Preaching God the Creator and Jesus Christ With the words of life and powerful works

Manmin Central Church celebrated its 41st anniversary on October 8, 2023. It was founded with 13 people on July 25, 1982, and held its establishing service on October 10 of that year.

Wonders, miraculous signs, and countless works of power happened and

life-giving messages were preached so that the number of registered members exceeded 10,000 in February 1991. In July of that year, the General Assembly of the United Holiness Church of Jesus Christ was established. Since then, Senior Pastor Jaerock Lee and Manmin

Central Church have taken the lead in national evangelization and world mission by participating in various domestic and overseas religious events such as '92 World Holy Spirit Explosion Crusade' and '95 Jubilee Crusade for the Reunification of South and North Korea'.

From 2000, the church began to carry out world mission so actively by holding mega-sized crusades in many countries including Uganda, Pakistan, Kenya, Philippines, Honduras, India, Russia, Germany, Peru, Democratic Republic of the Congo, United States, and Estonia. In each crusade, Senior Pastor proclaimed God the Creator and Jesus Christ with explosive power of the Holy Spirit. In 2009, he declared Jesus Christ is the

Messiah in Jerusalem, Israel.

Since 2010, the church has achieved world mission in even more various ways under the wisdom of God. With the handkerchief Senior Pastor prayed on, many pastors led various healing meetings (Acts 19:11-12) all over the world and countless souls experienced the power of the living God and received salvation. And through many global networks such as GCN TV, Urim

Books, WCDN (World Christian Doctors Network), and MIS (Manmin International Seminary), God the Creator, the gospel of Jesus Christ, and the power of the Holy Spirit spread to the ends of the earth.

We give all thanks and glory to the Triune God, who is completely fulfilling the providence for Manmin through the gospel of holiness and the power of re-creation.

WORLD MISSION

Manmin Central Church is the best church Renewing the mind of people!

In 2009, when I was serving as assistant to the Minister of Natural Environment and Tourism in the Democratic Republic of the Congo, a colleague gave me a book *Tasting Eternal Life before Death*. It was Senior Pastor Jaerock Lee's testimony in which he met God with the healing of all his diseases and became a world-renowned revivalist. I was so impressed at that book and registered in Kinshasa Manmin Church.

While listening to Senior Pastor's sermons in the services of the church, I was delighted with clear explanations of God's will and really desired to live according to God's words feeling the love of God. My faith was growing little by little and one day in 2011, I happened to experience something amazing.

My wife was pregnant and the fetus was in danger, but through Senior Pastor's time-and-space-transcending prayer my daughter was born healthy. After that whenever I came across unsolved problems, I sent prayer requests to him and received answers and solutions. Through Senior Pastor's prayers, I got repeatedly promoted in public office.

It is an unforgettable testimony that the Ebola virus was eradicated in the Democratic Republic of Congo in

Elder Sebastian Impetto Fango

2014 through his prayer. As Governor of Equateur Province at the time, I was ordered by the President to use any means possible to eradicate the Ebola virus from Mbandaksa City as the Ebola virus spread, which started in the Boendesesi Zera area, about 800 kilometers away from the provincial capital, Mbandakah City.

However, there was nothing I could do so I only relied on Almighty God in prayers and sent a prayer request to Senior Pastor in South Korea. To my surprise, 15 days after he prayed there came to be no more infected case in the Democratic Republic of Congo, and the infected patients were rapidly healed. Thus, Ebola virus was finally put to an end. Hallelujah!

This gave me strong faith. I was greatly touched at Senior Pastor's powerful prayer and protection of me, and it was a radical experience in my life. I visited South Korea and met Senior Pastor in 2015, which enhanced my eagerness for spreading the gospel in my country and I practiced even more diligently.

In 2022 I was led by God to shepherd Kinshasa Manmin Church. When I pray with the handkerchief of power (Acts 19:11-12) that the Senior Pastor prayed on, diseases are healed, believers awaken spiritually, and the church is experiencing revival.

My goal is to plant as many branch churches of Manmin throughout the Democratic Republic of the Congo as possible and to let my church take the lead in spreading the gospel in Central Africa. We will be able to bear many fruits of revival in the Democratic Republic of Congo and many parts of Africa because the gospel of holiness changes people's hearts.

Senior Pastor Rev. Jaerock Lee

Father God's Heart

“And this is the message we have heard from Him and announce to you, that God is light, and in Him there is no darkness at all.”
(1 John 1:5)

As if drawing a picture on a white sheet of paper, Manmin Central Church is drawing a great picture of God's providence for the end time—leading all peoples around the world to salvation under the guidance of the Holy Spirit. The heart of Father God is vividly embedded in the past 41 years of Manmin's history. Let us look into the heart of Father God displayed through this church.

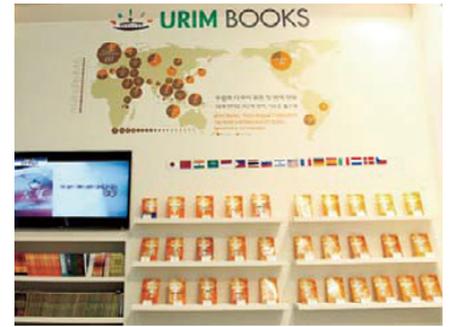

First, His heart is love.

Some Non-Christians often ask Christians the following questions: “Why did God create a terrible hell even though He is said to be a God of love?” and “Why did God place the tree of knowledge of good and evil to let people commit sins?” It is because they mistake God for a God of judgment who brings them disasters and they are afraid of Him.

However, the believers of Manmin who are born again of water and the Spirit can boldly say that God is love. This is because they have experienced abundant love of God displayed in this church. Our loving Father God has moved us from death to life and brought us out of despair to hope. He has healed the sick, made the poor rich, and reconciled unhappy families to each other.

You could also experience His love through the words of life spoken through the inspiration of the Holy Spirit. From the early days of our church, God Himself gave us numerous words containing His providence for human cultivation to gain His

true children, such as ‘Heaven and Hell,’ ‘Why is Jesus the Savior?’ ‘Why did God place the tree of knowledge of good and evil?’

Through the sermons on heaven, we could have knowledge of God's love who wants us to enjoy good things in heaven forever. Through the sermons on hell, God has guided many souls to turn away from their sins and live a faithful life in Christ.

Whenever we make the bread of life of such messages one by one, we can feel the love of Father God who wants to give only good things to His children. The Word of God contains the love of God who wants His beloved children to receive blessing and answers in their earthly lives so that those who keep and practice His Word can experience healing, enjoy good health and receive answers and material blessings (Deuteronomy 28).

This church has been dedicated to world mission to show such a great love of God to many souls around the world. We have widely spread the salvation of Jesus Christ and the holiness gospel to the world by holding overseas crusades and pastors' seminars and through GCN's worldwide broadcast and Urim Books' books and newspapers in multiple languages.

As of October 8, 2023, *The Message of the Cross* has been published in 60 languages, *Heaven I* in 38, *Heaven II* in 31, and *Hell* in 39 languages. In total, more than 112 religious books were published in Korean and translated in 66 languages, of which 720 books were printed

and 899 books published in electronic form including in English, Chinese, Spanish, Russian, Arabic, and Hebrew. Those multi-lingual books have led countless souls around the world to the path of salvation.

Countless people who have contacted Manmin's ministry through the Internet and YouTube have been transformed by the renewing of mind and received healing and answers by the gospel of holiness and manifestations of God's power.

Second, His heart is goodness.

1 John 1:5 says "This is the message we have heard from Him and announce to you, that God is Light, and in Him there is no darkness at all."

God is Light itself and full of goodness and love. He is holy, blameless, pure, undefiled, and devoid of evil. He hates evil so much exceedingly.

Father God hopes His beloved children will have no evil in their hearts (Proverbs 8:13). That's why He chose this church and through the holiness gospel He has led His beloved children to throw away evil and to resemble Him by accomplishing His goodness. As 1 Timothy 4:5 says, "for it is sanctified by means of the word of God and prayer," they should devote themselves to the word of God and prayer to sanctify their hearts.

Since this church was founded in July of 1982, the fire of prayer has not been extinguished. Daniel Prayer Meeting began in 1986 and to this day, under the guidance of President of Manmin Prayer Center, Boknim Lee, pastors, leaders, and believers have gathered in fervent prayers every night.

Manmin's worship services and prayer meetings are broadcast live through GCN and the Internet, and many believers from branch and associative churches at home and abroad attend simultaneously. They are surprised and say "Manmin Central Church is so amazing. They look like the early church where believers gathered and prayed in the sanctuary every day." In the last days, many believers from Manmin will accomplish the love and goodness of God by means of the word of God and fervent prayers and come forth as true children of God.

Third, His heart is the manifestation of power.

It is impossible to talk about the history of Manmin Central Church without mentioning the manifestations of God's power. Since the founding of the church, countless wonders, signs, and extraordinary miracles have been manifested transcending time and space.

Above all, God performed the power to move weather and aerial conditions, and it controlled temperature and stopped natural disasters such as typhoons and droughts. It is so hot in heat waves in early August in South Korea. Despite such a scorching weather we could

enjoy summer retreat in optimal temperature and excellent weather. Our retreat area was excluded from the national heat wave warning just like the land of Goshen was protected from the Ten Plagues.

When typhoons, hurricanes, and cyclones approached, they changed their courses or weakened and lost their strength, and then high waves calm down by prayers. By the power of God it rained in a long-drought land, and rain stopped in flooding land, and people were protected from volcanic eruptions and earthquakes.

In addition, demons were cast out, incurable diseases were healed, and infirmities were made whole by the power of God. As God performed extraordinary miracles through Apostle Paul in which evil spirits departed and diseases were healed through the handkerchief taken from his body (Acts 19:11-12), He is performing the same extraordinary miracle through the handkerchief I prayed on in which people are healed of diseases and fulfill their heart's desires so that they experience amazing works of the Holy Spirit and give glory to God.

What is the reason that the living God manifests such powerful works through this church? This is because God wants to announce to the whole world that He is great and glorious, the Creator worthy of glory, and the Ruler of all things.

Today, the number of those who say there is no God and despise the name of God is increasing day by day. However, the power of God is greatly manifested in this church and it is playing a role in leading those

seeking the Lord to the path to light and life like a lighthouse in this sin-drenched world. As recorded in Habakkuk 2:14, “For the earth will be filled with the knowledge of the glory of the LORD, as the waters cover the sea,” this church will testify of God the Creator to the whole world.

Dear brothers and sisters in Christ,

Shortly before opening the church, God gave me the name of this church, saying, “Call it Manmin Church. When the time comes you will go on a pilgrimage to Holy Land and find the reason that I name it ‘Manmin’, which means ‘all creation’”.

During the pilgrimage to the Holy Land in 1989, I saw All Nations Church, that is translated into ‘Manmin’ in Korean, stands on the Garden of Gethsemane, and I realized that Manmin was named by God for Him to achieve world evangelization and fulfill His plan for all peoples

of the nations. The manifestations of God’s love and goodness and power will be even greater in Manmin Central Church in the future.

I give all thanks and glory to our Father God who has been with Manmin in His grace and love until this 41st anniversary. I pray in the name of Jesus Christ that the infinite love and blessings of God will overflow upon all of you.

The Confession of Faith

1. Manmin Central Church believes that the Bible is God-breathed Word that is perfect and flawless.
2. Manmin Central Church believes in the unity and the work of God the Trinity: God the Holy Father, God the Holy Son, and God the Holy Spirit.
3. Manmin Central Church believes that we are forgiven of our sins only by the redeeming blood of Jesus Christ.
4. Manmin Central Church believes in the resurrection and ascension of Jesus Christ, His Second Advent, the Millennium, and the eternal heaven.
5. Members of Manmin Central Church confess their faith through “The Apostles’ Creed” each time they come together and believe in its content verbatim.

“[God] Himself gives to all people life and breath and all things.” (Acts 17:25)
 “And there is salvation in no one else; for there is no other name under heaven that has been given among men by which we must be saved.” (Acts 4:12)

The Construction of Grand Sanctuary Is the Vision of Manmin!

Grand Sanctuary symbolizes the fulfillment of human cultivation

The Temple of Jerusalem was built by King Solomon and it was possible through his father King David, a man after God's heart. King David loved God so much and made every preparation for building the Temple. But God let it built during the reign of his son Solomon because David shed a lot of blood in the war.

Who then is worthy of building the Grand Sanctuary to complete human cultivation in the end time? It can be constructed by God's children who have achieved sanctification with a sincere heart and complete faith and made a sanctuary of their heart.

Therefore, the Grand Sanctuary is a symbol of fulfilling God's plan of human cultivation and commemorating His victory, and will comfort His heart. It also means that God gains many children of God who are qualified to build the Grand Sanctuary on this earth.

A circular building 600 meters in diameter with its cross-shaped roof, which automatically opens and closes

The Grand Sanctuary is circular-shaped and has the twelve outer big pillars. The distance from one pillar to another pillar facing each other is 600 meters in

diameter. The underground depth is 20 meters and the height above ground is 40 meters. The overall height of the building is 60 meters and a 10-meter cross tower is built at the top of the building. So, the total height of the Grand Sanctuary is 70 meters. The circular roof of the Grand Sanctuary automatically opens and closes in cross shape.

Twelve large pillars represent the foundation stones of New Jerusalem

Twelve large pillars surround the outermost, and there are seven small pillars between each larger pillar, making a total of 96 pillars.

The twelve large pillars are made of milky-clear marble, and on the head of those pillars are carved beautiful flowers. The flowers have five petals and the stamens are encrusted with shining jewels which symbolize the twelve foundation stones of the city of New Jerusalem (Revelation 21:19-20). When they are illuminated, they emit multi-colored brilliance and make us feel celestial beauty.

Patterns of the seven small pillars symbolize the Creation

The seven small pillars between each large pillar of the Grand Sanctuary symbolize God's completion of the plan of human cultivation through the Grand Sanctuary.

The first pillar is decorated with dazzling lights across thereon like luminous gem shines even in the dark and like a rainbow reflects various colors of light through a prism, and it represents that God said "Let there be light" on the first day of Creation.

On the second pillar are the decorations and patterns that symbolize the process of the second day of Creation: God made the expanse, and separated the waters below the expanse from the waters above the expanse.

The sculptures on the third to sixth pillars represent what God created from the third day to the sixth day: beautiful plants are carved on the third pillar; the sun, the moon, and stars on the fourth; various fish and birds on the fifth; and the figures of Adam and Eve as well as livestock are carved on the sixth pillar.

The seventh pillar expresses the heart of God who rested on the seventh day after creating the heavens and the earth and all things in them. The glory and beauty of the holy God cannot be fully expressed through earthly things, but various beautiful patterns of gold and all kinds of precious stones are carved for its expression.

The specific contents of the seven pillars are concerning the lights of power granted by God in red, blue, white, and gold. The upper part of it represents the light of glory and the original light of creation. The most beautiful and bright white light illuminates various decorations and patterns throughout the

pillars.

Twelve gates remind us of the Pearl Gates of New Jerusalem

There are twelve huge gates between the twelve large pillars of the Grand Sanctuary. Each gate opens on the both side, and there are two angels carved, one

on each side, the size of the door. It is like the angels guarding the gates of New Jerusalem (Revelation 21:12-13).

Scriptures on the City of New Jerusalem are engraved on the walls between the gates, and believers who read the Scriptures are filled with the hope for New Jerusalem that is exceedingly beautiful and shining.

WORLD MISSION

Spiritual change, healing, and receiving answers by the amazing power

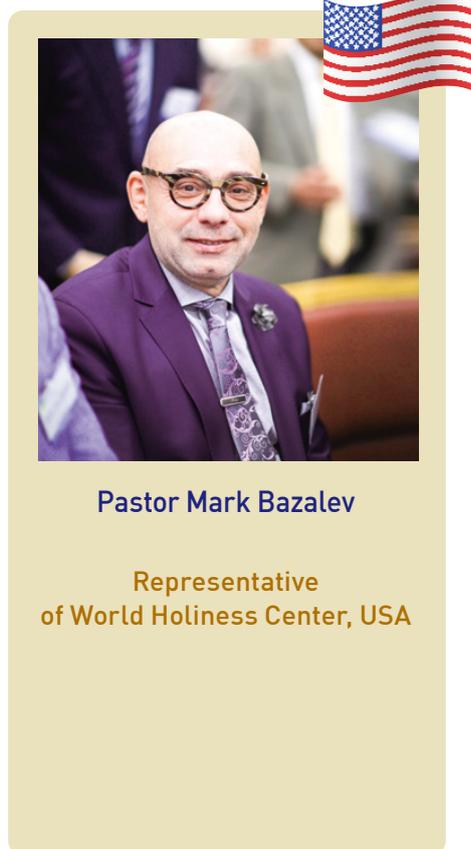

In February 2005, I first encountered Manmin Central Church's ministry at an NRB (National Religious Broadcasters) held in Los Angeles. At that time, I was trying to live a sanctified life as a Christian.

When I heard the gospel of holiness through Dr. Jaerock Lee's messages, I was very happy at the teachings that a method of sanctification is not abstract but practical and detailed and we can apply the word of God to our real life. It agreed with the teaching of sanctification I had pursued and taught me in detail how to become sanctified.

In July of 2006, New York Crusade was held at Madison Square Garden with Dr. Jaerock Lee as the speaker, which was so amazing and touching to me. The crusade brought great influence later.

Manmin Central Church's ministry did not only spread the gospel of holiness but showed amazing works of power as well so that many people were transformed by the Word and received healing and answers.

In September of 2017 I experienced God's great and amazing power. I was protected from the danger of Hurricane Irma by the power of the living God. Hurricane Irma was

Pastor Mark Bazalev

Representative
of World Holiness Center, USA

said to be incredibly powerful. Most people evacuated to other areas and stores and gas stations were closed, and the city was empty.

The hurricane was said to pass through Northport, Florida I lived in. Not a few pastors and church leaders

in the United States sent prayer requests to Dr. Jaerock Lee and he earnestly prayed for us. I trusted his prayer and stayed at the World Holiness Center without fleeing. Many people told me I should also flee, but I was certain of a miracle without any doubt.

Suddenly electric power went out and the internet was cut off. Only phone calls were available. At that time a miracle finally occurred and Irma which was passing through Naples, Florida, suddenly changed its course and its power rapidly weakened, allowing us to be protected. Hallelujah!

This enlightened me what it means to believe and trust in God and I was able to build my ministry firmly on faith.

I thank the Lord for leading me to meet Dr. Jaerock Lee and Manmin Central Church. Through this my family and my ministry have received many blessings and have borne much fruit for the kingdom of God.

The gospel of holiness saves souls, strengthens them, changes families, brings revival to churches, and transforms nations and peoples. I am very happy to participate in the ministry of spreading this precious gospel around the world.
