## Muan Sweet Water, The Reproduction of the Biblical Incident

### The 18th Anniversary of Muan Sweet Water, The Gift Given to Manmin

At 11 A.M. on March 1, 2018, Muan Sweet Water's 18th Anniversary Service and Celebration Performance were held at Muan Manmin Church in Muan, Jeonnam Province, Korea.

Rev. Heesun Lee, Manmin World Guidance Pastor, delivered the message entitled 'The Gift of Love' taken from Psalm 62:11. Elder Boaz Lee, President of GCN gave a congratulatory message, and Power Chorus of Performing Arts Committee and Honam Area United Performing Team gave performances. Many local guests including the heads of organizations in Hajae-myeon, Muan-gun as well as many pastors and believers came to celebrate the anniversary.

#### The reproduction of the biblical incident that happened 3,500 years ago

The Bible recounts the incident that the bitter water at Marah changed into sweet water through Moses when the Israelites were in desperate need of water in the wilderness after the Exodus (Exodus 15:25). God felt pity for those people who were thirsty and performed His power. In our times, He still pays attention to His children's cry and has shown the evidence of His love.

On March 5, 2000, God listened to the prayer of Muan Manmin Church members who were struggling in a shortage of drinking water and the salty well water from the sea in front of the church was changed into sweet drinkable water by Dr. Jaerock Lee's space-and-time-transcending prayer (relevant story on page 4).

#### The safety and excellence confirmed by USFDA

In 2007 and 2010, the safety and excellence of Muan Sweet Water was confirmed by seven kinds of tests conducted by the USFDA (Food and Drug Administration of the United States). The result shows that Muan Sweet Water is abundant in minerals and contains three times more calcium than other famous spring waters. In 2010, Muan Sweet Water was certified to be exported to USA by passing all the additional tests of the FDA. In 2013 the Muan Sweet Water trademark was registered in the US Patent and Trademark Office.

Also, there is a Muan Sweet Water Aquarium in Manmin Central Church where salt and fresh water fish co-exist in the same water. It is now a priority must-visit place in the church for many members from in and outside of Korea.

Many diseases were cleansed, and people experienced the spiritual world

For the last 18 years, countless believers transcending denominations all over the world have experienced the Holy Spirit's works when they used Muan Sweet Water with faith. They were healed, and they gained double eyelids. Plants and animals both have grown well. People's heart's desires were fulfilled as well (testimonies on page 3). When they dipped themselves in Muan Sweet Water Pool with faith, they were healed and experienced the spiritual world. Now, the Muan Sweet Water Site has become a holy land that pilgrims from all around the world continually visit.

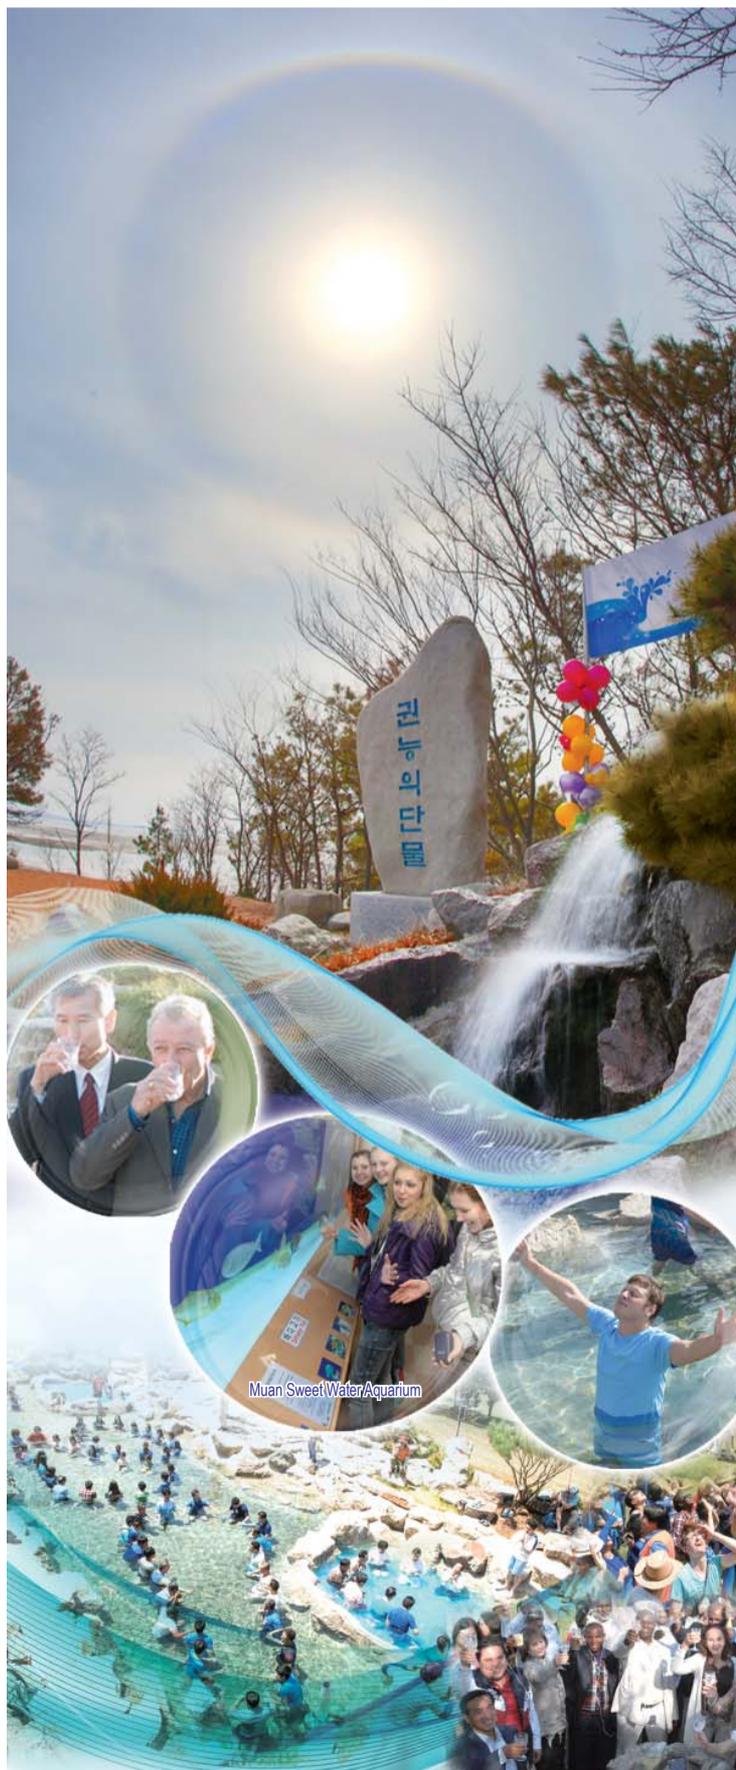

Sister Shuman, age 21, from India sprayed Muan Sweet Water on her husband when he was seized by an evil spirit and lost consciousness. Soon, he came around. Afterwards, he became so gentle and now he attends the church. Sister Edith Tiu, age 53, in the Philippines prayed for her daughter who had become violent after being paralyzed from the waist down in a car accident. She sprayed Muan Sweet Water on her daughter when she became furious and yelled in anger. Then, she became quieted.

Pastor Rita Sihotang Cusoy, age 68, in Indonesia said, "When I was watching the sky with other people at the Muan Sweet Water Site, the sunlight suddenly looked like the cross and a sound was heard saying, 'You've been healed!' three times. I then submerged myself seven times in Muan Sweet Water and was healed of diabetes and all its complications."

Deaconess Elena Litvina, age 57, in Russia stated, "After I dipped myself in Muan Sweet Water, my chronic headache disappeared. Moreover, I had previously not been able to draw at all, but I came to be able to draw very well like a painter afterwards. My brain cells that control creativity and artistic activities were re-created!"

Deaconess Jeongja Park, age 57, submerged herself in Muan Sweet Water Pool and heard a bang sound in her ear. Then, she was healed of ringing in her right ear that had troubled her for two years. She was even healed of serious astigmatism and headaches through Muan Sweet Water.

Senior Deaconess Eunju Kim, age 53, witnessed the appearance of Muan Sweet Water and has attended Muan Manmin Church. She confessed, "Every visitor from all over the world has humbly knelt down here regardless of race, culture, and status. They longed earnestly for the work of God and they have said that they felt the presence of God here."

Senior Pastor Dr. Jaerock Lee

“By faith Abraham, when he was tested, offered up Isaac, and he who had received the promises was offering up his only begotten son; it was he to whom it was said, ‘In Isaac your descendants shall be called.’ He considered that God is able to raise people even from the dead, from which he also received him back as a type” (Hebrews 11:17-19)

According to the Bible, God took delight in forefathers of faith who obeyed Him in any kind of situation without any human thoughts and He gave them great blessings. Abraham, especially, proved his perfect faith in God who can raise people from the dead and was called the father of faith. He enjoyed amazing blessings both in spirit and body. Let’s delve into the faith of Abraham.

### 1. Abraham believed God controls life, death, fortune, and misfortune.

#### 1) He only obeyed the Word of God.

Abraham lived around 4,000 years ago. Before God named him Abraham his name was Abram. He had no child since his wife Sarai was barren. Terah, his father, left his hometown, Ur of the Chaldeans, to enter the land of Canaan. As they went as far as Haran, they settled there.

In Haran as well as Ur of the Chaldeans, idolatry was prevalent in those days. Terah couldn’t keep his faith and followed their custom. So, God told Abram to go forth from his country and from his relatives and from his father’s house lest he be

stained with the custom of the area (Genesis 12:1). With this, the process of God’s refinement started for the purpose of making him the father of faith. And God gave a word of amazing blessing to him, saying, “You shall be a blessing” (Genesis 12:2-3).

Abram did not know where he was going, but he completely believed God and did not use his own thoughts. He simply departed in obedience to the Word of God (Hebrews 11:8). Since he believed God’s promise of blessing, he left behind all his past life without any reluctance and departed in obedience.

#### 2) He believed God controls fortune and misfortune.

Not long after Abram left his hometown, he stayed in Egypt, and there his wife Sarai was taken into the Pharaoh’s house (Genesis 12:14-15). But God struck Pharaoh and his house with great plagues because of Sarai, Abram’s wife, so he sent her back to Abram (Genesis 12:17-20).

Abram went through distress for a moment, but due to livestock, gold, and silver that Pharaoh sent to him, he became rich. His trouble turned into a blessing in both spirit and body. This experience increased his faith, and he came to rely more on God in every matter.

The 13th chapter of Genesis recounts a relevant episode between Abram and his nephew Lot. As Abram became richer and richer, so did Lot who was with him. Their possessions were so great that they were not able to remain together. There was even strife between Abram’s herdsmen and Lot’s herdsmen. Then, Abraham told Lot to choose the better land and separate from him (Genesis 13:8-9). Lot chose a seemingly better land abundant with water and left Abram.

Abram was his uncle, and Lot enjoyed prosperity thanks to him. However, Abram gave the right of choice to Lot because he believed that God controls life, death, fortune, and misfortune. That is why he could completely pursue goodness all the

time.

God said to him, “For all the land which you see northward and southward and eastward and westward, I will give it to you and to your descendants.” He also stated, “I will make your descendants as the dust of the earth, so that if anyone can number the dust of the earth, then your descendants can also be numbered” (Genesis 13:14-17). Abram’s life shows us that the most important condition for receiving blessing lies in whether God is with us or not.

#### 3) He believed God controls life and death.

Abram believed God to be the manager of all living creatures and all things. God wanted to see the evidence of his faith and make him the father of faith by revealing his faith to all people of all nations.

When Abram turned 99, God gave another name, Abraham to Abram (which means a great man) and said he would be the father of a multitude of nations. Sarai was also given a new name Sarah which means a mother of nations. God also told him that he would gain a son about that time the following year. Abraham believed it and gained Isaac at the age of 100 (Romans 4:18-22).

When he gained Isaac from his body and Sarah’s womb that were past the time of fruitfulness, he came to completely believe that the authority over life and death is in the hands of God.

Then one day, God commanded him to give his only son Isaac as a burnt offering to God (Genesis 22:2). God had promised to give him as many descendants as the stars of the heavens and the sand of the sea and said that the seed of His promise was Isaac. But He told Abraham to offer Isaac as a burnt offering. Abraham obeyed. He took Isaac to the place God had appointed. He did not feel sorrow or resentment at all. Rather he felt so grateful. His trust in God never changed.

When Abraham stretched out his

hand and took the knife to slay his son, God called him and said, “Do not stretch out your hand against the lad, and do nothing to him; for now I know that you fear God, since you have not withheld your son, your only son, from Me” (Genesis 22:12).

Abraham completely believed that God would raise Isaac from the dead to keep His promise even if he would kill him and offer him up as a burnt offering. This event proved his faith in God who controls life and death (Hebrews 11:17-19).

#### 2. Abraham became the fountain of blessing

Because he relied on God who controls life, death, fortune and misfortune in everything, God gave him blessings in every matter (Genesis 24:1). James 2:23 reads, “And the Scripture was fulfilled which says, ‘And Abraham believed God, and it was reckoned to Him as righteousness.’”

He was given a duty from God to take charge of the Upper Grave where people stayed who had been qualified to receive salvation before the resurrection of Jesus Christ (Luke 16:22). He received many other blessings. They were the results of his belief in God who controls life, death, fortune, and misfortune and of his having committed everything to God. In the end, he became the forefather of all believers, the friend of God and he received blessing of good health to enjoy longevity.

He even enjoyed the blessing of rejuvenation, so he begot six sons after he gained Isaac. He enjoyed financial blessings as well. If we truly believe and love God, we should rely only on God who controls life, death, fortune, and misfortune. This is perfect faith.

Dear brothers and sisters in Christ, if you possess faith to commit everything to God, there is no problem that cannot be solved. I pray in the name of the Lord that you will possess perfect faith, receive blessings in every matter and enjoy prosperity in everything.

**“I was healed of cataracts and hair loss!”**  
Deacon Taesung Jeong, age 75,  
Chuncheon Manmin Church

My vision was blurry due to cataracts and I had a hard time reading. But after I sprayed Muan Sweet Water into my eyes I could see things clearly. The medical check-up showed that I no longer have cataracts.

I had also suffered from indigestion after I had a gastrectomy, but after I drank Muan Sweet Water, I was healed of it as well. I was also healed of hair loss. After I sprayed the water on my hair, a lot of hair grew within a month and I came to have thick hair.

I once fell down holding a glass. A piece of broken glass went into my left palm. It damaged the nerves and ligaments. I had surgery, but the doctor said that it would be impossible to recover completely. As I continuously sprayed Muan Sweet Water, the pain was gone and the scarring healed up quickly. I recovered the sense of feeling on the hand that had been numb.

In 2017, I was healed of severe dermatitis on the back of my hand through Muan Sweet Water. I give all thanks and glory to God who gave us Muan Sweet Water.

**“My son was run over by a motor-powered trike, but he had no problem!”**  
Sister Janet Bisais, age 38,  
Cavite Manmin Church, Philippines

In September 2017, my seven-year-old son was run over by a motor-powered tricycle while playing in front of our house. It was a big accident in which the wheel ran on his right leg. However, he had no pain at all with only a small scratch. People who witnessed it were surprised to see him stay normal.

I applied Muan Sweet Water on his leg right after the accident and took him to hospital for a check-up. The result showed that not a single bone was damaged though the trike ran right over his leg. Hallelujah! As I kept applying Muan Sweet Water, the bruise disappeared and no aftereffects have been noted.

My son had hated to write letters before, so I sprayed Muan Sweet Water on his fingers with faith. He no longer hates writing!

No sign of fractures to his right thigh (on right) and his right shin (on left)

**“I was healed of leucorrhoea!”**  
Deaconess Youngsuk Yu, age 56,  
Parish 31, Manmin Central Church

I had leucorrhoea since I was a fourth grader in elementary school. The symptoms got worse over time. My mother took me for a Chinese acupuncture examination and to an herbal clinic and I also took oriental medicine. She also extracted the essence of motherwort after hearing about its effect on leucorrhoea, but it didn't work. I had to change my underclothes day and night every day and holes were often made in them due to the germs the disease carried. I had the symptoms for a long time, so I didn't even think that I could be healed of it even after I registered in Manmin.

In spring 2014, as the symptoms became worse I sprayed Muan Sweet Water three times daily. Then, suddenly blood discharged. I went to ob-gyn but the doctor said she couldn't check it because there was so much blood discharging. She told me to visit her again after it stopped. A few days later, bleeding stopped. Then, I went to the restroom and was surprised. My underwear was clean, and I have had no symptoms of leucorrhoea since, at all.

My sister was also surprised to see me receive the divine healing of leucorrhoea that I had suffered for more than 40 years and accepted the Lord. I am very happy.

**“Evil spirits went out and a baby was conceived!”**  
Pastor Keval Paul, age 32,  
Jagran Manmin Church, India

In September 2017, I learned about Manmin. Afterwards, I was provided with Muan Sweet Water by Delhi Manmin Church, India. I sprayed it for my church members and let them drink some of it. Right then, Sister Muskan (photo #1) fell backward and then woke up again. She said that she had usually felt suffocated as if she was in a pressure cooker but after she sprayed Muan Sweet Water she felt something coming out from her. She also said she came to feel very good and headaches and a pressing feeling were all gone.

Sister Sangeeta Burma (left, photo #2) had no child though she had been married for two years, but several days after she drank Muan Sweet Water she became pregnant. Her mother-in-law (right) was also set free from an evil spirit through Muan Sweet Water.

## Powerful Works Shown through Muan Sweet Water

Muan Sweet Water is a must-have for Manmin members. It is their 'spiritual household medicine' and even a 'repairman' for broken machines. They make a good use of it by faith in many parts of their lives and they have experienced the power of God the Creator through its use.

Sister Jaya Mary, age 51 (photo #1), from Chennai in India sprayed Muan Sweet Water on her peanut seeds in 2017 because the peanuts she had harvested in 2016 were so small and it was not a good harvest. As a result, she harvested very big peanuts abundantly. One day, her cow

was suffering in a difficult delivery of its calf. She fed the cow with Muan Sweet Water and it soon delivered the calf normally.

Deacon Kihyun Jeong, age 54 (photo #2) sprayed Muan Sweet Water on the wart formed on his right fourth finger every day and received Senior Pastor Dr. Jaerock Lee's prayer for the sick recorded on Automated Response System. The wart got smaller and smaller and then totally disappeared.

Deaconess Hyodeok Kim, age 40 (photo #3) sprayed Muan Sweet Water on her eyes and

double eyelids formed. Sister Younghwa Do suffered inconvenience for a week because the drain in her house was frozen in a cold wave, but the drain was cleared when she poured Muan Sweet Water into it after receiving Dr. Lee's recorded prayer. Deaconess Keumhwa Yang, age 60 from California, USA fixed her broken computer, Deaconess Yujeong Jang, age 74, a TV set, by spraying Muan Sweet Water on them and Sister Daseon Choi, age 11, regained function of her cell phone after spraying Muan Sweet Water on her phone.

# “God changed the well’s salty seawater into sweet water!”

Pastor Myeongsul Kim, Muan Manmin Church

In April 1997, I was dispatched to Muan in Jeonnam Province in God’s guidance and opened Muan Manmin Church. As many amazing works of healing occurred by the prayer of Senior Pastor Dr. Jaerock Lee, my church experienced constant revival and the number of the members increased.

So, we started to pray for the construction of a new sanctuary. It was that time that I learned about Shinwoo Spiritual Training Center. The location was more than 23,140 square meters (about 6 acres). It had many additional facilities and a beautiful view with the broad sea in sight. We had no finances, but we fasted and prayed every night with faith that if it was the will of God it would be surely done. We miraculously prepared the down payment and finally moved to the new location.

### We believed the biblical incident could happen to us.

After the relocation of the sanctuary in February 1999, we were faced with an unexpected problem: lack of a drinkable water supply.

It had been an uninhabited island which was connected

to the inland by a reclamation project. We dug a well and had access to ground water, but the water was too salty to drink. We eventually connected hoses from a neighborhood which was three kilometers away.

However, the frequent installations for the facilities caused us great financial loss and it was a really inconvenient job. Though there was a well linked to ground water which the previous owner had dug, the water from it was too salty and even bitter to drink.

We prayed for drinking water every day. One day an idea flashed through my mind like lightning. It was the work that God performed through Moses. That is, the bitter water of Marah was changed into sweet water through

Moses (Exodus 15:25).

“Absolutely! God the Creator is the same yesterday and today. Such an incident as that of Moses’ time can happen today. I’ve seen innumerable powerful works recorded in the Bible that were performed by the Senior Pastor. The answer is by the Senior Pastor; he can change salty water into sweet water!” I was assured.

We began to pray for it every night and even confessed our faith by greeting one another saying, “Salty water has changed into sweet water”. We even changed lines of a song into “Salty water has changed into sweet water!” We continued this march of faith, and I talked about this water problem to Senior Pastor whenever I visited the central church and asked him to pray for it.

### The salty water from the sea changed into sweet drinkable water

In February 2000, I heard that Senior Pastor would go into six-week mountain prayer. My church members and I offered up relay fasting and vowed prayer for him until the period ended.

For ten consecutive days beginning on the first day of his mountain prayer, rainbows appeared day and night in the sky over Muan Manmin Church.

I was convinced that the amazing and magnificent rainbows were the sign of God’s blessing that would come to us.

On March 3, Senior Pastor came back to the central church after he finished the first prayer period of ten days. I went to Seoul and offered up Friday All-night Service in the central church. After the service, I received his prayer for Evangelization Campaign that would be held

beginning the following week in our church.

While he was praying for the campaign, he suddenly prayed for the salty water to change into sweet water. I replied excitedly, “Amen!” and returned to Muan with an overflowing sense of joy.

On March 5, I said in the announcement time during Sunday Morning Service, “Since Senior Pastor prayed for the salty water to change into sweet water, the salty water has already become sweet!” All church members replied, “Amen!” and gave glory to God with a big applause. As soon as Sunday Morning Service ended, we went up to the hill where the ground water well was. We offered up praises and thanksgiving prayer. Then, we went close to the well.

July 26, 2000 Monument Unveiling Ceremony

All our eyes were fixed on the valve in the well and there was a little tension for a moment. When the valve was on, water began to gush out. All of us began to taste the water with our hands.

“Wow! Pastor Kim! It changed!” People clapped excitedly and said with an exclamation of amazement, “God! Thank You!”

### People experience spiritual works at the Muan Sweet Water Site.

Blessings continued afterwards. People were healed of diseases when they drank and used Muan Sweet Water with faith. They fulfilled their heart’s desires as well.

Overseas guests have also experienced amazing works through Muan Sweet Water. Now our Muan Manmin Church has become a holy land under the name ‘Muan Sweet Water Site of Power’ where people worldwide long to visit in order to experience spiritual works.

I give all thanks and glory to God who blessed Muan Manmin Church to become the Holy Spirit’s instrument to save countless souls in the great providence of God for the end time.
