## Holy Spirit's Works by Handkerchief

For delivering the love of Jesus Christ's cross for human salvation at this sin-and-evil-filled end time, the manifestation of the living God's works is a must. It is as Jesus said in John 4:48, "Unless you people see signs and wonders, you simply will not believe."

Senior Pastor Dr. Jaerock Lee, well aware of the necessity, has shown signs, wonders, and powerful works to people. Through such works and the gospel of Jesus Christ he has led countless souls to the way of salvation, confirmed the authenticity of the Bible and shown the

existence of the living God.

Acts 19:11-12 states, "God was performing extraordinary miracles by the hands of Paul, so that handkerchiefs or aprons were even carried from his body to the sick, and the diseases left them and the evil spirits went out."

Today as well through the handkerchief on which Dr. Lee prayed, an untold number of people have experienced the Holy Spirit's works worldwide. Due to the experiences, they accepted the Lord and gained true life. It is the great grace given by God who desires all men to be saved

and to come to the knowledge of the truth.

The works are so great and amazing that handkerchief healing meetings have been conducted not just nationwide, but all over the world as well. Moreover, as Dr. Lee's power increases the healing works are manifested faster and more greatly.

Until the 7.6 billion people in the world are led to the bosom of the Lord, Manmin Central Church will never stop the march of faith for national evangelism and the world mission throughout 2018.

### "I was a paraplegic due to a rare disease, but I came to walk!"

**Brother Mac Joseph Delfin, age 25, Cavite Manmin Church, Philippines**

Not long ago, my family members were devoted Catholics, but we became Christians. Since then, we've been filled with great joy. This amazing change started from an unexpected incident that happened to me.

In September 2017, I had a headache and high fever. I was diagnosed with Guillain-Barré syndrome caused by the immune system

damaging the peripheral nervous system. Because it was a rare disorder, there was no cure but vitamin injection. It caused me to become paralyzed from the waist down. My face and esophagus were paralyzed too. I took in food through a tube connected to my nostrils.

While I was in hospital for a month, the symptoms improved a little. But I still couldn't move the lower body parts at all. I had no hope and felt troubled both in body and mind. I was told at the hospital to leave hospital because no improvement was expected for the time being. On October 26, I moved into my grandmother's house near the hospital.

Two days later, some people visited my grandma and me. They said to me, "You will be healed of your disease by the power of God. Many signs, wonders, and powerful works of God have been manifested by our Senior Pastor Dr. Jaerock Lee's prayer."

They said the church would have a handkerchief healing meeting led by Rev. Heesun Lee and there would be countless works of healing and answers. With the help of my family I decided to go to Cavite Manmin Church and attended the meeting in a wheelchair.

On December 3, 2017, Rev. Heesun Lee prayed for me in the meeting with the handkerchief on

which Dr. Jaerock Lee had prayed (Acts 19:11-12). I felt the fire of the Holy Spirit coming over my whole body. I started to sweat all over my body and felt strength in my legs.

I stood up from the wheelchair and started to walk with others' help. It was amazing!

But more amazingly, I came to walk relying on the walking frame after I got home and two days later I could walk on my own!

All my family members accepted the Lord after I was healed of my paraplegia. I give all thanks and glory to God who healed me and led all my family members to the way of eternal life.

### A Hindu and a Buddhist accepted the Lord!

Sister Tara Singh, age 28, in India used to be a Hindu and she had blood cancer. She had no energy and suffered from serious pain and itchiness. One day, she was guided to Delhi Manmin Church. She received the handkerchief prayer there. Afterwards, she

went to hospital for a check-up and the doctor said cancer cells were gone! She said, "I am happy to meet God the true Deity. I am now a Christian. I have been preaching about the Lord who healed and renewed me to other people."

Sister Kunnang Jaikaewoo, age 38, in Thailand was a Buddhist. She was curious when she heard about the handkerchief healing meeting in Chiang Rai Manmin Church. She attended it and accepted the Lord there. She stated, "I saw a number of people testify to their healing. I had never had a spiritual experience when I was a

Buddhist although I had served sincerely. But God is truly alive. I couldn't but accept Jesus Christ as my Lord because there were so many reliable evidences." She said her son had also been healed of his skin disease by the handkerchief prayer.

# My Faith and the God-given Faith

“And Jesus seeing their faith said to the paralytic, ‘Son, your sins are forgiven’... And he got up and immediately picked up the pallet and went out in the sight of everyone, so that they were all amazed and were glorifying God, saying, ‘We have never seen anything like this’”  
(Mark 2:5, 12).

When Jesus was at Capernaum, a paralytic man came to the house where Jesus was. He had heard about Jesus before and came by the help of his four friends who carried him on a pallet. But because of the crowd, he could not get into the house. His friends opened the roof of the house and let down the pallet. Eventually, he went before Jesus and seeing the faith Jesus healed him right away.

As in his case, nothing is impossible with faith. Now let's delve into how to receive answers quickly when it comes to faith.

### 1. You have to show faith from your side, which is to set up a 'prop of faith'.

Here, 'faith from our side' refers to fleshly faith, which is faith as knowledge. We believe God created the heavens and the earth and all things in them with His word. We believe Jesus died on the cross for our sins and resurrected on the third day. This is the faith as knowledge that we can have from our side. It is gained by hearing sermons or reading the Bible. It plays the role like that of a prop that enables us to receive the spiritual faith which is given by God and brings down answers.

The paralytic man and his four friends had this prop of faith. They

certainly believed that Jesus could heal diseases. And they showed that their faith was true through their actions. They did their best to firmly set up the 'prop of faith' from their side. Jesus saw their faith in their actions and immediately responded to it saying, "Son, your sins are forgiven."

Even today, for us to receive the desires of our heart, we have to show our faith with actions and thereby prepare the 'prop of faith'. There is a minimum prop of faith we have to show to receive answers. Only when you come at least with faith as knowledge by listening to the basic messages such as "God the Creator" and "Why Is Jesus Our Only Savior?" can you experience divine healing works. Some people, though they are believers, get involved in accidents or get serious diseases and come to receive prayer. Then they have to know the two most basic commandments; Keep the Lord's Day holy and give whole tithes, and repent that they didn't keep them (James 2:26).

When you show your faith in actions, you can set up a firm prop of faith for receiving answers from God. In some cases, you have to pray earnestly and even fast if urged by the Spirit to receive answers. Depending on each one's measure of faith, you might also have to do good deeds such as evangelism, voluntary service, or charitable work by the urging of the Spirit.

When you show your faith with actions, which is to set up the prop of faith from your side, spiritual faith can be given from above.

### 2. You must not have any barrier of sin before God.

Today's reading passage, verse 5 says, "And Jesus seeing their faith said to the paralytic, 'Son, your sins are forgiven.'" Because Jesus knows the spiritual law very well, He first gave him forgiveness of sin before the healing.

Isaiah 59:1-2 says, "Behold, the LORD's hand is not so short that it cannot save; nor is His ear so dull that it cannot hear. But your iniquities have

made a separation between you and your God, and your sins have hidden His face from you so that He does not hear." If you have a wall of sin against God, even if you've prepared the prop of faith, you cannot receive answers from God.

If people have a barrier of sin, Satan can trigger negative thoughts so that their prop of faith can't be set up firmly. It can cause doubts to block the possible answer, and may even cause the loss of faith as knowledge. They might even consider other peoples' testimonies or their own past experiences as coincidences. Therefore, in order to receive the answer with faith, we must not have a barrier of sin before God.

Now, is there anybody who loses heart thinking that God will not give you an answer because you committed sins? 1 John 1:9 says, "If we confess our sins, He is faithful and righteous to forgive us our sins and to cleanse us from all unrighteousness." According to this verse, if there is a wall of sin, first, you have to honestly confess your sins before God. And if you turn from sins and walk in the Light, you can be forgiven of all sins by the blood of Jesus.

Having no sin in this way, if we firmly set up our prop of faith, it means we have finished the preparation to receive the answer.

### 3. You have to receive the gift of spiritual faith from God.

No matter how well we have prepared, we can't receive the answer as long as God doesn't give us spiritual faith. In verse 11 of today's reading passage, Jesus said to the paralytic man who was on a pallet and let down from the roof, "I say to you, get up, pick up your pallet and go home." This was not words from faith of the paralytic man or the faith of his friends. It was a profession of faith of Jesus.

The paralytic man and his four friends set up the prop of faith, and Jesus put spiritual faith on it. Then the miracle took place. The man who had been paralytic for a long time stood up on his own, picked up his pallet and

walked back home. When spiritual faith, with which we can believe from heart, comes down from above, the change and answers can take place instantly.

The walking on water by Jesus' disciple, Peter, did not happen through Peter's own faith. Peter believed that a miracle could take place if he was with Jesus. That is why he said to Jesus, "Lord, if it is You, command me to come to You on the water." It means he laid the prop of faith. When Jesus told him to come, he was given spiritual faith from above and could walk on the water.

But then, while Peter was walking on water, he became afraid of the wind and he began to flounder. Namely, when Peter's prop of faith began shaking and eventually fell, the miracle of walking on water also ended. This is the spiritual principle which you should understand very well.

Therefore, in any matter, you have to set up the prop of faith with your best effort, and you should pray that God will give you the spiritual faith from above on top of your own faith. You shouldn't just act recklessly according to your own ways and thoughts saying that you prayed and fasted. If you really prayed with faith in God in your heart, you should also wait until spiritual faith is given from above.

An answer is given at the time when God gives you the gift of spiritual faith. Just like dry land is soaked with rain, when your heart is filled with the faith given by God, any kind of problem will be solved.

Dear brothers and sisters in Christ, God can answer the prayers of the ones whose souls prosper (1 John 3:21-22). But we should remember that for big answers for the kingdom of God, it cannot be done by one person's individual effort. The whole church has to put up the prop of faith together. I pray in the name of the Lord that you will understand this spiritual principle well, so that you can receive answers to all your prayers and give glory to God.

# Fragrance of Christ

2 Corinthians 2:15 states, "For we are a fragrance of Christ to God among those who are being saved and among those who are perishing."

As said, Christians have to lead many people to the bosom of the Lord by giving out the fragrance of Christ and becoming the light and salt of the world.

What, then, is the fragrance of Christ like?

## The fragrance of humbleness and service

Jesus said in Matthew 20:28, "Just as the Son of Man did not come to be served, but to serve, and to give His life a ransom for many." The people around Jesus felt His humbleness and service.

Jesus is the Son of God, and He performed signs, wonders, and amazing powerful works so that people could believe He is the Savior.

However, He did not want to be served. Rather He lowered Himself and served people. He sometimes could not eat or sleep because there were so many people coming to Him. He served them from the depth of His heart. The fragrance of His humbleness and service touched and changed the hearts of people.

Thus, Christians should follow His example by humbling themselves and serving others, and thereby give out the Christ's fragrance of humbleness and service.

The thing is, you should give out the

fragrance naturally from the heart, not from well-refined manners or education that are of form without heart. Only then can you open the heart of others and gain their trust. The gospel you try to deliver to them can then be planted in their hearts.

Some people seem to humbly greet their superior, but they speak ill of him behind his back. Some superiors do not return their subordinates' greetings or they do not even acknowledge their subordinates' greetings. These actions are far from humbleness and service.

Some people may feel upset and even get angry when they are scolded for their mistakes, when they are admonished or given advice. In this case, they should be aware of the desire to be lifted up and served in their hearts. Because of such attributes in the heart they hate to listen to admonishment or comments revealing their shortcomings.

Or, when someone says something that is against your thought, you may pass judgment on his remark based on your own viewpoints. But in most cases your judgment may be different from the fact.

That is, when you put yourself higher than the person, you may feel uncomfortable and it may lead to conflicts with him. However, if you lower yourself and try to understand him, you will not cause any trouble with him. To understand him, it is very important that you should listen to him until he finishes his sentences. Then, you can better understand why he had to say what he did. You can also feel what he has in his heart like his hope to be loved, or a desire to gain more recognition, or a wish to do better on something. Then, you can give better answers to him.

This fragrance of Christ that is given out in humbleness and service will surely touch others' hearts.

## The fragrance of love

Although Peter denied Jesus three times, Jesus never forsook him. He rather understood his weakness, forgave him, and strengthened him again. Paul at one time pursued and persecuted those who believed in the Lord Jesus, but the Lord came to him, forgave him, and made him His apostle. This love of the Lord renewed them and made them His apostles.

It's the same with us. The love of the Lord's cross melted our heart. The Lord was scourged all over His body, wore the crown of thorns, and His hands and feet were nailed through on the cross. In the end, He died on the cross shedding all His blood to save us when we didn't even know Him or believe in Him. As we realize the love of His cross, we may feel thankful and shed many tears. When we keep the love of the Lord who sacrificed completely for us and we show the love to others, we can give out the fragrance of Christ.

It's the love that doesn't want anything in return. It is the love that continually

gives unsparingly. It is the love that forgives even those who harm us as the Lord forgives us of our sin and iniquities. If we emit this fragrance of love, other people can feel it and change. Spiritual love can melt the heart that is as cold as ice, and it can soften the hardened heart.

Those who give out this kind of spiritual love will be loved by others, too. Some of you may think, "Why am I not loved by others? Is it because my physical appearance or my social status is not good enough?" You don't have to try to gain such fleshly love. Fleshly love won't last long. It is just temporary. Such love can change easily when your physical attributes change or when someone who is better shows up.

In order to gain unchanging, true love, your spirit, which is the essence of your being, should be renewed. That is, you should have the heart of goodness void of evil and the heart of spirit without flesh. When you give out the fragrance of Christ with the heart, you will be

definitely loved by others. Such love is true.

The fragrance of love that comes out from the heart of spirit can touch the heart of everybody. It is soft, warm, and true. When you give out such fragrance, people will open their hearts to you and give love from the depth of their heart back to you.

True love is to care for everything that belongs to the other person because you love the spirit of that person so much. God the Father also loves our spirits, not our appearances (1 Samuel 16:7). It is from our hearts that we also believe and love God who is not seen.

Proverbs 8:17 reads, "I love those who love me; and those who diligently seek me will find me." If we keep God's commandments because we love Him, our souls will prosper, everything will go well with us, and we will receive the blessing of good health. That is, we can receive love from God, experience Him, and enjoy lives of abundance even on the earth.

## “The serious pain caused by urinary stones was gone when my eyes met his eyes!”

Deacon Duseok Yun, age 38, Parish 12,  
Manmin Central Church

Around noon on December 23, 2017, I went to the sports field to play soccer. It was freezing cold. I did my stretching and began playing soccer. Less than ten minutes later, I heard a sound from my left calf and felt pain. The calf became bruised and serious pain hit me. For the next 30 minutes, I had to sit still. Then, I hopped on my right foot to the car because stepping my left leg on the ground caused so much pain.

But the pain was gone by the time I received Senior Pastor Dr. Jaerock Lee's prayer recorded on Automated Response System by cellphone three times. I wanted to testify to my healing to Senior Pastor in the meeting with him that was scheduled the following day for 1-2 Men's Mission that I belong to. At 7:30 P.M. on the next day, we entered his office. While listening to him, my back felt stiff. But I didn't take it seriously. Before I left the office, I said to him, "I was healed of my calf muscle tear by your prayer.

I have no more pain. I came to walk well and go up the stairs well. Thank you."

Afterwards, I was walking to the parking lot to go home with my family. I felt pain again on my back that had felt stiff. The pain became serious as if my internal organs were cut into pieces. I could not walk. I returned to church and visited the World Christian Doctors Network office. I underwent an ultrasound, and it showed urinary stones. I endured the severe pain that made properly moving my body impossible and went to Senior Pastor's office again to receive his prayer.

I was in such great pain that I felt like fainting. The short waiting time felt too long to me. There were many church members around me, but I couldn't but move around struggling because the pain was unendurable. After a while, I walked to Senior Pastor's office to receive his prayer. He had heard about me and had been waiting for me with his office door open.

When my eyes met his eyes, I shed hot tears of repentance and the pain was gone! In my sight was only Senior Pastor. I had been a Manmin member and seen him for 23 years, but on that day Senior Pastor looked so small. He looked like a father who had sacrificed everything for his children. I realized that the years of his endurance were not easy for him and his sacrifice showed his love for me.

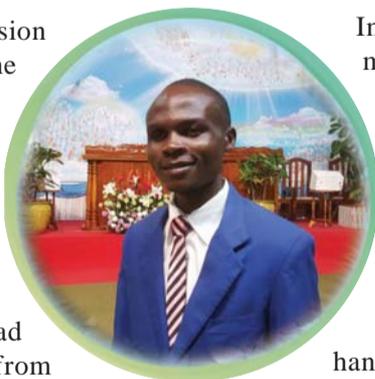

Senior Pastor bent down to lay his hand on me since I was on my knees and he prayed with his hand on my right side. The pain had already left me, and I stood up normally. I repented of my lukewarm faith to him and confessed that I would lead a fervent believing life. I give all thanks and glory to God who allowed me to experience the divine healing that made the pain caused by urinary stones disappear at once and become a new person. I also extend my heartfelt thanks to Senior Pastor who prayed for me.

## “I was healed of eye cancer, and my eye vision even improved!”

I suffered a lot due to my eye vision. I did not let others know. In my high school days, I had a surgery for cataracts in my left eye, and even my right eye had problems. The right eye was very sensitive, so even a light breeze caused pain to it and my vision decreased over time. Because of the eye problems, I could not go to school for three months. The vision of my left eye also failed more and more. I had to wear eye glasses. Later I found that I had had eye tumor, and without a surgery I would have completely lost vision.

In January 2013, I happened to read *Manmin News* my cousin brought from his church. I read through the newspaper since I like to read. I received much grace from healing testimonies because I had suffered from eye diseases. I wanted to receive healing from God as well and one day I followed my cousin. In that way, on January 6, I became a member of Nairobi Manmin Holiness Church in Kenya.

Brother Samuel Omondi Amata, age 29,  
Nairobi Manmin Holiness Church, Kenya

In the church's handkerchief healing meetings, Bishop Dr. Myongho Cheong prayed for the sick with the handkerchief on which Senior Pastor Dr. Jaerock Lee had prayed (Acts 19:11-12). I prepared for the meeting with prayer and repentance from the depth of my heart.

On January 20, I received the handkerchief prayer from Dr. Cheong.

I felt like something was moving from the right eye to the left eye and coming out. I felt like I would collapse at that moment. Then, something amazing happened. All people and everything came to be seen very clearly although I took off eye glasses. All the pain and every symptom that I had suffered from was all gone!

had interviews to become a civil servant. And I received the handkerchief prayer from Dr. Myongho Cheong again.

Amazingly, I was hired for a 6-month contract work assignment as a researcher in the medicine development research center that is under the government. Then, I prayed earnestly in Special Daniel Prayer Meeting to become a full-time employee. In reality, the situation seemed to be bleak because the government announced that they would cut the number of workers. But in March 2017, I was hired as a full-time government official. God gave the answer to my prayer.

No one could deliver me from the suffering of diseases in the world, but God resolved every problem of mine. I give all thanks and glory to God who blessed me in the shepherd's space.

I met God this way, and with thanks for the grace I began to lead a diligent Christian life. In September 2015, I applied for government office work and
