t sleep well. I had to use a mask outside so it was difficult to breathe. Every day of my life was a series of pains.

told me to take medicine. He said if it did not work in three months, I would have to undergo an operation.

At the right time, I heard that Rev. Heesun Lee, Manmin World Guidance Pastor, would come to Tabata Manmin Church to lead its 16th Anniversary Service and Handkerchief Healing Meeting (Acts 19:11-12). I prepared myself for healing with breakfast fasting and

prayer. In March 2016, when she prayed for me with the handkerchief that Dr. Jaerock Lee had prayed on, all the symptoms were completely gone. Hallelujah!

Sister Eucharía Izundu, age 52, GCN viewer in New Jersey, U.S.A.

## “By the Power of Re-creation, the Gender of My 9 Month Old Fetus Changed”

Sister Eucharía Izundu (Right) with Dr. Anneliese Iwu

I received much grace in the United States through Dr. Jaerock Lee’s sermons broadcast on GCN, and in May 2014, I visited Manmin Central Church. In October, I registered in Manmin as a member. In 2016, I personally experienced the power of re-creation.

My brother is Jude Chinyere. His wife conceived a baby. They already had two daughters so they wanted a son. But the fetus was a girl. I had seen and heard countless powerful works and the testimonies that the gender of fetuses in mothers’ wombs changed through the prayer of Dr. Lee. So, on August 31, 2015, I sent a prayer request by email to the church through Dr. Anneliese Iwu, first aid specialist.

On February 10 in 2016, I had a mysterious dream. Dr. Lee appeared in the dream and changed the fetus’ gender to a boy. He seemed to have a key in hand and turned the key. On that very day, I heard amazing news that my brother’s wife delivered a healthy son although just a month ago the ultrasonography had shown that it was a daughter! Hallelujah!

My brother’s family, that experienced this amazing work of God, all registered in Manmin Central Church. I give all thanks and glory to God who performed a miracle for them. I also give thanks and love to Senior Pastor who prayed for them.

## “My Son Was Autistic but Now He Is a Bright and Smart Child!”

Deacon Junok Kim,  
age 40, Parish 12

In 2006, my lovely son was born. When he was three years old, we put him in a Day Care Center. One day, a nursing teacher told me that he showed uncommon behaviors. She advised me to consult with a pediatric psychiatrist on his state.

We went to see a psychiatrist and had him checked through various tests. My son showed delayed language development, separation anxiety, parental confusion, lack of affection, and hyperactivity disorder. He had difficulty in social interaction. I was too shocked to accept the reality.

He took treatment courses for more than two years, but he showed no improvement. In the end, he was diagnosed with autism and class 1 mental retardation.

◆◆◆

One day, I witnessed my son repeatedly knocking his head against the floor. It was not until then that I could face the reality that my child was autistic.

I had attended church by the guidance of my wife. I had been healed of atopic dermatitis and once led a Christian life full of the joy of salvation. However, after I started my

business, I changed and often skipped Sunday Services saying I was busy conducting business.

Now I could do nothing else but turn to God for help. I heard from the message that autism is caused by parents' sins and only when the parents become sanctified the child can be healed. I started to repent that I had forsaken the grace of God and lived as I wanted.

◆◆◆

I closed my business for my child and moved to a house near the church. I attended every kind of services and Daniel Prayer Meeting every night. My wife often wrote a message of belief and thanks on thanks offering envelopes with belief that our son would be healed.

When we repented and relied only on God, our son Minsung started to change. He had not been able to make eye contact with others but he came to interact with teachers and friends without difficulty. He happily joined the activities in Manmin Kindergarten.

His positive change seemed to go hand in hand with my spiritual growth. My faith used to be lukewarm without longing, but I was given a God-given

duty and came to work faithfully with a thankful heart for the Lord's grace. I gave God the offering of joy and thanks.

◆◆◆

As I did so, my child showed rapid improvement. He came to think and behave in the way he hadn't been able to think and behave. I could feel his heart and thoughts expand. He improved so quickly that before he entered elementary school he underwent examinations for autism again. The results showed that he was normal in all parts except for verbal expression ability. His mathematical ability and space perception ability were better than normal children, which surprised the doctors.

He could enter a regular elementary school, and now he is a fourth grader. He gets along well with his friends and shows active performance in all activities. He is a member of Praise Team of Children's Sunday School. He is growing up as a child who loves to praise the Lord. I give all thanks and glory to the living God who has been working for us.

## “While Facing the Dangers of Repeated Miscarriages and Down Syndrome, I Delivered My Healthy Child, Hankyul”

Deaconess Mikyung Lee,  
age 45, Parish 1

I got married in 1998, and for five years I had no child due to repeated miscarriages.

In April 2003, I received Dr. Jaerock Lee's prayer for it. Two months later, I felt an abnormal symptom so went to an ob/gyn. I heard the good news that I was eight weeks pregnant!

I was afraid of another miscarriage, but God protected the baby. When it was in the thirteenth week, however, I was told that chances were high that my baby had Down Syndrome because of chromosomal abnormality. The doctor advised me to give the baby up and try to have another baby.

But I couldn't do it.

I did not know what to do, but many testimonies of my church members who had experienced the power of God through Senior Pastor's prayer came to my mind like a film. At the moment I was assured that my baby would be born normal if I received his prayer.

A few days later I had a dream and in the dream Senior Pastor showed up. I said to him, "I got pregnant! Please pray for me." Then he laid his both hands on my abdomen and prayed for me. When I woke up from the dream, I was convinced that I had already received the answer.

Afterwards, my wrongdoings that disappointed God popped in my mind while

I was praying, so I repented thoroughly. I felt so good and refreshed. In late July, I had another ultrasonography. My doctor tilted his head and said, "The fetus in your womb is normal!" On January 20, 2004, I delivered a healthy son who weighs 3.6kg, and named him Hankyul which means "unchanging" because I want him to love God unchangingly during his life.

◆◆◆

He grew up well and now he is thirteen years old. While I was watching him grow up, I felt so thankful to God. With my grateful heart, I volunteer as a member of Stage Art Team which makes ornaments and props for the church's big events such as Christmas. My husband Deacon Sungoh Kim also works as a small group leader and has received recognition as a good worker in his workplace.

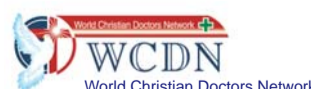

I give all thanks and glory to God who gave us Hankyul. He is God's gift and blessing for us to have a peaceful family.
