## “It’s Wonderful to See Divine Healing Cases Being Proven by Medical Data!”

### WCDN’s 15th International Conference in Poland with 400 People from 17 Countries

From June 16th through the 17th, 2018, the World Christian Doctors Network hosted the 15th International Christian Medical Conference in Warsaw, Poland under the theme of “Spirituality, Medicine, and Science.” WCDN is an international organization of medical doctors substantiating the divine healing cases based on medical data. It annually holds medical conferences around the world.

This 15th WCDN conference was attended by approximately 400 doctors and medical professionals from 17 countries including Israel, Russia, Spain, Italy, and Bulgaria. It was simultaneously interpreted in English, Polish, Russian, and Spanish. For two days 12 healing cases and four special lectures were presented.

After a short praise and introduction session by the participants from each country, Dr. Daria Wojnar, Organizing Committee Chairperson, extended a welcome in her message. The first session was the special lecture of Dr. Andre Gasiorowski, Director of WCDN Israel. He made a speech about the life and ministry of Dr.

Jaerock Lee, Founder of WCDN, his visit to Korea, and meeting with Dr. Lee.

He stated, “I have met many Christian medical doctors and professionals as I prepared for this conference. They considered supernatural works of God important. I also thought the attendees would be inspired by many divine healing cases manifested by Dr. Jaerock Lee and by his dedications for God, the Lord, and the souls. I wanted to talk about his life, ministry, humbleness and love that I had seen and experienced firsthand. That is why I am making this speech.”

Dr. Gilbert Chae, President of WCDN delivered a welcome message and the DVD of Dr. Jaerock Lee’s powerful ministries was presented. After that, healing case presentations started in earnest. This year, there were seven healing cases of Dr. Lee’s prayer.

Dr. Lyubka Tancheva, Bulgaria, presented the healing case of cerebral hemorrhage; Dr. Olesea Tanas, Moldova, of humerus fracture; Dr. Daniel Fuentes Acosta, Mexico, of gall bladder disease; Dr. Vahe Buniatyan,

Armenia, of cardiac insufficiency; and Dr. Joonsung Kim, Korea, of vision recovery. Dr. Changkyu Yang, Korea, especially showed the healing cases of demon-possession and explained the depth of the spiritual world. His cases convinced attendees that mental and physical problems can be resolved completely when spiritual problems are resolved.

Dr. David Eu, Singapore, presented healing cases through Muan Sweet Water, which caught the eyes of the attendees. As the bitter water turned into drinkable sweet water at Marah in Exodus 15:25, the salty water from the sea in front of Muan Manmin Church changed into sweet drinkable water through Dr. Lee’s prayer. Through the Muan Sweet Water, many people have been healed of their diseases and even dying animals and plants have come back to life.

Besides, Polish doctors presented five more healing cases of peritonitis, breast cancer, cerebral hemorrhage, pituitary gland tumor, and congenital fetal abnormality through the combination of prayer and medicine. The second special session was the DVD presentation

of “The Seed of Life” produced based on Dr. Jaerock Lee’s sermon series, and the third special session was the lecture given by Dr. Gilbert Chae concerning “The Root of Diseases.”

Dr. Dmytro Krupin, Ukraine, said, “It’s interesting to couple medicine with spirituality. I now realized that healing of diseases may happen through spiritual ways.” The last lecture was given by Pastor Daniel Rozen, Coordinator of WCDN Middle East under the theme of “Past, Present, and Future of Israel.”

Dr. Daria Wojnar, Chairperson of Poland Conference Organizing Committee said, “It’s exciting to hear about God’s healing works through prayer. A variety of healing cases, special lectures for spiritual growth, and wonderful performances were all so good. I give thanks to Dr. Jaerock Lee who provided this good opportunity for us and prayed for us.”

Performers from Performing Arts Committee of Manmin Central Church praised in six languages including local language and showed amazing dance performances including Polish traditional dance.

God is the same yesterday and today. Today as ever He wants His beloved children to have nothing to do with diseases and to lead a healthy life. As there's no effect without cause, every disease has its cause. Thus, when you understand causes of diseases, it is not difficult to receive healing. Let's now delve into causes of diseases and the way to meet God who is our Healer.

## 1. Preparatory step: the faith that God wants

The Four Gospels records the ministry of Jesus. Through Him, the blind came to see, the deaf to hear, the lame to walk and jump, and the leprous to be cleansed. All kinds of diseases were healed and even the dead came back to life.

Although Jesus had such great power, not all people were healed. The result depended on whether they had God-given faith or not. When they came before Him with such faith, they could receive answers to any kind of problems (Matthew 9:18-26; Mark 10:46-52). Even if they themselves could not come to Him, their family members came on their behalf, asked with faith, and received the answers.

Mark Chapter 2 writes about a paralytic man and his friends. They were unable to get to Jesus because of the crowd. So, they removed the roof above Him and let down the pallet on which the paralytic was lying. They did so because they had faith that he would receive healing as long as he got to Jesus. Jesus saw their faith and healed the paralytic. He stood up and walked. As described in this incident, we need to prepare our vessel for receiving answers from God, and the vessel is 'faith.'

Even such diseases as are terminal and incurable in the view of medicine can be healed by the power of God. The power can make those on wheelchairs walk and jump, the blind see, and the mute speak. And people at a critical juncture between life and death can be recovered through prayer. In order to receive healing, however, we first must understand the causes of diseases first.

## 2. Causes of diseases

### 1) Sin

When God created the heavens, the earth, and all things in the beginning, there was no disease, no pain, no disaster, and no death. But after the first man Adam sinned and was sent out from the Garden of Eden, all things on the earth were cursed and many germs, viruses, and dirty things that carry diseases came to exist. Diseases caused by pollution and congenital and acquired infirmities that cause the deformity of body came into existence as well.

Exodus 15:26 reads, "If you will give earnest heed to the voice of the LORD your God, and do what is right in His sight, and give ear to His commandments, and keep all His statutes, I will put none of the diseases on you which I have put on the Egyptians; for I, the LORD, am your healer." It implies a cause of diseases is sin, and when we live by the Word of God we will have no disease and God will protect us.

Of course, there were some exceptional cases like the blind man in John Chapter 9. Except for such cases, most of diseases come from sin. Thus, you should solve the problem of sin first. That is why Jesus forgave people of their sins before He healed them of their diseases (Mark 2:5). Thus, you must repent that you did not live by the Word of God.

### 2) Violation of the order of the physical world

If you keep doing something that may damage your body, it is likely that you will have diseases. For example, you may exhaust yourself and push yourself over your physical limit. You may have irregular eating habits or overeat, or you may not be on a balanced diet. Perhaps you smoke or drink alcohol. Although you know they are bad for your health, you may not be able to control your desires or fail to take care of your body due to greed. Then, you get sick. They are all acts of violating the order of the physical world that God set, and when you violate the orders and laws for this world, you cannot receive God's protection.

You must cherish and protect your body that God gave to you and keep it holy. So, you must repent that you did not act properly in the sight of God.

### 3) Neurological or metal causes

If you are stressed out due to anxiety or worries, or if you harbor serious anger, hatred, and sorrow it can cause you to have neurological and mental disorders. Mental disorders as neurosis, psychosis, depression, and other such diseases caused by anger are the examples. Such mental diseases often lead to other physical diseases. There are also some people who become possessed by the forces of darkness when they are mentally weak and give up their thoughts and hearts.

Philippians 4:6 reads, "Be anxious for nothing, but in everything by prayer and supplication with thanksgiving let your requests be made known to God." 1 Thessalonians 5:16-18 states, "Rejoice always; pray without ceasing; in everything give thanks." Hebrews 12:14 says, "Pursue peace with all men, and the sanctification without which no one will see the Lord." When you live by the Scriptures, you will not have such mental diseases.

When you have hatred, anger, and ill feelings, you cannot forgive others and you may blame or hate them. When you cannot feel thankful and rejoice, when you complain and worry, the reason you do so usually lies in the lack of your trust in God. It is not right in the sight of God, so you have to repent of it.

### 4) The enemy devil and Satan

When people are possessed by demons or Satan, they may suffer from some diseases by demons or the devil. It usually happens in families whose members were engaged in serious idolatry. Tests and trials do not go away in such families. Such problems as diseases, physical and mental disorders, alcohol addiction, depressions, and even suicide never stop happening in such families (Exodus 20:4-5).

**“And He said, ‘If you will give earnest heed to the voice of the LORD your God, and do what is right in His sight, and give ear to His commandments, and keep all His statutes, I will put none of the diseases on you which I have put on the Egyptians; for I, the LORD, am your healer’”  
(Exodus 15:26).**

Even if you are a member of such a family, if you live by the Word of God, you can be under the protection of God. But some of you may still have a cord linked to idols without knowing it. That is, your names might have been carved on idols or idol-related objects by your parents or your ancestors. Then, you must have it removed. Only when you cut such a cord can you be set free from diseases.

Also, if one’s ancestor or a current family member committed extremely evil acts, he/she could be possessed by Satan or demons. If someone is under the work of evil spirits, though he/she professes to be a believer, it is likely that he/she has committed such evil acts that are beyond limitations. If such people are not mentally normal and could not listen to the Word nor repent for themselves, it is not that they themselves have to come to church, but their family members have to repent on behalf of them with love and receive powerful prayer with faith.

### 3. How to receive healing of diseases

#### 1) You should quickly destroy the wall of sin against God.

Isaiah 59:1-2 reads, “Behold, the LORD’s hand is not so short that it cannot save; nor is His ear so dull that it cannot hear. But your iniquities have made a separation between you and your God, and your sins have hidden His face from you so that He does not hear.” It means the reason you could not receive answer from God is because of the wall of sin between God and you. Thus, to experience His work, you should thoroughly repent of your sin first and destroy the wall of sin between God and you.

#### First, repent that you didn’t believe God and accept Jesus Christ if you have not been a Christian.

God created us and even gave His only begotten Son as atonement because of love for us (1 John 4:10). Not knowing and believing such love of His is the greatest sin of sins.

So, you should first believe that God is alive and

that when we pray He can answer and heal us. You should also repent that you did not believe God and did not accept Jesus Christ. After you accept the Lord, you will receive the Holy Spirit as a gift. Then, the fire of the Spirit will burn your diseases and cleanse you instantly.

#### Second, if you have already become a Christian, repent that you did not have true faith.

You may say you have believed, but you have to repent that you didn’t believe God and the Lord with a sincere heart in full assurance of faith. Such people are likely to rely on the worldly methods rather than God when they are faced with problems (2 Chronicles 16).

If they believe the almighty God, they will rely on God. Reliance on the worldly methods shows that the lack of their belief in God. Thus, you must repent that you did not perfectly believe Him. And you should rely on Him and show your faith. Then, He will answer your prayer.

#### Third, repent you did not keep God’s commandments.

1 John 5:3 says it is the love of God to keep His commandments, and Proverbs 8:13 reads the fear of the LORD is to hate evil. If you say you believe, love, and revere God and still live in sin, you are a liar as 1 John 2:4 says. You cannot receive any answer even if you ask God to forgive you unless you keep His commandments. When you repent that you did not keep the commandments and start living by the Word with true love for God, you can receive healing.

#### Fourth, repent that you wanted to reap without sowing before God.

If you want to receive healing and answers, you must plant seeds of faith in God (Galatians 6:7). You should plant seeds of time, efforts, and devotion. You should worship in spirit and truth, pray, work faithfully for the kingdom of God, and give tithes and offerings (Matthew 6:21). God does

not see your actions themselves but receives the fragrance of your heart in your actions. When your fragrance of faith, devotion, and love pleases God, the fruit of healing and answers will quickly come. Your heart’s desire can be fulfilled when you plant the seeds of faith more heartily.

#### 2) You must possess spiritual faith in the Lord.

Jesus did not have original sin nor commit any sin in His life, but He was whipped and shed His precious blood. It was to redeem us from all kinds of sins. Isaiah 53:5 says by His scourging we are healed. If you believe this, you should confess you have already been healed and rejoice and give thanks. Then, you will be given spiritual faith that deserves God’s answers. But the timing of answers may differ from person to person.

God works differently depending on each person’s heart and situation. If you are such a person who would lead a diligent believing life unchangingly even well after receiving healing, God may heal you though your faith is not enough to receive the answer. But some people are healed little by little as their faith grows. Such differences are made because the fundamental purpose of God’s healing is in each person’s salvation.

Also, even if you were healed, if you sin again, something worse could happen to you (John 5:14). What’s important is that you should unchangingly live by the Word of God after you are healed. When you ask with such a truthful heart, God will quickly give you the answer.

Dear brothers and sisters in Christ, there is something far more important than healing and receiving answers and blessings: God wants all people of all nations to be saved and reach heaven. I urge you to accept Jesus Christ, receive forgiveness of sin, and possess spiritual faith that God wants. I pray in the name of the Lord that by doing so you will receive answers to any plea, prayer or supplication and reach perfect salvation.

## “The biblical healing ministry by the power of God moved my heart!”

**Dr. Oleg Ostreiko, Neurosurgeon, Russia**

“I was so much blessed to hear Dr. Andre Gasiorowski’s special speech on Dr. Jaerock Lee’s life and faith (photo 1). Dr. Lee met God while on the doorstep of death and has achieved many works of God. His life was special and he has shown the extent of blessings that can be given to those who truly love God and live by His Word. I give thanks to Dr. Jaerock Lee who set a good example of true faith.”

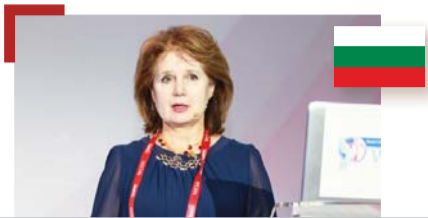

**Dr. Valeriy, Ukraine**

“I saw God’s healing works through the healing case presentations and learned a lot. I could see what kind of blessing would come to us when we rely on the power of God in the face of difficulties. I liked the presentation on Muan Sweet Water most by Dr. David Eu (photo 2). It was amazing that salty water from the sea turned into sweet drinkable water and that powerful works have been manifested through it. It is a lot more amazing to me because it is similar to accounts written in the Bible.”

# “God is alive, and He is our Healer!”

In WCDN’s 15th International Christian Medical Conference, healing works manifested by Dr. Jaerock Lee’s prayer were presented and they glorified the living God who works even today.

## Healing Case Presentation 1. Cerebral Hemorrhage

by Dr. Lyubka Tancheva, Director of WCDN Bulgaria

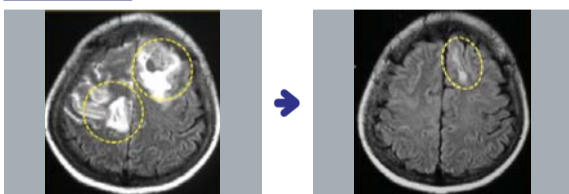

**Senior Deaconess Youngsim Lee, age 56**, Korea had constant headaches for 15 days. After she had a convulsion for a minute, her eyes were crossed and the left side of her body was paralyzed. She lost consciousness. Her CT scan showed she had a brain hemorrhage in her left frontal lobe. The next day, her MRI revealed there was bleeding in the right side of her brain’s white matter as well as the left frontal lobe.

In April 2005, it was the third day after her brain hemorrhage had occurred. Her family received Dr. Jaerock Lee’s prayer on behalf of her while she was hospitalized in ICU, and she recovered consciousness. When he prayed for her for the second time, her paralysis was loosened. After his third prayer, she was able to walk and pick up things.

On May 4, two weeks later, her MRI showed the size of her hematoma was reduced, and cerebral edema also subsided. She had her CT scan conducted nine months from the onset. It showed that her hematoma was absorbed or calcificated without leaving any brain cyst. She was healed completely.

### MRI results

▲ Brain hemorrhage was spotted in large parts on both sides of her brain, but after the prayer the hematoma disappeared.

### Dr. Lidia Kolessova, Estonia, Radiologist

“I was greatly impressed by the healing case of her brain hemorrhage. I saw the power of God! She was rushed to hospital due to brain hemorrhage but a few days after the prayer all its symptoms were gone. It cannot be explained except through the work of God by the prayer.

Cerebral hemorrhage is a very serious situation. Without proper treatment it will paralyze body parts and seriously damage health. Recovery is only through prompt surgery, but she was healed only through the prayer and the power of God. Praise the Lord!”

## Healing Case Presentation 2. Heart Failure

by Dr. Vahe Buniatyan, Director of WCDN Armenia

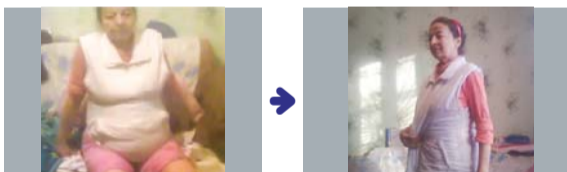

**Sister Tatiana Tabaranu, age 57**, in Moldova suffered from heart failure, hepatomegaly, corpulmonale, and circulatory disturbances. Both her legs and

her face were swollen, abdominal swelling developed, and she had difficulty breathing. The doctor said that she also had hypertrophy of the heart and the malfunction of heart had caused the diseases. He added that she would die in two weeks without appropriate treatments.

Her first son sent prayer request for her to Dr. Jaerock Lee. On December 24, 2014, Dr. Lee prayed for her during the church’s worship service by calling her name. She received the prayer watching the recorded service. Afterwards, she felt something that had blocked her heart disappearing. She felt her heart work properly and started to breathe well. The next day the swelling throughout her body subsided and she quickly recovered. By January 1, 2015, she had become perfectly normal. Before long, she was able to freely walk, move, and even jump.

### Before and after the prayer

▲ Her whole body suffered from edema due to corpulmonale, a form of pulmonary congestive heart disease and she had difficulty breathing. But after the prayer transcending space and time, edema throughout her whole body was gone.

### Dr. Boris Topor, Moldova, Topographic Anatomist

“This case is a very convincing case of divine healing. She was healed only by the prayer without any medical assistance. Her whole body was swollen due to cor pulmonale and arrhythmia, which caused her breathing disorder. She was dying but was healed by prayer! Because the biological process of swelling subsiding is very complicated, it is truly amazing that the swelling over her whole body was all gone. It’s amazing!

What’s more, Dr. Jaerock Lee prayed for her in South Korea and she received the prayer in Moldova in Europe. The healing work transcending space and time is truly the work of God!”

## Healing Case Presentation 3. Gallbladder Disease

by Dr. Daniel Fuentes, Director of WCDN Mexico

**Sister Maria Macuado, age 24**, Peru suddenly had stomachache in September 2014. Her ultrasound test showed 16.5mm gallstone in her gallbladder. She

wanted to receive healing by faith and looked back upon her past wrongdoings. Meantime, Dr. Jaerock Lee appeared in her dream and prayed for her. She was convinced of healing and had her gallbladder tested again. It confirmed the 16.5mm sized stone had disappeared. A bile duct is usually 5mm, so a gallstone cannot pass through the duct when it is bigger than the duct. But the big stone disappeared!

### Ultrasound Result

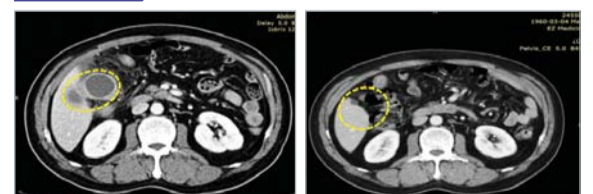

▲ Before the prayer: there was the 16.5mm gallstone in her gallbladder  
▶ After the prayer: the stone was gone after she received Dr. Lee’s prayer in her dream

### Deacon Munsang Kim, age 59, Korea

had a sudden severe stomachache in June 2017. The medical test revealed that it was gangrenous cholecystitis. The CT scan showed that his gallbladder was severely inflamed, some parts of it had eroded away, and the pus had spread. But he received Dr. Jaerock Lee’s prayer with faith and afterwards, his eroded and burst gallbladder recovered to normal. He did not take any antibiotic or painkillers.

### CT scan

▲ Before the prayer: his gallbladder had necrosis, perforation, and serious inflammatory responses  
▶ After the prayer: his gallbladder became normal after the prayer
