People Who Met God

*His grace shines like a bright sun,
His love is gently engraved into my heart.*

I was healed of the aftereffects of my spinal surgery, and now I'm able to walk!

Sister Hyeseon Jeon, 82, Yeongdeungpo-gu, Seoul, Korea

On January 1, 2024, I fell down and broke my back. I had to be hospitalized for months and discharged from the hospital after surgery. The doctor warned me to never lift heavy objects. But I had to move heavy things because I lived alone. Meanwhile I sprinkled my back again and had extreme pain like my back that had been fastened through surgery was cut off.

I went to the hospital again and the doctor said to me, "You are too old, so there is no chance for recovery. You must just endure." I felt severe pain with even a step like my whole body collapsed.

I had great difficulty lying down and getting up, and could neither sit up nor stand up.

I desired to stay with my son when I was about to die, so I was determined to move into the city. After moving there, my sister-in-law guided me to Manmin Central Church on February 23. When I first attended the service, I felt so happy at the joining of hymnal songs and so much touched at every piece of Pastor Soojin Lee's message.

She prayed for the sick after preaching, and my sister-in-law

told me to receive her prayer with faith and "Amen!" In her prayer, I continually said, "Amen! Amen!" The moment she finished her prayer, I felt cool in my back and I said to myself, "Wow! My back is so cool. No more pain!" I told my sister-in-law that I had no pain in my back at all. On that very day I registered at my church I was healed of the back pain caused by the aftereffects of surgery. Hallelujah!

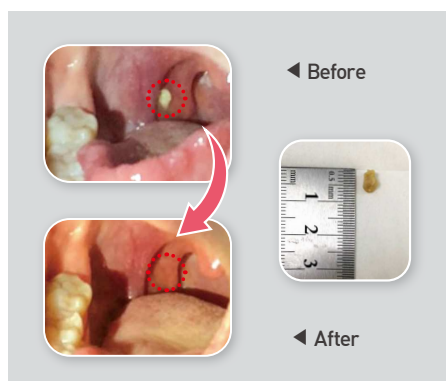

For the following three months I have felt no pain at all. And I was completely healed of depression by prayer. I have been healthy in mind and body, so those around me said I had a bright look. When I moved into Seoul I was at the gate of death, but the Lord revived me with His love and strength. I give all thanks and glory to Him!

A tonsil stone I had considered as a fish bone came out!

Sister Youngsoon Cho, 39, Geumcheon-gu, Seoul, Korea

On February 24, 2025, while having dinner, I felt like a fish bone was caught in my throat. It felt like there was something in my throat. I examined my throat before the mirror, but nothing was found. I thought it was going to be fine.

A week later, in early March, I clearly felt something hard stuck to the flesh. It felt like a stone. I searched my symptoms on the Internet, and found it was a tonsil stone.

My tonsil was swollen, and I had such a sore throat that I could hardly eat food. I was increasingly exhausted and couldn't concentrate on my work because my physical strength fell off. Something stuck in my throat devastated all the aspects of my life, and I looked back on my past days.

After coming back home from Daniel prayer meetings I would love sweets and went to bed without brushing my teeth. I thought little of self-control. And I had negative thoughts saying to myself, 'There are too many duties for me.' I uttered some words recklessly at my home and working place, and realized my thoughtless words might have hurt others' hearts.

Senior Pastor Soojin Lee delivered a message entitled with "The deeds of the body" and I was greatly blessed with it. It was not only spiritual message but brought changes in all aspects of my life including posture, speech, and habits.

Despite my busy daily schedule, on March 9, I began having a 30-minute morning prayer time, and got up 30 minutes earlier than before. At the same time, after coming back from my work, I offered a 21-day vowed prayer for my healing in preparation of a Divine Healing Meeting that was scheduled on March 28.

Three days later, on March 11, I dreamed a gentle and touching dream. In that dream I saw Senior Pastor Soojin Lee and it filled my heart with joy all the day long. Next day an amazing thing happened to me when I entered the restroom. Suddenly it felt like something prickly was about to slide down

my gullet and instinctively I spat it out on my palm. It was none other than a tonsil stone. My tonsil stone came out by a delicate touch of God. Hallelujah!

After that my sore throat was completely gone, and I was released from tonsil stone. Everything was recovered to normal and I am leading a peaceful and happy life in spirit and body. I give all thanks and glory to Father God who healed me.

Pastor Soojin Lee's 'Only the Bible' is multilingual YouTube program.

It delivers God's love letter hidden in the Scriptures and the Lord's overflowing love

Dubbed in 6 languages (English, Chinese, Japanese, Spanish, Russian, and French) and subtitled in 13 languages (English, Chinese, Japanese, Spanish, Russian, French, Urdu, Hindi, Swahili, Tamil, Romanian, and Hebrew)

** You can watch 'Only the Bible' just by scanning the QR code.

I was healed of BPPV in which I felt the globe was moving fast!

Brother Woon-gi Cho, 71, Gangdong-gu, Seoul, Korea

On Saturday, March 15, 2025, I went to a spa as usual. After coming back home, something unexpected happened to me. I felt strange and a little dizzy. With the passing of time, it went worse and worse, and I had difficulty keeping my balance.

At first, I considered it as a temporary thing due to fatigue and didn't pay attention to it. The symptoms worsened quickly and I couldn't move properly including sitting up or standing up. It felt like my body was not mine, and I couldn't move my body properly.

Next day, on Sunday, March 16, the things were even worse. Even with a little moving of my head, I felt like the world was whirling around and suffered from severe nausea. I lost my balance and seemed to fall down immediately. It was so much serious that I felt like I was riding on a merry-go-round. I became increasingly dull and scared.

Finally, I called 119 and was sent to the hospital on an ambulance. I received various tests including X-ray, MRI, and blood test, but didn't gain a clear diagnosis. They said I would have to visit the hospital again on the coming Monday because my doctor was absent.

I returned home and was reminded

of the late pastor Jaerock Lee's prayer for the sick recorded on ARS (Automated Response System). I barely played my smartphone and prayed for 30 minutes receiving his prayer from it. I looked back on my past days and tearfully repented of my lukewarm faith since the year of 2006 when I joined in Manmin Central Church. Then, I felt like the late pastor Lee came to me and laid his hand on my head in prayer.

I could manage to attend Sunday morning service via GCN TV. I was so much touched at Pastor Soojin Lee's message and when she prayed for the sick, I received it with a longing for the healing. At that very

hour, peace overshadowed my whole body, and wind and wave calmed down in my heart. Dizziness began to subside.

Next morning, to my surprise, I got up in a normal condition. I was able to keep my balance and had a clear head. I was recovered that much enough to go to my work. After that I went to the ENT clinic and got a complete medical checkup. The doctor diagnosed me with BPPV.

The doctor said that BPPV happens when calcium crystals move away and enter semicircular canals that help keep one's balance. And he said that the aggravation of the symptoms may cause them to fall down or to injure their body.

The doctor gave me a medication I had to take for a week. But I didn't take it at all because I was convinced that God had already healed me. God saw my faith and worked for me, so I was completely restored on Tuesday and able to go to my work normally.

When I entered the office that morning my fellow workers were amazed and said, "You were so much sick, but how can you come to the office so healthy?" I glorified God, saying to them, "God healed me!" Hallelujah! I give all thanks and glory to God who healed me.

Why Jesus had His hands and feet nailed through and bled?

The crucifixion was one of the cruelest executions in the Roman Empire. They crucified the condemned nailing through their hands and feet on the wooden cross. When they erected the cross, the criminal had their hands and feet torn apart by their weight and had an excruciating and deadly pain.

Jesus was blameless but endured all those sufferings on our behalf to save us. His crucifixion didn't stop at the physical pain, but the mental pain was even greater when those under the cross humiliated and ridiculed Him. He shed all His blood from the cross under the scorching sun, and harmful insects attacked Him who was severely exhausted and dehydrated.

When they said to Him, "You who are going to destroy the temple and rebuild it in three days, save Yourself! If You are the Son of God, come down from the cross," He had to endure their insults and ridicules.

But such sufferings were not His greatest pain. He felt even greater pain because many were still ignorant that He had borne all the crosses on their behalf and were going the way of eternal destruction without accepting Him in their stubborn heart.

Jesus opened the door to human salvation by paying the price of all men's sins. His crucifixion was not a mere punishment but the historical hour of the fulfillment of God's plan for human salvation. Jesus bore the

"And after twisting together
a crown of thorns,
they put it on His head,
and a reed in His right hand;
and they knelt down
before Him and mocked Him,
saying, 'Hail, King of the Jews!'
They spat on Him,
and took the reed and began
to beat Him on the head.
After they had mocked Him,
they took the scarlet robe off Him
and put His own garments
back on Him, and led Him
away to crucify Him."
(Matthew 27:29-31)

burdens of all our sins, and completed God's plan for human salvation.

The reason that Jesus had His hands and feet nailed through on the cross was to redeem us from the sins we committed with our hands and feet. People commit a lot of sins with their hands and feet. They strike others, steal, gamble, or make violence with their hands.

Anyone who has sinned are doomed to die in the body and to receive eternal punishment according to the law of the spiritual realm, saying,

"the wages of sin is death." Jesus bore all our sins and was crucified on our behalf, and died on the cross. Therefore, through His redemptive blood, we can be forgiven of the sins we have committed with our hands and feet, and we don't have to pay for it on our own.

In Mark 9:45, Jesus said, "If your foot causes you to stumble, cut it off; it is better for you to enter life lame, than, having your two feet, to be cast into hell."

However, Jesus was crucified and paid the price for all our sins and His precious blood washed away our sins that we committed with our hand and feet. That's why we have no reason to be punished that way. We can be forgiven of our sins and go the way of salvation by His redemptive grace.

Jesus' crucifixion is the sign of His love and salvation for us. We should bear His grace in our mind and repent with a sincere heart, and then turn back from the sinful way and obey the will of God. We should rely on Jesus' precious blood and follow the Spirit so that we can walk in the Light and lead a pure and obedient life.

Only then, can we reveal the glory of God in our daily life and open the door to preaching the gospel. We should bring back to our remembrance Jesus' grace and love daily and lead a holy life by the guidance of the Spirit.
