God's Explosive Power, By Which Nothing Is Impossible, Unfolded in Manmin Summer Retreat 2017!

From August 7 to 10 in 2017, Manmin Summer Retreat was held in Deogyusan Resort in Muju, Jeonbuk Province under the main theme of "Power". This year it was attended by those from 37 countries. The works of controlling

the temperature through wind, rain, and clouds occurred, which allowed for the people in the retreat venue to enjoy cool and pleasant weather though heat warnings were issued in areas adjacent to the venue.

In particular, Senior Pastor Dr.

Jaerock Lee prayed for people with mental problems, which is a growing problem in the modern society. Many people from in and out of Korea were set free, and the members made up their minds to become spiritual warriors that

shine in the end time full of sins.

Many people were healed of diseases and injuries such as comminuted fracture, facial paralysis, hypothyroidism, and sudden deafness. Many deaf members came to hear.

"Manmin Is Perfect!"

Pastor Aleksandr Samonov,
Bishop of the Kaliningrad
Pastors' Association in Russia

I attended Manmin Summer Retreat 2016 for the first time, and I was struck with spiritual awe. Everything worked in a systematic way, and it was

perfect. The church members including the workers worked hard with hearts of love for the church and the shepherd. It was amazing to see the members as well as pastors praying fervently every night.

I came for the Manmin Summer Retreat again this year, and I now better understand 'Manmin'. I felt all of the members' great longing for the manifestation of signs, wonders, and powerful works through Dr. Jaerock Lee. Amid their longing and expectation, many signs, wonders, and powerful works happened through Dr. Lee's prayer.

On the first night, the message was wonderful. And, when I saw demons driven away through the prayer, I learned a lot. Dr. Lee explained in a great detail why and how demons possessed the people and the way to drive them away. I was so greatly blessed through his explanations.

The weather was cool and quite pleasant as well. The temperature was controlled according to the situation. Also, a number of people were healed of their diseases and gave their testimonies. Witnessing such signs, wonders, and powerful works, I was really happy.

On the second day, we had the Manmin Athletic Meet. I felt the strong unity of Manmin members. They were one in love. On the third day, I was surprised to see the magnificent stage of the Campfire Praise and Worship. How could a church hold such a big event in such an orderly manner! The technology, stage, lights, and music were amazing but the spirituality impressed me even more.

I hope my church members will love God from heart as Manmin members do and the holiness gospel will spread all the more widely!

Senior Pastor Dr. Jaerock Lee

“God is spirit, and those who worship Him must worship in spirit and truth” (John 4:24).

The theme of Manmin Summer Retreat 2017 was ‘Power’. God who is spirit is goodness and love, and His goodness and love unfold in the form of the ‘power’. I urge you to understand His love and goodness in which He performs amazing power.

1. There Is Nothing Impossible for God.

Jeremiah 32:27 reads, “Behold, I am the LORD, the God of all flesh; is anything too difficult for Me?” Before I believed in God, I was on the verge of death due to 7-year-long battle with diseases. From head to toe, not a single part of my body was unaffected; I was called ‘a disease-department-store’. But when I knelt down before God, all of the diseases were healed at once. As I began living by the Word of God, I started to receive financial blessings.

Since I met the living God, I believed every word of the Bible. For the last 44 years since I met God, I have lived by the faith that ‘nothing is impossible to him who believes’. God was pleased with my faith and He has answered every single prayer of mine. When I prayed for the sick, God healed them. When I prayed for their financial problems or various difficulties, God solved them.

Again, nothing is impossible for God. At the last Summer Retreat, He showed His powerful works in a much higher dimension than ever before. The temperature was controlled as necessary, wind blew when necessary, clouds gathered when necessary, rain came when necessary and everything else was given as necessary. Everything went well for the optimal conditions in all things. When the

Ten Plagues swept across the whole of Egypt, God remarkably protected the land of Goshen where the Israelites dwelled. In the same way, God showed us how much He loves Manmin and made it clear.

As science and medicine advanced, the number of the sick seems to have decreased. But, in reality the number is increasing. According to the announcement of the Ministry of Health and Welfare in April of 2016, 25.4% of the population from 18 through 74 suffers from mental illness at least once in their lives. That is a quarter of the population! In modern medicine, the cause is said to be the failure to overcome stress. But, there is a real cause for it. It is because people sinned and they became slaves to sin. Either they themselves committed a grave sin or their parents or their ancestors committed God-detestable sin, namely, that of extreme idol-worshipping.

Exodus 20:5 reads, “You shall not worship them or serve them; for I, the LORD your God, am a jealous God, visiting the iniquity of the fathers on the children, on the third and the fourth generations of those who hate Me.” Some people worshiped idols to an extreme. They engraved their names on the things of Buddhist temples or performed ritualistic exorcism. From among the descendants of shaman’s, the descendants have a higher percentage of congenital abnormalities and rates of mental diseases. Many alcoholics and those who commit suicide are found among them. It was because they disobeyed God, consequently God turned away from them and they fell prey to the enemy devil and Satan.

It is never easy to destroy the walls of sin built generation after generation and to be released from the curses. It is because they had already been handed over to the devil according to justice, so to bring them back to life requires an equivalent price. Even though they themselves or their family repented once or twice, and although they faithfully serve as volunteers, they cannot receive answers easily. A family with a mentally ill member usually has little love between the family members.

Mark 7 shows the Syrophenician woman received the solution of her daughter’s demon-possession because she had firm trust in Jesus and was

exceedingly humble. Now sins and evil are much more rampant and darkness is much stronger than in Jesus’ time. For those wretched people God allowed for His only begotten Son, Jesus, to be flogged and bleed. It was to set the believers in the Lord free from all kinds of diseases (Isaiah 53:5).

In this end time filled with sin and evil, God has given special grace to people. It is the ‘power of re-creation’. The power of re-creation is given to a person when that person endures all the pains that mankind cannot endure and fills up a measure of justice. When anyone trusts and comes to such a servant of God who has built up the measure of justice, just as the Syrophenician woman came to Jesus with faith, that person can experience the power of re-creation. It is because when the light shines, darkness goes away. When the light of the power of re-creation shines, the enemy devil and Satan go away.

When the forces of darkness go away, the person’s problems are naturally resolved. Their minds are made whole and all kinds of problems in the body are resolved as well. A person who is deaf and mute due to demon-possession comes to hear and speak when demons are driven out. The paralyzed body is loosened, epilepsy is gone, and various kinds of diseases including shingles are healed. It is because God is our Healer (Exodus 15:26).

2. God Knows the Heart of People.

The latter part of 1 Samuel 16:7 says, “...for God sees not as man sees, for man looks at the outward appearance, but the LORD looks at the heart.” How do you feel when you hear that God knows your heart? Is anxiety and fear felt in your mind or, do you find warm comfort and strength in it? If you believe the judgment and disasters of God have deep meaning of goodness and love, you will find comfort and strength from the fact that God knows your heart.

Psalms 103:13-14 says, “Just as a father has compassion on his children, so the LORD has compassion on those who fear Him. For He himself knows our frame; He is mindful that we are but dust.” God created our bodies, so He knows accurately what kind of problems occurred to our body. He can clearly see the conditions of our

internal organs and intestines as with the Photo-Pill-Cam or by an X-ray machine. When the ray of healing beams out, the light reaches the exact part affected by sickness and heals (Malachi 4:2).

God knows our heart in the same way that He knows our body. He knows every detail of what kind of heart each of you has. He knows the kinds of evils and sins you have to throw away to receive healing and answers. He knows which evil attribute you have most among jealousy, arrogance, hot-temper, or adulterous thoughts. He knows how your self-righteousness and self-centered frameworks have been formed and just how far each person is distanced from God’s righteousness. Because He knows everything about you He helps you discover yourselves, gives you the spirit of repentance, and gives you grace and the strength to throw those things away by the Holy Spirit. This way He helps you to cultivate your heart-field quickly and accomplish sincere hearts (Ezekiel 36:26).

The original cause of mental diseases is sin. Many of such diseases come from the problem of attitude and way of thinking. Suppose you were severely shocked by something. It may directly cause you not to be able to control your mind. Then, your heart will be hurt and shattered into pieces. You will tightly lock the door of your heart to the outside. As God is spirit He knows accurately the problems of your heart and the condition of your spirit concerning the cause of your disease. And the Holy Spirit who dwells in you searches the depths of God so He can heal any kind of heart (Isaiah 61:1).

Thirty-seven-year old Deaconess Eunsook Kim saw her parents arguing all the time when she grew up. Her parents eventually divorced, and she was deeply hurt in her heart. It developed into hatred and anger, and she eventually suffered from depression. She went to see a famous psychiatrist and was treated with medication, but it was useless. As the final resolution, she began looking for God. On July 28, 2013, she registered and began attending various worship services and the Daniel Prayer Meeting.

Meantime, she had a dream of removing a white-worm that was

about 30 centimeters long from her forehead. From that time on her depression improved. As she continued to make bread of the word of God, the depression completely disappeared. If you have deep wounds in the heart, please depend on God who knows everything about you. Let go of the disturbance of your mind and desperately look for God's gentle touch.

3. God Wants His Children to Accomplish Whole Spirit and Dwell in Great Glory Forever.

While a daughter is away from home for days, the parents miss her and wonder how she is. Even when fully grown children leave home or get

married and move out, the parents still miss and desire to see them so much!

How much more love does God, who is spirit, have for you? To His children who have faith and whom He loves, He always wants to give them good things and moreover, the best thing. Numbers 6:24-26 says, "The LORD bless you, and keep you; the LORD make His face shine on you, and be gracious to you; the LORD lift up His countenance on you, and give you peace." It is to this highest glory that our love-abounding God eagerly wants to give eternally to His children who have faith. He wants all of them to enter into New Jerusalem, share love with Him, and to enjoy the happiest moments.

Our Lord had the same heart and told His disciples as the following: in Luke 22:30, He said, "that you may eat and drink at My table in My kingdom, and you will sit on thrones judging the twelve tribes of Israel." As the Lord guided them with such love, His twelve disciples, including Mathias (and not Judas Iscariot) fulfilled their duties of the spreading of the gospel and gained the glory of entering New Jerusalem.

God gave me the mission of filling the City of New Jerusalem. To perform this duty, I have filled the measure of justice fully for the 100% completion of the power of re-creation. It is because this duty will be completely fulfilled when the heart of people changes by the

power of re-creation. The reason God has shown His power through countless signs and wonders is that He wants you to achieve whole spirit and enjoy the glory of New Jerusalem.

Dear brothers and sisters in Christ, our God is spirit, and He is so great that people cannot measure His greatness. This great and magnificent God is performing His great and amazing power with wonders in heaven and signs on earth for such a small and lowly person as you. I pray in the name of the Lord that you will understand the heart of God who wants you to achieve whole spirit and bear the fruit of joy quickly for Him.

Testimonies

"My Son Was Healed of Autism!"

Sister Yulia Gorelova, age 41, the U.K.

My son was autistic. He often banged his head against the wall, shouted, and lost his temper. When spoken to, he did not respond to my husband or me. He did not recognize what was happening around him. He couldn't speak but made sounds like that of animals. We became weary taking care of him.

Meantime we attended Manmin Summer Retreat 2016. From then, he did not shout and he would respond to us. When we told him to close the door, he closed the door. When it rained or snowed, he said, "Rain!" or "Snow!" although previously he hadn't been able to recognize elements of the weather. He was even able to tell one kind of food from another.

We attended the retreat again this year. After he received the prayer in Divine Healing Meeting, his symptom improved more. He came to be able to wear his belt by himself and call us as mom and dad. He became better at expressing himself. Above all, he had a smile on his face. I give thanks to God.

"I Was Set Free from the Work of a Demon!"

Junior Deaconess Eunhyung Park, age 47, Parish 15, Manmin Central Church

I had pain in my legs and epileptic fits. I wanted to receive healing and repented but I still did not live by the Word. Because of the pain in legs, I needed crutches to walk. Meantime, Senior Pastor Dr.

Jaerock Lee said that in the following summer retreat people with mental illness or possessed by evil spirits would be freed and healed. After I heard this, I prepared myself with all my heart.

I offered up breakfast-fasting and listened to Senior Pastor's sermons "The Message of the Cross". I also attended Manmin Prayer Center's Divine Healing Meeting and repented of my past. One day, I was receiving Senior Pastor's prayer for the sick. Suddenly a sound was heard; it said "I won't go out! I'll stop you from going to the retreat! Break that machine which is playing the recorded prayer for the sick!" And I got a headache. Then, I realized that there was something in me.

When Senior Pastor was praying during the Divine Healing Meeting of the retreat, my body began to tremble. I felt scared, and had such a severe headache that I blacked out. I later heard about the demon that had been in me. She had been excluded and ostracized by her friends in her schooldays. Unable to endure loneliness, she committed suicide. She had possessed me because I had always thought that I had been abused by my family and left alone all the time. Previously I had even wanted to commit suicide.

I could not find meaning in my life and there was nothing I wanted to do. I just watched what I shouldn't have watched and became addicted. Meantime, I heard a sound of whispering and it was felt warm to me. I ended up accepting the demon. But by the shepherd's power, it was driven away and I was set free from epilepsy and pain in legs. I came to walk and jump well without pain. Hallelujah!

"I Was Healed of Depression!"

Sister Yanggeum Shin, age 23, Western Busan Manmin Church

I suffered from depression from the age of 16. I lived daily with worries and anxiety. My heart felt dark, and I had nightmares every night. I was lethargic, and went to many neuropsychiatry hospitals and took many medicines. I even made two suicide attempts.

However, I attended the handkerchief healing meeting held in June 2017 conducted by Manmin World Guidance Pastor Rev. Heesun Lee (Acts 19:11-12). After darkness was driven away through the prayer, I was not sick any longer and did not have nightmares. Sometime later, something moved in my stomach so strongly that my back moved, and then black and round smoke came out through my mouth.

I wanted to receive healing completely, and prepared myself for this year's retreat. One week before the retreat, I had a dream, in which Senior Pastor laid his hand on my head and I saw red flame of fire. And another blue flame of fire went through my whole body from head to toe. After the dream, I was convinced that I had been healed. And through Senior Pastor's prayer on the first night of the retreat, I felt that I was made whole and gave my testimony on the stage. Hallelujah!

"The Shepherd's Power Changed My Wife!"

Brother Ting Chung Jenn, age 29, Malaysia

My wife, Lau Mei Ung, got really bad breath at some point. When she got angry and burst with anger, her breath smelled worse. She was unable to pay attention to sermons during worship services. She could not pray and started to have a bad memory.

She grew up in an unhappy home environment. As her brother had Down syndrome, her parents naturally took more care of him and she felt rejected and neglected in her family. She thought nobody loved her, and often felt envious. After her mother died of uterine cancer when she was 19, she lived in sorrow and fear, and put up many amulets with various images including those of dragons. As she grew up in such environments, she became hot-tempered easily and could not control herself. Sometimes a horrible thought came to her mind that she would beat up others and choke someone to death.

Meanwhile, she came to feel something in her while listening to Senior Pastor Dr. Jaerock Lee's messages. From the Friday prior to the summer retreat 2017, she looked very nervous and asked me to help her. I prayed for her and prepared for the retreat with longing.

After the retreat seminar, the Senior Pastor began to pray. My wife tried to close her ears and her body shuddered violently. She started to shout loudly. She called out like a baby, "Mom! Mom!" The demon of a baby was revealed, and the demon of her mother who had killed the baby was also revealed. But by the power of the shepherd, the demons were driven out. Afterwards, my wife's face became so different; it is bright.

By the shepherd's power of re-creation, God freed my wife who suffered from demons and were destined to keep suffering, and He gave her true peace. I give thanks to God.

“I Received Healing of Bad Eyesight and Aftereffects of Spinal Tuberculosis!”

Sister Nancy, age 24, India

Before Manmin Summer Retreat 2017, I read Senior Pastor Dr. Jaerock Lee's books *The Message of the Cross* and *God the Healer*, and prayed and fasted to receive answers and healing. On the first night of the retreat

I attended the seminar without my eyeglasses to receive healing with faith though I had worn glasses since I was ten. After receiving Senior Pastor's prayer, I came to see clearly without them.

I came to see things in the distance and read small letters very clearly. Moreover, I was set free from pain caused by aftereffects of spinal tuberculosis. I had no pain at all when I praised during Campfire Praise and Worship with my husband. Hallelujah!

“I Was Healed of Comminuted Fracture and Came to Walk without Crutches!”

Senior Deaconess Jeomok Park, age 55, Changwon Manmin Church

In February 2017, I fell down the stairs. My two ankle bones were broken into 13 pieces, and my elbow was shattered like powder. The tendon of my left finger was torn. The doctor said it was such a serious injury that I would be crippled even after several surgeries.

However, after I received the handkerchief prayer, the pain disappeared and bleeding stopped (Acts 19:11-12). After I received Senior Pastor Dr. Jaerock Lee's prayer, I came to stand up by myself and my whole body felt better. On August 7, in the Divine Healing Meeting of the retreat, I received the prayer for the sick and came to walk without crutches! Even the leg bones that were misplaced came back to their original places. Hallelujah!

“My Leg Veins Recovered, and the Skin Color Changed to Normal!”

Pastor Shlomy Abramov, age 59, Israel

The veins under the skin of both my legs were dead. It caused serious edema in my legs, and since it caused a problem with blood circulation, my leg skin was dark purple. When I left Israel for Korea, I needed a cane to walk. However, when I

arrived at Incheon International Airport, I came to walk without the cane.

On August 4, I received Dr. Jaerock Lee's prayer. Then, the dark purple color of the legs changed, and the pressure I had felt on the veins was gone. I felt a sense of the touch on the legs. During the summer retreat, it improved quickly. I even had fun in the tug-of-war game in Manmin Athletic Meet. The shepherd's power is truly amazing!

“I Was Freed from Lower Abdominal Pain Caused by Stress”

Sister Watanabe Erina, age 22, Japan

I felt pain in my lower abdomen since November 2016. While I was studying design, an overload of stress caused the pain. To receive healing, I looked back upon myself and repented. I prepared myself for the retreat with prayer. When I received

Senior Pastor Dr. Jaerock Lee's prayer during the retreat, I was healed. And I felt no pain throughout the retreat. I give thanks to God who worked on a person that had such weak faith like me.

“My Son Was Healed of Gastritis as Soon as We Arrived in Korea!”

Sister Anna Guo, age 45, Singapore

For more than two years, my five-year-old son coughed a lot, had a headache, fever, and often vomited after eating. He was diagnosed with gastritis. His symptoms did not improve even with all kinds of methods including

medical treatments and folk remedy. However, after we arrived at Incheon International Airport, he ate well and showed no symptoms at all. He did not even feel tired while in Korea. Hallelujah!

“I Was Set Free from Pain in My Back and Ankles!”

Sister Tsoi Jevgenia, age 43, Estonia

I had wanted to visit Manmin Central Church in Korea with great longing. While listening to Senior Pastor Dr. Jaerock Lee's sermons, I was so happy and blessed through the message. Moreover, I was healed of pain

in my back and ankles by Senior Pastor's prayer. I felt so good. In the space full of God's love and blessing, everything was felt so wonderful to me.
