People Who Met God

*Take a moment to pause, and feel the great love of God on this path filled with the scent of flowers*

## ***“Preterm birth at 33 weeks... I gave birth to healthy twins.”***

Eun-hye Kim | Female, 31 years old, Uijeongbu, Gyeonggi-do

It was when I was about 33 weeks pregnant. On February 3rd, my stomach hurt since early morning, but without recognizing it as labor, I visited the hospital I usually went to for a routine checkup. The test results showed my blood pressure had risen to 163–170. Due to preeclampsia, I was advised to go to a larger hospital.

I immediately moved to another hospital, but even there, I was told that a transfer to a university hospital was necessary due to a shortage of pediatric medical staff. Through several

processes, I moved to a university hospital in Ilsan and gave birth to the twins. The doctor told me, "If it had been just a little later, it would have been a very dangerous situation."

The twins were about 1.8kg and 1.3kg each, and though they were premature babies born at 33 weeks—about 2 months earlier than the due date—contrary to worries, both babies were capable of self-breathing, maintained a stable condition, and ate formula well. When I met the children for the first time in a wheelchair after giving birth, seeing the babies looking very peaceful, I could feel that God's grace and pastor Soojin Lee's power had come upon them.

Looking back, prior to the delivery, on January 24th of this year, the 3rd Grand Great Parish to which I belong attended the New Year's meeting with

pastor Soojin Lee. At that time, I had received a recommendation from the hospital to take a rest because my cervical length was short, but I attended with the heart of 'not wanting to miss the time of blessing.' I asked pastor Soojin Lee to touch my stomach just once, and she personally prayed for the twins to be born healthy. I believe that through the prayer, the entire process went smoothly.

After the delivery, the babies showed such a fast recovery that the doctor said, "It is rare for premature babies to be in such good condition," and they were discharged in good health after receiving treatment in the incubator for about 3 weeks. I also returned to normal levels in blood pressure and anemia, and I am spending a healthy and happy daily life with my children. Hallelujah!

## Paralysis and pain of unknown cause have disappeared.

Catalina Corredor | Female, 27 years old, Colombia

Since January of this year, symptoms of paralysis appeared on the left side of my body. At first, the paralysis came to my face, and after that, it spread to my neck, shoulder, and hand, leading to pain and muscle weakness throughout my upper body. Headaches and decreased vision in my left eye also occurred, and I experienced abnormalities in my neurocognitive functions, such as difficulty organizing my thoughts and remembering. Gradually, my personality also changed to become introverted.

Although I was still at a young age, I experienced great difficulty not only

in daily life but also in my work life and fulfilling my mission. The hospital conducted various tests such as MRI and CT, but the exact disease name or cause was not revealed, and they only talked about the possibility of neurological problems or immune system abnormalities. I saw this time as an opportunity for blessing and looked back on my faith. While preparing for the March Divine Healing Meeting, I repented of my first love for God having cooled down and not having lived by the Word completely. I also deeply repented on the areas where I'd been faithful habitually.

At the March 27th Divine Healing Meeting, I repented with an earnest heart and sought healing. At that time, when pastor Soojin Lee prayed for the sick, I felt a strong heat coming upon my head and upper body, and that sensation of heat continued while the prayer lasted. After that, the pain on the left side of my body began to disappear gradually, and after a few weeks passed, it was completely recovered. The pain I used to feel when sitting, standing, or working was gone, and my weak body was also restored, making a normal daily life possible. Hallelujah.

## I was healed of otitis media, athlete's foot, and headache.

Yeong-ae Go | Female, 76 years old, Dongjak-gu, Seoul

In early January of this year, while wiping my ear with a cotton swab due to itchiness, I accidentally pushed it too deep, and along with extreme pain, bloody pus began to come out, and symptoms of otitis media appeared again. Actually, back in 2024, I had an experience of being healed of otitis media that had tormented me for 66 years. Due to my mistake, it recurred. I attended the Special Daniel Prayer

Meeting for the January Healing Meeting. I prayed earnestly, repenting of hating others and lacking consideration. After about a week passed, the pain in my ear gradually disappeared, and the symptoms of bloody pus stopped completely. Even though I did not rely on hospital treatment or medicine, the otitis media was perfectly healed. Hallelujah.

Not only that, but the severe athlete's foot that had afflicted my right big toe

for about 10 years also disappeared. The symptom, which was so severe that itching and bleeding repeated, was completely healed during prayer. Also, I had been suffering from severe headaches that felt like being pricked with needles, but after receiving prayer at the New Year's meeting with Pastor Soojin Lee last January, that headache also vanished completely. I give all thanks and glory to God who healed me.

**A Special Opportunity for Your Health and Happiness!**

Join us for **2026 Manmin Summer Retreat** where healing and answers overflow through the fiery works of the Holy Spirit!

**Come and watch new miracles unfold in your life!**

**Aug 3, 2026 (Mon), 7 PM**  
At the Divine Healing Meeting

Speaker:  
Senior Pastor Dr. Soojin Lee

## The ruptured eardrum, which required surgery, became normal.

Yeong-hwa Kwon | Female, 68 years old, Dongjak-gu, Seoul

On November 27, 2025, during a trip to the Philippines, I went snorkeling and dove underwater to see the fish. The moment I went deep and was looking at a school of sardines, my left ear suddenly went numb, and I heard a “pop,” like something had burst. When I finished the experience and came out of the water, blood was flowing from my left ear.

When I visited the hospital after returning to Korea, the doctor said that the left eardrum was ruptured, and since the eardrum had dried up over time, there was no other way but surgery, which would take

about 3 hours. Actually, my right eardrum also had ruptured when I was a child. But, I had an experience where the ruptured eardrum was regenerated through the prayer of Pastor Emeritus Jaerock Lee.

However, while my right eardrum was not in a whole condition, even the left was ruptured. From the doctor's perspective, it was a serious situation where if even the left ear went wrong, both ears might not hear well. At that time, there was a hollow, echoing sound in my ear, like inside an empty jar, and voices sounded as if they were echoing.

Desperately wishing to be healed by faith, I went before pastor Soojin Lee after the Sunday Evening Service on December 7th. Since I had previously experienced the works of power through the shepherd, I believed in God who is the same yesterday and today (Hebrews 13:8),

and had the confidence that 'I could be healed just by making eye contact.' The moment I greeted pastor Soojin Lee, I was deeply moved and thrilled, and a prayer of thanks came out along with the certainty of, "Wow, I must have been healed."

When I went to the hospital the next day, the doctor said, "Your eardrum is healing and reattaching well," and suggested we monitor the progress. And a week later during the re-examination, he said, "Oh! The torn eardrum has completely attached." Hallelujah! The doctor also marveled, saying it was a very rare case, and I testified that God had healed it. Even now, about 5 months later, there is no buzzing at all and I can hear normally. In a situation where I had to undergo a major surgery taking about 3 hours, Father God perfectly healed me. I give all thanks and glory to Him.

The eardrum is ruptured, with a hematoma around it

The eardrum looking normal

## Do You Have Faith Acknowledged by God? (1)

That we are saved and enter heaven, and that we receive answers through earnest prayer, are only possible when there is faith. However, this faith refers to 'spiritual faith' that is acknowledged by God. No matter how many times a person confesses with their lips, "I believe," if it is not the spiritual faith acknowledged by God, they can receive neither salvation nor answers. Then, what kind of characteristics does spiritual faith have?

### Faith of Creating Something Out of Nothing

Spiritual faith is a faith that believes entirely in the word of God as it is, even if it does not fit your learned knowledge or thoughts. Once you believe something, you hold onto it until the end no matter your reality or condition. Also, it is a faith that does not stop at mere knowledge in the head, but shows its proof through actions. If you have this kind of spiritual faith, you can receive answers through prayer even for things that seem utterly impossible for men.

The Bible defines faith as "the assurance of things hoped for, the conviction of things not seen" (Hebrews 11:1). Here, 'the assurance of things hoped for' means that you are certain of the hope which will be fulfilled as if you have already received it. So, it is ultimately revealed as reality. For example, if a person suffering from a disease possesses spiritual faith, he

"Now faith is the assurance of things hoped for, the conviction of things not seen. For by it the men of old gained approval."

Hebrews 11:1-2

will really have good health which he hopes for.

Also, 'the conviction of things not seen' means the spiritual faith and confidence by which we perceive what cannot be seen with physical eyes. With such faith, our fathers of faith actually experienced the power of God that creates something out of nothing, making the sun and moon stop, parting the Red Sea, winning in battles, or raising the dead.

A person with this kind of spiritual faith can also believe that in the beginning, God created the heavens and the earth and all things by His word. Because it is something that happened before man was created, there is no one who witnessed it, but because they believe in creation out of nothing, they do not doubt even a little. That is why in Hebrews 11:3 says, "By faith we understand that the worlds

were prepared by the word of God, so that what is seen was not made out of things which are visible." The universe and all things visible to our eyes were not made of some materials. However, most people have neither learned nor seen anything being made without any materials, so they cannot believe in creation out of nothing.

### Faith that can be possessed only when God gives it

Spiritual faith is not something you can possess just because you want it. You can possess it only as much as the measure God has allotted to each person. "For through the grace given to me I say to everyone among you not to think more highly of himself than he ought to think; but to think so as to have sound judgment, as God has allotted to each a measure of faith." (Romans 12:3)

If a person could possess spiritual faith as they please and prayers like, "God, please keep customers from going to the shop next door and bring them only to mine," or "Please let that person I hate get into a car accident," were all answered, how chaotic would the world become? Therefore, the righteous God grants the faith of receiving answers only to those who possess the proper qualifications, and such people would not even utter evil prayers in the first place.
