People Who Met God

*His grace is calmly blooming in my heart like a flower,  
His peace is permeating into my spirit like a gentle breeze.*

## ***I was healed of my fractured ankle!***

Sister Bokja Kim | 66, Suwon Special City, South Korea

In November 2024, I stepped on the wrong end of the stairs to fall down. I am usually very patient, but the excruciating pain in my right ankle was unbearable.

Despite of the passing of two months, in January of 2025, the pain did not go away, and I had to walk with a limp. People around me told me to go to the hospital, but I couldn't due to financial condition.

One day of February, I had so much severe pain at my working place and was sent to the hospital. The examination showed that my ankle had a crack and was broken. The doctor said I needed surgery right away and would have to lie down for about a month after the surgery. I was worried about the cost of the surgery, so I answered, "I will discuss it with my family," and left the hospital.

I told my cell leader what had

happened to me, and then all the cell members including her interceded for me. On March 10, I attended a Daniel prayer meeting for the fullness of the Holy Spirit in preparation of a Divine Healing Meeting, and in prayer meetings, I looked back on my past days.

I thoroughly repented of turning a deaf ear to many words I had heard, including a warning saying, "Do not be engaged in money transactions between believers." From then on, in the Sunday morning service and the evening service, the messages began to come into my heart.

On March 28, I attended a Divine Healing Meeting with a longing, and felt like Pastor Soojin Lee was giving a private counsel to me. I was so much touched at her message. While she was praying for the sick from the podium, my legs suddenly

became light and the pain in my ankle completely disappeared. After that, I no longer limped and was able to walk normally. Hallelujah!

I was also blessed with a new job that allowed me to work 5 days a week, whose place is near to my home. I give thanks and glory to God for healing and blessing me.

# ***I was healed of my rotator cuff tear and degenerative arthritis of knee joint!***

Sister Bokim Choi | 73, Gangnam-gu, Seoul, Korea

I had depended on a motorized wheelchair due to degenerative arthritis of the knees for long. In the winter of 2020, I got into a car accident and spun around on the icy road in a wheelchair. I was immediately taken to the hospital. CT and MRI scans showed that I had a rotator cuff tear in both shoulders.

The rotator cuff is a group of muscles and tendons that help stabilize and help move the shoulders. Mine was completely torn. The doctor recommended surgery, but due to my financial condition, I couldn't even think about surgery. Instead, I relied on medication, injection therapy, and a pain clinic. But my severe pain did not get better at all.

When I lifted my arms even a little bit, it made me feel numb and painful, and because my senses became dull, I had difficulty getting dressed or combing my hair. The pain got worse at night, which made it difficult to sleep, and as the fatigue and pain continued, I even developed depression. To make matters worse, I fell down the stairs, and since then I lived a hopeless and desperate life each day.

One day in November of 2024, I met a neighbor Senior Deaconess Sodam Kim. In preaching the gospel, she said to me, "Mom, let me be your daughter," and those warm words opened my heart. When she

introduced to me God's powerful works manifested through Pastor Soojin Lee, I harbored the belief that I would be healed too.

On November 13, 2024, I went to Bundang Local Sanctuary and attended Wednesday service. After the service, Pastor Deokbun Seo prayed for me, and I felt refreshed in my shoulders and the pain subsided.

The more amazing thing happened on the coming Sunday. Senior Pastor Lee delivered messages on

the Beatitudes during the Sunday morning service and gave lectures on the Book of Job during the Sunday evening service, and my soul was filled and my thirst was quenched. Every piece of her messages was deeply engraved into my heart. And to my surprise, the shoulder pain caused by the rotator cuff tear disappeared about 90%, and I was able to raise my arms and move them freely. I could even lift heavy objects.

On November 29, 2024, I attended a Divine Healing Meeting for the first time and experienced God's great grace. While listening to Speaker Pastor Soojin Lee's message, I repented of the arrogance and hatred in my heart and that I had complained of my illness and condition. At that very moment, I felt a warm and cozy light was embracing me and the pain in my legs and shoulders completely disappeared. My body felt light and my heart was filled with joy.

In January 2025, I was able to get out of my wheelchair and walk freely. I had lived a religious life for more than 60 years, but I couldn't tell what kind of life is true faith born again of the Spirit before I began attending the services of Manmin Central Church.

I give all thanks and glory to God the Father who healed me and gave me grace. Hallelujah!

# *I was healed of tinnitus!*

Brother Eonyang Jeong | 58, Gangnam-gu, Seoul, Korea

One day in 2024, I suddenly started hearing a noise in both ears. At first, I considered it as a temporary thing and didn't think much of it. But the sound didn't go away and instead got louder.

Various noises, including the sounds of car or motorcycle engines, metal being cut, sewing machines, motors running, and whirring of dental equipment were vivid as if the machines were actually running right next to my ears.

The sound didn't stop though I closed my eyes and covered my ears, and it was a great pain in my daily life. It was especially clear when I was in a quiet place or at night.

Eventually, I could hardly fall asleep without the help of alcohol. I was barely able to go to sleep every night, resulting in sleep deprivation. My concentration gradually declined, and my body and mind became exhausted.

I went to an ENT clinic and underwent various tests, and was diagnosed with tinnitus. The doctor prescribed medicine and said, "Tinnitus is not a disease that can be easily cured. Taking medicine does not guarantee your recovery."

Still, I took the medication faithfully for over two months in an attempt to hold onto even

a glimmer of hope. However, my symptoms did not get better and instead, they got worse.

On March 13, 2025, I encountered an amazing event, which was a turning point in my life. Pastor Deokbun Seo, 14th Parish Leader of Manmin Central Church, and a few others visited my house for evangelism. They told me about many cases of wonders, signs, and miracle healing works that

occurred at Manmin Central Church, and prayed for me with the handkerchief of power (Acts 19:11-12).

It happened that night. When I went to bed, there was no sound of the sewing machine, the motor, and the dental machine that had tormented me every night. All the noise was completely gone and it was so quiet. Now I was able to sleep peacefully without drinking. Hallelujah!

I went to my friend in a hurry who lived in the same apartment and told her about this amazing event. "There must be something going on in the church they go to. Now I'm really free from the noises." On March 16, my friend and I went to Bundang Local Sanctuary of the church and attended the service.

In her message, Pastor Soojin Lee emphasized the importance of goodness with the parable of 'The Three Moves of Mencius' Mother' saying, "You must see with goodness and listen with goodness." It was a great blessing to me, and since then, I have been attending Sunday services every week. I experience the living God through the Word and feel true peace in my heart.

I give all thanks and glory to God who healed me.

## Why did they divide Jesus' outer garments and cast lots for His tunic (3)

The reason that they did not tear Jesus' tunic but cast lots for it  
Israel's history and the end times prophesied in the Bible

### 3. The reason that they did not tear Jesus' tunic but cast lots for it

Tunic symbolizes one's heart. Jesus is the King of Israel, so His tunic symbolizes the hearts of the people of Israel.

The Israelites were God's chosen people and the father of Israel is Jacob who inherited the faith of Abraham. They served God, the only and true Deity. When Jesus' tunic was not torn, it means that the nation of Israel would be destroyed, but the national spirit of Israel and their heart of serving God would not perish.

Israel was destroyed and the nation disappeared. But no nation and no one has been able to take away the God in their hearts and their hearts toward God. The Scriptures prophesied this truth.

God chose the Israelites who possessed a true and unchanging heart, and sent His only begotten Son Jesus among them as recorded in the Scriptures. Even today, the Jews have a sincere heart of keeping the Law thoroughly. This is because they inherited the unchanging heart of Jacob, the ancestor of Israel.

Israel was destroyed in 70 AD and scattered around the world. But after many years, it gained independence in 1948 and amazed the whole world. In a very short period of time after independence, Israel joined the ranks

"Then the soldiers,  
when they had crucified Jesus,  
took His garments and made four  
parts, to each soldier a part,  
and also the tunic.

Now the tunic was without seam,  
woven from the top in one piece.

They said therefore among  
themselves, 'Let us not tear it,  
but cast lots for it, whose it shall be,'  
that the Scripture might be fulfilled  
which says: 'They divided  
My garments among them,  
and for My clothing they cast lots.'  
Therefore the soldiers did  
these things."

(John 19:23-24)

of advanced countries and showed the excellence of Israel.

As the Roman soldiers could not tear Jesus' tunic, so no one could take away the spirit of Israel of serving God. So, they finally rebuilt their nation and gained independence, fulfilling God's will as His Elect.

### 4. Israel's history and the end times prophesied in the Bible

In Matthew 24:32-34, Jesus said,

"Now learn the parable from the fig tree: when its branch has already become tender and puts forth its leaves, you know that summer is near; so, you too, when you see all these things, recognize that He is near, right at the door. Truly I say to you, this generation will not pass away until all these things take place."

He gave this parable when He explained to His disciples about the sign of His coming and the end of the age. This contains deep spiritual meaning.

Here, the 'fig tree' symbolizes Israel. We can see that when the leaves fall and the cold wind blows, winter is coming soon, and when the fig tree becomes tender, summer is approaching. In the same way, Israel was destroyed and disappeared but when it gained independence again, it means that the Lord's second coming is near.

We do not know exactly how long the "generation" Jesus spoke of is, but what is certain is that it will happen, and since we have already seen Israel's independence, we know that the time of His coming is near.

Therefore, the believers who wait for the Lord's second coming must be more alert, prepare enough oil, and adorn themselves as His bride so that they can confidently welcome Him, saying, "Come, Lord Jesus!"
